City Division Offers Tree Planting Help For Homeowners

MRS. J. S. MOSS, 2529 Sutton-pl, is one of the first residents in this area taking advantage of the city's street tree planting program. William Walton, city arborist, above, instructs Mrs. Moss on correct care to give the sapling.

Planting Permits Are Explained; Trees Available

Friday is Arbor Day. It comes at a time when the first warm winds of summer remind Mr. Homeowner of the value of shade trees for community comfort as well as beauty. But to the city Division of Parks and Forestry, Arbor Day is every day.

The division is quite concerned with the citizen's vernal instinct to "get out and plant a tree or two." The idea is fine, the division agrees, but with it goes a timely warning . . . "don't plant any trees or shrubs within the street dedications without obtaining a planting permit. Without a permit you may find yourself violating a city ordinance."

Lack of regulated planting, years ago, is now creating serious problems within the city's streets and alleys. Many trees are forcing streets and sidewalks out of line. Wide-spreading tree tops are crowding the buildings on narrow streets. Trees that naturally reach to 80 or 100 feet are growing under and through utility lines only 30 or 40 feet high. Weak-wooded species (willows, poplars, cottonwoods) originally bought because they were cheap and plentiful, are a real hazard when the wind blows. Oversized shrubbery and poorly located trees screen intersections, creating traffic hazards.

By issuing permits the city hopes to control these problems within its street dedications (the area between the front property line on one side of the street to the front property line on the opposite side of the street).

Local residents can benefit from an operating plan already popular in many sections of the city. To assist citizens in planting street shade trees within the street dedication the division of parks and forestry has three free services. Under this plan the division will select the variety of tree best suited to each street, will order and will plant them. The only cost to the owner of the abutting property is the wholesale cost of the trees.

"Our spring tree reservations are filled," city arborist William Walton said, "but we are beginning our list for November plantings. Probably many new property owners will want to defer their tree placements until then . . . trees become well established in fall planting. Response to our program is very enthusiastic, he added.

Work of the division, at present under Ray S. Dietz, superintendent, is visible in many Hilltop and West Side parks and streets. Setting shade trees in Hauntz Park on the Hilltop was a recent project.

Any group of individual interested in street shade tree planting this fall can get information by calling CL. 2-2118. A free talk, accompanied by colored slides is also offered as a service to club meetings.

Township Awaits Court's Decisions

Reputed US Goosedown Market Not Found By Hungarian Couple

ANYBODY WANT TO BUY goosefeathers? Mr. and Mrs. L. L. Falus, Hungarian couple, hold one of four down-filled pillows, which they brought here from their native land. Reputed by Hungarian sources to be worth $500 in this country, the feathers have proven a sad disappointment, with $2.50 being the top price offered. The Faluses brought 20 pounds, five pounds in each pillow, and anyone with feather weighing experience knows that's a lot of down!

By Shirlee Monty

When Mr. and Mrs. L. L. Falus left their native Hungary two years ago to come to America, their carefully-prepared "nest-egg" proved to be hollow!

The Falus' nest-egg consisted of 20 pounds of goosedown, which Hungarian sources estimated would be worth $500 in this "goosedown-seeking" country.

A Hungarian law carefully restricts the amount of out-going feathers to "four pillows worth." Outsmarting the poorly-worded law, which neglected to specify pillow size, the Faluses packed their 20 pounds of prized down into four comforter-sized pillows.

So armed with a few suit cases, a limited English vocabulary and 20 pounds of feathers, the Faluses landed in America to eke out a new life. The suitcases have been emptied, the vocabulary has increased, but the feathers have proven of value only on a cold night. After two years, the Faluses still haven't found a

Citizens Powerless To Act Until Court Makes Decision

A decision by the Ohio Supreme Court reversing the verdicts which had stopped incorporation of Franklin Township as a village has sent the case again into the Franklin County Common Pleas Court.

And until the issue is decided by the courts, residents of the affected area, are powerless to do anything either for or against annexation, according to Thomas Applegate, attorney for the incorporationists.

Applegate stated, "The election over the incorporation has already been held. The issue will not be returned to the people again. There is nothing at all that they can do."

Paul Wichterman, clerk of the Franklin Township Trustees, also said that the only decision will have to come from the courts. Wichterman stated:

"It is only up to the Board of Trustees to see that an election is held after a petition is presented. The petition for incorporation was presented, the election was held and now we have done everything we can.

Bronco Relay Teams Break Meet Marks

Two West High School relay teams shattered records in the high school division of the Ohio Relays held Saturday afternoon at Ohio Stadium.

The Broncos' 880-yard relay team composed of Tom Lewis, Don Kruckeberg, Jerry Reichert and Ralph Tittle covered the half-mile in one minute and 33.4 seconds breaking a mark set by East in 1955 at 1:34.3.

The mile relay team nipped nearly three seconds off of another East mark in posting a 3:28.7. The Tigers fast time was 3.31.5 set in 1958. West's mile relay team is made up of the same lads with Dick Williams substituting for Reichert.

MOWAC To Give Minstrel April 25, 26

Westsiders have a treat in store this Thursday and Friday when the MOWAC Sunday school class at West Park Methodist Church presents its annual minstrel.

The 28 cast members are composed of all ages in the class. Half are from the Hilltop, the other half from the West Side.

Cast members will black their faces and wear costumes they made. Talent from five to 50 will participate in the amateur acts, another popular feature of the minstrel.

The two-hour show will be presented on the stage in the church basement at 7:30.

MOWAC (which means Men Of West And Central) members purchase tickets and give them to the Juvenile Diagnostic Center so youngsters there may attend.

In charge of program arrangements are—Bill Coon, chorus, Les Sowers, minstrel, and Ward Dailey, amateur talent.

Admission is still 25 cents per person—the same as it was for the first MOWAC minstrel presented 15 years ago.

Tickets may be purchased from any MOWAC member or at the door. All proceeds go for charity work in the West side area.

Girl Scouting In West Hill

by *Mrs. James W. Whalen, Public Relations — District 10*

Jane Busenberg had the privilege of serving as Flag Bearer in the Flag ceremony presented by Troop 504 at the West Broad Street School Parent-Teacher Association meeting, Apr. 16.

Color Guards were Patricia Holly and Judith Nogawick, announcer Bonnie Williams, and the remainder of the troop were escorts.

Stacy Hall, newly appointed sheriff of Franklin County was the speaker of the evening.

State Fair Notes — Does your troop have State Fair material? Remember to keep it together. The Girl Scouts consider participation in the Ohio State Fair a privilege and an opportunity to share their accomplishments, interests and ideals.

A change is noted in the State Fair Premium Book: Embroidery work and huck toweling have been moved from Arts and Crafts to Homemaking Field. This makes stamped items acceptable and printed directions may be followed.

The first council meeting of the Ohio Trefoil Girl Scout Council will be held on Tuesday Apr. 30. Registration will start at 7:15 p.m., singing at 7:30 p.m., and the meeting proper will open promptly at 7:45 p.m. at the Broad Street Christian Church.

Mrs. T. D. Crawshaw, 100 S. Burgess-av, chairman, District 10 will check reservations of delegates from the district.

The council is a delegate group with adult members being represented by neighborhood chairmen, elected neighborhood delegates or alternates if the elected persons are unable to attend; members of the board, members of membership nominating committee, and the council meetings committee.

All persons who are elected to serve in the Delegate Council have a responsibility first to the entire membership and also to speak for the neighborhood they represent. Needs and wishes of the neighborhood have an important place on the council agenda.

Delegate council representative of the West Hill Neighborhood is Mrs. Richard Gaumer, 3601 Plainview-dr, alternate, Mrs. George Hiles, of 3601 Plainview-dr, and Mrs. Robert Merrick, 173 S. Burgess-av, neighborhood chairman.

The members of the city-wide Girl Scout Choir met at the Hilltop Lutheran Church again on Monday evening at 7 p.m. with Mr. Geis directing.

Remodeling Rush Underway As Spring Season Begins

Lloyd V. Smith, owner of Broadview Linoleum Co, at 2516 W. Broad-st, says "We remodel everything from a sink top to a complete kitchen."

Lloyd V. Smith

Smith, a conscientious man, sees to it he has top quality materials with which to work. He is dealer for Geneva steel and Scheirich birch cabinets, although he specializes in hard-surfaced floor and wall coverings.

The firm has been in the same location 12 years. The busy business has three men installing materials and equipment. One girl is in the office. Smith does all the selling. For the convenience of customers, he takes floor and wall samples to homes. The firm also remodels bathrooms.

Although business keeps him "always on the go," he always finds time to go fishing with his ten-year-old son Gary in their 16 foot rowboat. Occasionally they head for Lake Erie on weekends.

Smith laughed as he recalled the time a 22-inch catfish bit his wife's hook. "She got so nervous she didn't know what to do so Gary pulled it in for her. We gave him credit for the catch."

His wife Doris, who's maiden name was Boyer, graduated from West High in 1935. Smith talked enthusiastically about the big white rabbit he gave Gary two years ago for Easter. "It acts more like a dog than a rabbit. It plays with all the kids and runs all over the place" he said. The rabbit, a regular member of the Smith household now, goes in and out of the house through a shute Smith installed in the basement.

Because of cold weather, the usual rush for spring remodeling is "late this year." Lloyd said this time last year he was "pretty busy."

Broncos Gain Second Spot In City Loop

West swept into second place in the City League last week by downing East 21-3 at Harley Field for the Bronco's second loop win and fifth of the season in six games.

Senior Don Furry was the standout for West slamming out three hits, striking out 10 from the mound and allowing only three hits. He retired the last 13 Tiger batters who faced him.

Parker Brigner, Gary Link and Gene Brobeck each collected three hits. The Cowboys scored eight runs in a big third inning and six in the sixth.

New Jet Pilot

Lt. John E. Galloway

Lt. John E. Galloway, son of Mr. and Mrs. John E. Galloway, 191 Haldy-av, was graduated, Feb. 4, and received his "Wings" as a jet fighter pilot, from Laredo Air Force Base, Laredo, Tex.

Lt. Galloway was graduated from Ohio State University and received his primary training at Marana Air Force Base, Tucson, Ariz. He has been assigned to fly R.B. 50's for the 1371st Mapping and Charting Squadron at the Palm Beach Air Force Base, West Palm Beach, Fla.

Your New Tire Buying Guide
Recently the major rubber companies — Firestone, Goodyear, Goodrich and U.S. — reduced their 1st and 2nd line tires to 2nd and 3rd line levels, with a corresponding drop in quality, wtihout changing the names of their tires. Consequently these tires are not the same quality tires you received on your 1955-1956 automobiles but are of lower grade.
In order to eliminate the confusion which has resulted, the following correct up-to-date line up is being printed for your convenience.

Boat Patrol Selling Tags

Many central Ohio boat owners are making unnecessary trips to Ohio Division of Park's Columbus offices in attempt to obtain boat and motor licenses. All boat and motor licenses necessary to legally operate a boat on state lakes are on sale at lake patrol offices. This is done so that lake patrolmen may check boat dimensions upon sale of boat licenses.

One touch of scandal makes the whole world chin.

In Passing

By Esther Weakley

THE GARDEN

I'm going out to plant a garden.
I'll dig the ground my father dug;
Rake the leaves of other seasons
And break old roots with heave and tug.

I'll plant the seeds my mother gathered
From withered stalks of other years.
Marigolds to match the sunlight,
Hollyhocks in ruffled tiers.

I'll be peering toward the future
With my hands deep in the past.
Watching for tomorrow's sunlight
And drifting rain in windy blast.

When my garden is in blossom,
In each nodding head of grace
I will see the centuries waver
As they wander through the place.

Mail—From Toledo: Happy Easter! It seems like only a week ago that I was wishing you a Happy New Year . . . From Georgia: You should see Georgia now. Everything is blooming madly and the azaleas have taken over and have set the state on fire . . . From Columbus: We got company. A cousin, two or three times removed, whom I'd never met except in Mom's green plush photograph album. As cousins go (and I wish she would) she isn't bad but she is too much for me to cope with. Logan has always been her idea of a big city and when she heard that Columbus is more than twice as big as Logan she didn't believe it so she packed a pat of butter, a dozen eggs and a house dress and here she is, spryer'n ary cricket. Now she's got me talking that way. She has visited all the buildings they allow her to enter, including some she has slipped into when nobody was looking, and she has been in every store in town. She rares (maybe it's rears) back and looks at the buildings and she vows she is going to visit the Governor because she voted for him and she wants to see how he is doing. She will too. Logan will seem pretty tame to her when she lights out of Columbus, she says. We'll miss her around here. We learned more about Columbus while she was here than we did in all the 20 years we have lived here. It is a nice town when you get to know it. My feet hurt.

Dear Son

By Joseph Martell

NavSta., Norfolk,
Monday night

Dear Mom:

The other day I was called to the Personnel Office and a yeoman up there told me my orders were in and I'm going to get shipped to sea on a cruiser. I leave next week and when you hear from me again I'll write you all about the boat. I hope I get a nice room. Tomorrow I'm going downtown and buy myself a deck chair. I know that the salt air will do me a lot of good.

I'll sure be sorry to leave my buddy, Vernon Stench, but I'll meet new friends on the Cruiser as I'm sure there are some other seamen on the boat, too. I'm going to let Vernon keep by face cloth and toothbrush as he used them most of the time, anyway.

Vernon had a swell job in the mess hall working in the scullery but he had to leave his position due to illness. The Chief in Charge got sick of him.

I'll sure miss my girl here, Caylotta Clutch. She wasn't too pretty but a lot nicer looking than Vernon's girl. Carlotta had a real tricky way of doing her hair. She'd comb it from the back of her neck way up over her head until it reached his forehead. That way you didn't notice her bald spot. Vernon can't criticise her too much, though, as his girl, Oblong Crookshank, had only two teeth. Both in the front. One was for punching tickets and the other she ate peanuts with.

Vernon's mother has been in vaudeville for years. She's really great when she swallows a five foot sword. This accomplishment might not mean much to a lot of folks but you've got to take into consideration his mom is only four feet tall.

His sister was going to one of those psychiatrists for a long time for treatment as she was under the impression she was a grizzly bear. Vernon tells me she's fine now and is out of hibernation.

My girl from Portsmouth gave me the gate last week. As a matter of fact, she hung a shiner on me just because I told her that her stockings were wrinkled. How did I know she wasn't wearing any?

Well, Mom, I've got to quit here as I've got to pack my seabag and I'm sure excited. Write me soon about all the news of Chitlin' Switch.

Oh, I nearly forgot. I went to a show downtown the other night with Vernon. It was a stage show with lots of girls in it. What I didn't like about it is when the star (a lady) come out on the stage and they turn out all the lights except a purple spotlight which they shine on her. This lady, ChiChi LaTour, came racing across the stage on a white horse, leaned over and picked a handkerchief off the floor with her teeth. Everybody clapped like mad. Then for an encore she'd race back and pick up her teeth!

Write soon. Your loving
Jason.

Spring Signs In And So Do Women . . . . . On The Dotted Line

"NOW THIS I LIKE!" decides Mrs. Robert Riemer, of 3220 Homecomer dr, Grove City, as she tries on a black straw cartwheel. Several hats and minutes later, Mrs. Riemer said firmly, "I'll take it!" She said it would be her Easter bonnet.

"NOT FOR ME" says Mrs. Doris Weakley as she models one of the new tailored straws which are foshionable this year. Like most of us females, she knows what type of hat does the most for her and foshionable or not, she sticks to it.

By Barbara Villalobos

Spring means many things to many people. There's gardening and painting for the men, kites and baseball for the young un's, but for the female — be she nine or 90 — spring and a new hat are one and the same.

Choosing a new chapeau tickles the imagination of female from the first warm waft of a spring breeze to the day when she'll plop it atop her perky curls.

Buying a hat is a challenge. It's as female as lipstick and recipes. More time is consumed in choosing her bonnet than for her whole outfit combined (including hubby's and the kiddies).

Nothing is as near or dear to a woman's heart as her new hat (unless it's last year's hat). There's nothing more disastrous in the life of a woman than to see another women — particularly in a club meeting — sporting HER new hat. Saleswomen have been killed for less.

It's bad enough when she sees someone parading in a dress or coat like hers — or even her latest hairdo — but her hat? Gads! Her pride (and hat) is ruined. Of course men would look upon this as the sincerest form of a compliment.

Ladies have had a field day this year in the hat department, according to Peg Hixson, millinery buyer for Penney's at Central Point Shopping Center.

"Fabrics are better and women have a wider choice than they have had for five years," Peg observed. She admitted women like to see "something new." Pointing out the popularity of hats, Peg recalled there were only two hats left out of several hundred the day before Easter last year.

Even though milady studies the fashion magazines faithfully for the "latest" in chapeaus, chances are when all's said and done, she'll walk out with the same type of hat she's worn for years.

If she's preferred flowers and ribbons in the past, ten to one she'll wear a sugary confection in the Easter parade again. The lady who selects tailored, unadorned felts and straws will no doubt be strutting down the avenue in same.

The trend this year is toward hats reminiscent of the 30's. Side-dipping straws and soft, floppy felts are on the fashion comeback trail. Stars like Marlene Dietrich, Carole Lombard, and Greta Garbo popularized the sleek, sophisticated styles.

Garbo wore a deep, floppy felt hat (resembling the hats you see on donkeys) whenever she wanted to be "left alone."

In a hat like that, chances are she got her wish.

"WHAT A DECISION!" means Mrs. Doris Weakley, of 283 Danaav, who's knee deep in hats and price tags. Just like kids in the toy department—that's the way women feel at their favorite hat bar.

When arranging flowers, have the stems long enough that the arrangement will approximate one and a half times the height of a tall container and two to three times the height of a low container.

TO HOLD BAKE SALE

Columbus Association for Childbirth Education will have its annual bake sale at the J. C. Penney Co., Great Western Shoppers' Mart, April 27. Mrs. John Adams, 20 Norwich-st, Hilliards, is chairman of the event.

Before putting garments into the washing machine, turn pockets, cuffs, and folds of garments inside out and brush them. Chaff, lint, and metal articles can damage the machine.

"Nowadays the hand that rocks the cradle usually gets a dollar an hour."

EASTER SERVICE
by Pamela VanOrder and Linda Crawford

Easter Service, under the auspice of the Y-Teens, was held Apr. 18 during the seventh and eighth periods.

Marilyn Mindigo opened the service with a reading of the scriptures. A poem, "Let Us Rejoice", was recited by Jackie Howells. The school choir sang "In Joseph's Lovely Garden".

Mary Ellen Richmond gave the Easter meditation. Sarah Pence sang, "I Walked Today Where Jesus Walked". "Were You There?," was sung by the Girls' Chorus. The entire audience joined in singing "Christ The Lord Is Risen Today."

Easter message was given by Rev. J. E. Everett of Bellows Avenue Church of the Nazarene. Reverend Everett closed the service with benediction.

The Starling Orchestra of 38 students is conducted by Vaughn Jones. Orchestra members are: Thirteen violins, played by Jill Allison, Charles Butcher, Barbara Evans, Joe Gahn, Donna Madden, Sherry McCollough, Elouse Miller, Joy Phillips, Sharon Pitchford, Brady Russell, Gary Seesholtz, Fred Strickler and Betsy Weaver.

Fleming Sets Open House

Paul H. Fleming

Paul H. Fleming, a former Hilltopper who lived at 330 Larcomber for seven years, is owner of the new Sunoco station at 3535 Sullivant-av, which has its grand opening Friday and Saturday. In the past, one of Ohio's largest vegetable growers, he formerly operated the Evergreen Vegetable Gardens. He was associated with Sun Oil Co. last year. He lives at 1477 Harrisburg-pk with his wife Mary Kathryn and ten year-old son, Jimmy. Along with four other employees, his "No. 1 man" is Ken Gillespie. Fleming said his station operation will be as "strictly lubrication specialists." They will also feature pick up and delivery service. Green stamps will be given with every purchase.

'Y' Clubs Plan Cosmic Party

Hilltop Y.M.C.A. & Y.W.C.A. will be the scene of an entirely new type of activity at 7:30 p.m. Saturday as their monthly social function, the West Junior Y-Teen and Junior Hi-Y clubs are holding an "Outer Space Party."

The theme is to come garbed as someone or "something" from beyond the earth's atmosphere. The affair, open to members of the respective organizations, will be highlighted by a contest for the most "cosmic costume". Anything from a Superman cape to four (or more) eyes is suitable.

Plans for the evening's program are being kept under the hats of committee members, but is known that "Venusian Spring Water" will be served. The keynote is fun, and there will be games and dancing.

Chaperones are Mrs. Pat Clay, Chalmers Martin, and YWCA junior advisers, Peggy Prout and Darlene Malone.

Tickets, which include admission and refreshments, may be purchased at 35c from the party committee representative in each club or at the door.

When the Outer Space party comes back to earth at 11 p.m. a new vogue in entertainment may be set.

More Telephone Circuits Planned For Hilltop Area

The Hilltop is growing and the Ohio Bell Telephone Co. plans to accommodate this growth telephone wise.

A project is underway to provide more circuits for additional calls from the BRoadway telephone office to the CApital office downtown.

It will involve placing 22,415 feet of new underground cable in the West Side area. The BRoadway office located at Ogden and Broad serves all of the West Side.

Although the present cables are adequate for current calls, the project is planned because of the influx of telephone calls expected in the near future.

R. J. Nuessle, Commercial Manager of the Ohio Bell Co. said the project will cost $60,300. Work will start Aug. 1, '57. It will be completed Apr. 1, '58.

Schmidt Assigned To City Meeting

Robert W. Schmidt, 118 N. Powell-av, is a member of the planning committee for the first annual Community Services Institute, sponsored by the Council of Social Agencies Apr. 25, in the Southern Hotel.

The purpose of the conference is to familiarize agency board members and other community leaders with the dramatic changes which are taking place in the metropolitan Columbus area, and to show how these changes will bring about the modification and development of the community's social services. All sessions are open to the public.

PERMIT ISSUED

A permit to remodel a frame dwelling has been issued to George Stewart, 491 S. Warren-av.

Fine foliage, such as asparagus, scattered throughout an arrangement usually does not add to the artistic effect.

Interesting foliage like purple leaf plum, lamb's ear or yucca may be substituted for some or all of the flowers in an arrangement.

For Your Thoughts

Question: What do you think about the Columbus Jets?

Mrs. John Endres, 209 Terrace-av: "I don't think they can be beat. I can't attend the games because I have arthritis but I don't miss listening to one all season. I think they're going to go good this season."

Mrs. Robert E. Gordon, 837 Demarest-rd: "I go whenever I can. I thought they were pretty good last year but it's hard to say how they'll do this year. I hope good, of course."

Mrs. D. D. Freed, 633 S. Highland-av: "Well, I certainly hope they do better this year than last year. I'll go to the games if they make a good showing but they were very disappointing last year."

Mrs. Paul J. Frederick, [illegible] Westgate-av: "My husband always gets tickets to the games but I was disappointed last season. However, I think they have possibilities and I expect they'll have a better season this year."

Mrs. Robert E. Lynch, 392 Binns-blvd: "My 11-year-old son is the most vocal booster in our family but I do hope to go to an occassional game this season. And I certainly wish them the best of luck."

DO YOU REMEMBER THE "LOVE APPLE?"

Within the memory of many living people the "love apple" was considered a beautiful but poisonous plant, and the thought of eating one was a horror to contemplate. Today the "love apple" is known as the tomato — one of our most popular vegetables and an important part of our daily diets.

Similarly, enlightened people recognize the cremation memorial as a kindly, reverent way of caring for their departed loved ones, preserving their memories in keeping with highest religious traditions. The cremation memorial is one of the very finest, yet the cost may be among the lowest.

For complete information on the cremation memorial, write or telephone us for the booklet, "The Way of Nature". It will be sent without cost or obligation.

A CIRCUS

A hard-driving taximan ignored a red signal, threatened the traffic policeman's knees, missed the street island by an inch, and grazed a bus, all in one dash.

The policeman hailed him, then strolled over to the taxi, pulling a big handkerchief from his pocket en route.

"Listen, cowboy, he growled. "On your way back I'll drop this and see if you can pick it up with your teeth."

Township Awaits—

(Continued from Page 1)

"Whether the members of the Board of Trustees are for or against incorporation does not seem to matter. I don't think, however, that they have ever gone on record for or against annexation."

The decision which the courts must make this time is on the merits of a request for an injunction to halt incorporation. The injunction was filed by a Columbus police officer who lived in the affected area.

The court could grant the injunction thereby killing the incorporation proceedings, unless appealed to a higher court. The other alternative would be for the court to deny the injunction stimulating the incorporation proceedings.

If the injunction is denied, every annexation of Franklin Township since April 1954, would be invalidated.

The legal battle began after the April election in 1954 when township residents voted 1138 to 625 for incorporation. It was then that the injunction was filed to stop proceedings.

Judge Myron B. Gessaman, of the Common Pleas Court, granted the injunction on the basis that the county commissioners were already considering annexation of four tracts of the township to Columbus. This ruling was confirmed by an appeals court. Before the case reached the courts, however, the commissioners had disallowed all four annexation petitions.

The decision by the Supreme Court said that the injunction should have been denied because when the ruling was made on the suit, Feb. 1, 1956, there were no other annexation questions pending.

Judge Gessaman did not decide on the other merits of the case at the time because they became temporarily unessential when the injunction was granted.

Expressway, Interchange Means Big Change Here Soon

"In approximately ten years when the expressway program for Columbus is complete, you'll be able to drive from one end of the city to the other without stopping for a traffic light" an expressway spokesman said.

One of the first traffic projects to get underway is the Mound-Sandusky-st expressway. Demolition of homes and business places in the innerbelt area will start in October, '57.

Here are a few scenes of areas affected by the project. Take a good look — they won't be there long.

LOOKING NORTHWEST on Mound-st toward Souder-av. This is where one of the loops of the Mound-Sandusky interchange will be built.

LOOKING WEST on Mound-st where another phase on the interchange will be. The Sandusky-st expressway will cross approximately where the truck is parked.

Big Easter Egg Hunt Is A 'Hoppin' Good' Success At Hilltop Parks

HUNT'S START—The starting gun of the 13th annual Hilltop Community Council egg hunt at Westgate Park produced the above scene. Despite damp grounds, sunny weather prevailed and an estimated 3000 youngsters took part in the twin events at Glenwood and Westgate parks. Movie programs followed the egg hunt at both parks.

TOP WINNERS—Clutching the golden eggs that netted him a $5 cash prize in the big Easter Egg Hunt at Westgate Park is, center foreground, Dick Hoffman, 5, son of Mr. and Mrs. Gerald Hoffman, 140 Demorest-rd. Other youngsters pictured found silver eggs worth $1 each. From left they are Patricia Ann Thompson, 6, of 933 Racine-av; Jeffrey Case, 7, 236 Pewhatan-av; Mike Shaner, 6, of 3106 W. Mound-st; Marcia Morris, 9, of 734 S. Richardson-av; Mike Whitaker, 9, who was visiting relatives on the Hilltop; Judith Dehnart, 5, of 880 Wedgewood-dr; Janice Mitchell, 5, of 355 Binns-blvd; and Marilyn Jewitt, 4, of 254 Pewhatan-av. The adults are Jim Ford, Lions boys and girls committee, and Bob Case.

Some 3000 "small fry," four through the third grade in age, enjoyed balmy spring weather for the 13th annual Hilltop Community Council Easter Egg Hunt and Party at Glenwood and Westgate Parks on Saturday morning. At least 500 parents and older brothers and sisters "egged" the contestants on in the most orderly event of its kind in several years.

Both Mrs. Marilyn Moore, of the Glenwood Recreation Center staff, coordinator of events at Glenwood, and Bud Martin, of the Hilltop YMCA staff, coordinator at Westgate, agreed that the excellent discipline could be attributed equally to the lowered age of the participants and the assistance rendered by uniformed Campfire Girls and Girl Scouts.

Luckiest searchers were five-year-old Dick Hoffman, son of Mr. and Mrs. Gerald Hoffman, 140 Demorest-rd, who found the golden egg at Westgate; and Jeff Caborn, 6, one of twin sons of Mr. and Mrs. Loren Caborn, 317 Nashoba-av.

Their finds entitled them to $5 each the largest of 250 cash-for-egg prizes furnished by the Ohio State Journal at each park.

Primary financial assistance and manpower for egg hiding and conduct of the event at Westgate was furnished by the Hilltop Lions Club. The Hilltop Kiwanis Club assumed the same role at Glenwood. About 25 members of each service club took part. PTA mothers' committees served coffee and doughnuts to the adult workers and assisted in other details of the hunt and movie programs at both parks. Police manned loudspeaker equipped cruiser cars were also at both parks.

Hungarian Couple—

(Continued from Page 1)

"goosedown" market in America!

However, the "goosedown" experience has been pretty much forgotten by the 70-year-old couple, who have since been busy acclimating themselves to a new business, new country, new language and new life.

The old country was Hungary, the old business was a sporting goods shop and the old life was disrupted by Communist occupation in 1945.

Although the Falus' son, Otto, 35 Terrace-av, had been trying for a US reunion for many years, "moving day" didn't actually come until Feb. 1955 for the elder [illegible].

Got First Passports

Since 1948, no Hungarian passports had been issued directly to the United States. However, a 1954 law was passed, allowing persons over 65 years of age to come to this country. Consequently, the trip was assured when the Falusas received the first passport direct from Communist Hungary to the United States since 1956.

The Falusas sent their only son, Otto, to this country during World War II when he was 17. "Otto sailed the day the Germans marched into Hungary," his father recalled.

"Of course it was hard to send him away because he was our only child. However, I knew he would never live if he stayed in Hungary and as it was, most of his friends were later killed."

Otto lived with his uncle in California, attended UCLA and served in both World War II and the Korean War. He is an Ohioan by marriage. His wife, Flora, is a native of Corning and also of Hungarian descent.

Instead of a 17-year-old boy who sailed away from them in 1939, the Falusas found a 32-year-old man in 1956. They also "made acquaintance" with their daughter-in-law, 10-year-old grandson Nicolas, and welcomed the birth of a granddaughter, Alexa Sue, eight months after their arrival.

Business Ruined

Life has not always been easy for the Falusas, who hail from Budapest, Hungary. Mr. Falus saw his business ruined twice. The first time was during World War II when he lost everything as a result of the bombings.

Post war times looked good. Mr. Falus opened a modern shop, increased his staff to 26 employes and life seemed almost secure again. However, the security proved false after the Communists took over the government in 1945.

During the federalization program, Mr. Falus had two government visitors in his shop, who were not customers. Instructions were to hand over the key, take the cash register money, his hat and coat and leave his store. New owners were moving in!

Not only did they lose the shop, but they lost both of their families. Mr. Falus' five brothers and sisters were killed during the war and her relatives were all killed in Yugoslavia.

"Like most people, we were always thinking of our old age, planning for retirement. Instead we came to America nearly 70 years old and started a new life . . . and also a new business," Mr. Falus remarked.

The new life started at the first glimpse of the Statue of Liberty "when tears came to our eyes," the Falusas remembered. "I was the happiest man in the world," Mr. Falus continued," not only to see my son but to come to a free country and the best political government in the world."

[illegible] With Plastic

The new business started one week after settling down at their son's S. Terrace-av home. With a little plastic and a little imagination, Mr. Falus devised a streamlined rainhood, which fits neatly into a tiny plastic case.

Produced in their home, the rainhoods are sold in dime stores, independent department stores, beauty salons, offices and door to door. "I have even made trips to Cincinnati, Cleveland and New York to increase our sales and the trips have been profitable," Mr. Falus said.

Having sold 29,000 rainhoods since business began, the Falusas have been able to earn their own livelihood. "Which is all we want," said Mr. Falus. "We did not want to depend on a sponsor when we came, we have paid back my son for all of his help, we have an apartment on E. Fulton-st, and we only want to be financially independent."

Falusas expressed much appreciation to the American government for the passage of a social security bill, declaring persons eligible for benefits after three years. "We're so happy that next year, we can at last retire officially," Mr Falus said.

"However, my most wonderful impressions of this country are of the people," he concluded. "There is so much kindness and politeness here. The people are so well-educated. And most of all, this wonderful feeling of freedom just can't be expressed."

Dogs Caught In 'School Daze'

"CAN YOU BELIEVE IT? They've even got us going to school now! Our ABC's consist of obedience, showmanship and good grooming, and honestly, we have the most awful exams! Of course, we don't get bones anymore, for good behavior, like our grandparents did. Our fashionable pupils earn ribbons, trophies and even degrees. Yes, the day is finally here when even a dog can be a college graduate!

By Shirlee Monty

Dogs are becoming pretty well-educated these days, especially around the Merri-Wan Kennels, 4300 Alkire-rd.

Teacher is Mrs. Clarice Wanek and pupils are 25 little wire-haired terriers and English setters.

Although school days are fewer and faster for these little canine classmates, their educational ladder has as many rungs as ours. They must first pass their grade school requirements which entitle them to a companion degree.

Their next hurdle is high school, with graduates receiving a companion degree excellent. Synonomous with a BA degree is a utility degree in dogland, distinguishing the owner as a college graduate.

'Post Grad' Course Given

For the exceptionally gifted, a post-graduate course is offered, although the candidate may have to go as far as Chicago for exams. This final accomplishment in the educational echelon merits a utility with tracking degree.

Examinations come frequently for these school dogs. "In fact," Mrs. Wanek said, "you can attend a dog show within a 200-mile radius every Sunday of the year, except around the Christmas season."

Mrs. Wanek attends about three shows a month throughout the year, although she does not always "show" or enter a dog.

Canine competition is divided into "obedience" and conformation" shows. An obedience title is based on a series of exercises, such as heeling, recall, retrieving, jumping and scent discrimination.

To earn a degree, a candidate must "show" under three different judges (at three shows) and receive at least 170 of a possible 200 points from each judge. The dog must also receive at least 50 per cent in each exercise.

Top scholastic records at the Merri-Wan Kennels belong to two terriers, who have distinguished themselves by receiving 199 points in a show.

Bench champions are made at "conformation" shows where candidates are judged according to showmanship, breeding and grooming. Proud bench champion in Mrs. Wanek's class is Merri-Wan Laughing Robin, "a real performer," according to her trainer.

Although women are accused of taking "hours" to make themselves up, wire-haired terriers take literally "days!" The one who should know, Mrs. Wanek, spends 90 days grooming her terriers before they're "pretty" enough for the show ring.

Mrs. Wanek explained that a dog can be trained for only one area at a time "because they must present different personalities." For example, a "bench" competitor must look very aggressive, as if he'd like to take a bite out of his rivals, while an obedience candidate must ignore the other dogs.

Mrs. Wanek's pupils must have given many convincing performances, as they have 140 trophies and several hundred ribbons to their credit.

As training director of Columbus All-Breed Training Club, Mrs. Wanek received a tribute of her own several years ago. For "outstanding service to dogs," Mrs. Wanek received the Judy award on Jean Shea's TV program in October, 1956. The award is presented every year by Will Judy, editor of "Dog World."

Three school sessions for beginners are offered every year at the club, with the second session beginning May 8 at the Fairgrounds.

The 10-week course starts with orientation, a film, demonstrations and a social hour (not for dogs). Eight weeks of actual training follow, concluded with graduation, complete with trophies and diplomas.

The time is probably coming when it just isn't "cricket" for a dog not to be a college graduate. Life just isn't simple anymore. Not even a dog's life!

A SEASONED CHAMPION, Merri-Wan Laughing Robin shows the form which has won him many titles, trophies and ribbons. Robin has his bench title, which is based on showmanship, breeding and grooming. With him is his trainer, Mrs. Clarice Wanek, who operates the Merri-Wan Kennels, 4300 Alkire-rd.

ALTHOUGH POINTING may be instinctive for an English setter, there is still a wrong and a right way to "point." For higher education in pointing and other canine capers, the dogs attend classes at the Merri-Wan Kennels. A junior trainer at the kennels is 14-year-old Don Wanek.

Dog Honors Won By Local Kennel

Mrs. Clarice Wanek, 4300 Alkire-rd, added more honors to her massive collection of dog ribbons, awards and trophies, at the 14th annual Central Ohio Kennel Club's all-breed show Sunday.

With Judy CDX, seven-year-old wire haired fox terrier, she won the prize for scoring highest points in obedience trials as a member of Columbus All-Breed Training Club.

She also showed Ch. Merri-Wan's Laughing Robin, wire-haired fox terrier, to many best of breed wins. Jeanne Wanek, 15-year-old daughter of Mr. and Mrs. Edwin Wanek, won the junior showmanship award with one of her parents' English Setters.

There Is An Election Next Tuesday

Next Tuesday is election day . . . primaries that is . . . at which time six candidates for city council are to be nominated from seven seeking the posts.

In the race for city auditor John H. Price, incumbent, Republican is being opposed by Hilltopper Ronald E. DeVore while one candidate seeks the Democratic nomination.

The only issue is that of the proposed amendment to the city charter to provide daylight savings time from the last Sunday of April until the last Sunday of September.

It is apparent that there is little interest in the election outside the daylight savings time issue.

In any event, you owe it to yourself to take advantage of your right of expression and go to the polls next Tuesday.

Why Not Let People Decide?

Quite a word battle has been going on for some time regarding the matter of "Pay as you go television." We believe it should have a trial run.

A lot of the glamour of television has worn off and perhaps due to the fact that so many of the commercials have been so very corny.

Pay television could perhaps be piped into homes for a very small charge and very special events could be offered that are not now currently on the air without being leused up by having so many commercial breaks that you lose the pleasure of listening and seeing.

American people should be allowed to decide if they want the pay as you go plan. Certainly they won't continue to pay if they aren't satisfied.

Jackpot 'Frozen' This Week At $150

Value of the "Confederate" money jackpot unclaimed last week, is frozen today at a whopping big $150, and will remain at that figure until claimed.

Ten additional $1 insignia will still be placed on ads in ten other copies of the Hilltop Record each week.

Two Hilltop Record subscribers discovered for themselves last week that cashing in on our "Confederate" money game is just as easy as we promise. Frank Eckanrode, 1065 S. Hague-av and Harold McDaniel, 2706 Vida-pl, exchanged their copies of the Record, containing a $1 insignia each, for "Confederate" bills.

Nine more subscribers lost out on a chance to fatten their purses with "Confederate" money. Eight other copies of the newspaper contained $1 insignia and one, the lucky jackpot insignia.

"Confederate" money may be spent at face value with any merchant advertising in the current issue of the Record. All newspapers containing lucky insignia may be redeemed at The Hilltop Record office before Saturday noon.

Subscribers whose names appear on our records as having paid in advance or on his carrier boy's route book as paying customers are eligible to collect "Confederate" dollars. Employes or carriers of the Record and members of their families are excepted.

IF DOGS COULD TALK, Betsy would say, "thanks a million" to the Hilltop Lions Club. She is shown here with Stanley Doran, director of Pilot Dogs, Inc., on W. The crates, costing $250, were presented to the local institution by Hilltop Lions last week. Well ventilated, the new crates are more comfortable than wooden crates and their lightness will save on shipping costs. Yet they are as sturdy as the wooden ones formerly supplied by the club.

One Way Out Of A Hot House

EVEN "SMOKY," THE DALMATIAN mascot, doesn't want to miss this daring feat, performed by a fireman at No. 17 Enginehouse, Wheatland-av and Broad-st. The "escape by rope" performance is part of the training program for Junior Firefighters, a group of 14 to 21-year-old boys, getting first-hand observations of the techniques and skills of firefighting. Local Junior Firefighters Learn 'Ropes' Of Fighting Fires

LOGGING CALLS is part of the Junior Firefighting training, demonstrated here by Floyd Chappelear (left) and David Bryant.

JUNIOR FIREFIGHTERS watch firemen speed to fire only seconds after call was received.

FIREBOX OPERATION is explained to the Junior Firefighters by a member of the enginehouse crew.

OFF-TRAINING HOURS are spent in the basement clubroom of No. 17 Firehouse, where the boys play checkers, pingpong, read and relax. Left to right are: Jim Brannan, Jack Ledlard and Dave Wright.

DISCUSSING THEIR FORTHCOMING "CLEAN-UP" project are members (left to right): Dave Wright, Jim Brannan, Jack Ledlard, Floyd Chappelear (standing), David Bryant and Bernard Brenot, firemen.

Eighteen "would-be firemen" are learning the ABC's of fire-fighting at No. 17 Enginehouse during after-school hours.

Organized in June, 1956, as the Junior Firefighters, the boys are one of three such groups in the city. Fire prevention fire-fighting and first aid are the "Big Three" of this teen-age program.

"Fire prevention is particularly important," said Captain Ralph Lumbard, "and it spreads like 'fire' once the boys learn the hazards and precautions themselves. They tell their parents, relatives and friends, so we're actually educating many more than it seems."

Quite naturally, the fire-fighting training is "tops" with the boys and consists of films, trips to engine houses and the fire-dispatching office, fire-extinguishing techniques and explanation of the fire apparatus. Next trip will be to the communication shops, where the extensive fire communication system is maintained.

Since the firemen are on duty for 24-hour shifts, three men serve alternately as heads of the teenage firefighters. In charge of the program are George Perkins, Bernard Brenot and Delbert Smith.

Have Own Meeting Room

Weekly meetings are held in their clubroom in the Enginehouse basement. Furnished with a ping pong table, small pool table, book case, tables and chairs, the clubroom serves as an informal meeting place any day of the week.

The furniture consists of attic and garage hand-me-downs and both the basement and furnishings have been painted and renovated by club members.

Operating funds are always a problem with newly formed clubs and the firefighters are no exception. Projects have been attempted since their 25 cents weekly dues are hardly ample for their ambitious plans.

A recent candy-selling venture proved a failure, when too many of the products failed to get past the boys' mouths. With a $24 candy debt facing them, the boys launched two paper drives which netted them approximately $45.

Another disappointing venture was their coat hanger project. Assured by several businesses of a coat hanger market, the boys collected about 1,250 hangers and tied them neatly in bundles of 50.

However, their prospective buyers did an "about-face" and the boys were able to sell only 10 bundles. All selling efforts since then have proven futile and 15 bundles of hangers still occupy a clubroom corner.

The boys hope to soon finance junior firefighting uniforms, consisting of white shirt, black pants, black tie, hat and badge.

Club officers are: chief, Dave Bryant; assistant chief, Bill Brannan; captain, Jack Ledlard, and lieutenant captain, Jim Brannan.

Offer Hand in Cleanup

The boys are now joining the "clean-up Columbus" chorus. They plan to contact each minister in this area and ask for a needy family whom they might help. They would be willing to do odd jobs around the premises which the families couldn't afford to have done.

Junior firefighters is open to boys between 14 and 21 years of age. Anyone interested may contact Bill Brannan at BR. 4-9626 or Jack Ledlard at BR. 4-7903. Persons are urged not to call the fire department for information or business concerned with the club.

Common sense is the ability to detect values.

Senior Student Council Adopts Creed, 'Principals To Live By'

At a recent meeting, Senior Student Council approved a creed for senior high students. Purpose of the creed, written by Steve Parks and Shirley Anderson, is to set forth the principles which we as students should try to live by.

Creed

We, the students of West High School, realizing that cooperation is necessary in any successful activity, agree to comply with the rules of our school.

We will be courteous and respectful to all students and teachers regardless of race, religion, or background.

We will be loyal to West High School and will support its activities, maintaining high standards of scholarship, conduct, and sportsmanship.

We will be loyal to our country, and will appreciate and maintain the freedom which we are fortunate enough to have. We believe in a Supreme Being, and we realize that without faith the principles of our country would be destroyed.

We will hold it our privilege and responsibility to be a credit to West High School.

. . . adopted by the Senior Student Council of West High School on Apr. 4, 1957.

Local Food Co. Operator Starts U.S. Stamp Plan

Jack Smith, operator of the Smith Frozen Food Center, 2982 Sullivant-av, has initiated a plan to give a 10-cent U.S. Saving stamp with each $10 purchase.

Smith, who furnishes the stamp books, said it is a "worthwhile stamp plan." There will be no increase of prices because he "doesn't have the cost of printing the stamps or books or maintaining a redemption center."

The stamps, which are sold nationally, were called defense stamps during the war. They are distributed to school children who buy the stamps with leftover change from their lunches.

The books don't have to be filled to be cashed in. After they are filled, the books may be redeemed at any bank or post office for a Series E savings bond worth $25.

The Treasury Department has given its o.k. to Smith's Stamp plan..

Dacron curtains should not be tumbled or agitated in a washer. The twisting and pulling will cause wrinkles which are difficult to remove. The soak method of washing is recommended.

Flavor differences of high and low grades of eggs are carried over to mixed dishes. Better flavored baked custard and angel food cakes come from top quality eggs.

Sets New Safety Mark

Westinghouse Electric Corporation hourly employes at the Columbus appliance plant last Friday passed 1,500,000 man-hours without a lost time accident, the first time this figure has been reached.

H. W. Daley, manager of industrial relations, said "this is a particularly noteworthy achievement in a major appliance plant where there is a great deal of heavy machinery.

The plant was opened late in 1953 and present employment is 4,000.

Westinghouse Returns To 5-Day Week

Westinghouse Electric Corporation announced that its Phillipsburg plant is returning to a full five-day week this week. Half the normal work force was back on a full schedule last week.

The company went on a four-day week three weeks ago to reduce inventory build-up.

A company spokesman said the return to full schedules on all production lines was dictated by a general pick-up in the movement of Westinghouse major appliances. The Columbus plant produces refrigerators, freezers, dishwashers, electric water heaters and combination washer-dryers.

'Save Confusion, Not Daylight,' Urges Federation

"Columbus voters are urged to save a nightmare of confusion by voting 'no' on D.S.T. in the May 8 primary," so states Harold Schacht, president of the Franklin County Farm Bureau Federation.

Schacht noted that "Eastern Standard Time is the official time for the state of Ohio. Natural forces, including children's bedtime, are no respecters of man-made devices. Railroad schedules will be maintained on Standard Time. Radio and television regular programs usually have summer replacements regardless of time factors. Therefore, Daylight Saving Time can only lead to confusion, misunderstanding and inconvenience. It would seem to be a rather high price for an hour's recreation," he said.

"Just as hunters appreciate the opportunity to hunt on the farmer's property, farmers will appreciate the hunter's consideration of this hardship and his subsequent 'no' vote," Schacht said. "A 'no' vote is a positive step toward better city-farm relations."

Marine Platoon Ready For June

The United States Marine Corps is getting together a special platoon "the Spook Beckman Platoon", to leave in June.

High school seniors and all young men, in the Columbus area, who are interested may join this platoon anytime from the present until June 19. The platoon will leave Columbus then for recruit training at San Diego, California, where they will go through training together.

Those between 17 and 28 years of age who are interested may get more detailed information by contacting the Marine recruiter at Room 103, Old Post Office Building, or call CA. 1-2545.

Art Gallery Tour To View Gardens As Well As Homes

A spring event that's looked forward to eagerly by residents of Columbus is the Art Gallery's annual Tour of Homes.

It's proven in the past to be one of the gallery's most popular items on the yearly calendar.

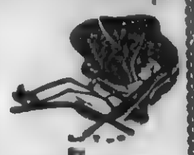
This year, the tour has grown to include an added attraction that should interest all green thumb enthusiasts.

There will be a Tour of Gardens as well as homes. Many garden clubs in and around Columbus will find this feature educational as well as entertaining.

Mrs. Jesse T. Fort of Griffin, Georgia, nationally known flower arranger and author of "Flower Arrangements For All Occasions", will co-ordinate her floral creations with the interior decor.

Haven't you ever said "I'd love to see that house on the inside" as you admired a particular home?

The tour provides a wonderful opportunity to view the interiors of homes you have admired from the outside.



It also gives you a chance to gain new and interesting decorative schemes for your own home.

The Tour of Homes and Gardens will take place May 23 from 10 a.m. to 4 p.m.

A luncheon will be served at the Scioto Country Club from noon to 2 p.m. for the convenience of those attending the tour.

Tea will be served at the gallery from 3 to 5 p.m. Flower arrangements by "Blue-Ribbonred" members of Columbus garden clubs will be in each of the tea picture galleries.

In Passing

By Esther Weakley

THE MYSTERY OF SUFFERING

Man sees a body struggling with pain,
God sees a spirit growing strong again.
Man sees but weakness; God sees new power;
A saint is learning patience with every weary hour.

Man sees but sickness and counts the healing slow;
God is rejoicing to see a loved one grow.
Man sees days wasted; God counts them gain
For faith as sweet as childhood is growing out of pain.

Man feels a sorrow rising in his breast;
God in His wisdom leads into rest.
Man sees the present; God sees the goal
And by a seeming bondage, is setting free a soul.

Man in his blindness would keep all pain away;
God in His mercy allows it on our way.
Man seeks our comfort; God seeks our good.
How precious are His dealings when rightly understood!

Secrets of a Model

As a rule, I don't interfere with the technicalities of photography, particularly when food is involved and a home economist is on hand to take care of details.

But today when I glanced inside the handsome new refrigerator we were about to photograph, I thought we would record a glaring error on film. This called for diplomacy!

I slipped over to the photographer (who happens also to be my husband) and whispered, "Hank, do something! There's a bowl of green onions in there right next to a whipped cream cake and any homemaker knows better."

Instead of being subtle, Hank embarrassed me by laughing.

"Relax," he said. "This new RCA Whirlpool refrigerator has an air purifying system that combats tainting of foods."

First chance I had I checked with the home economist. She explained how the air in the refrigerator is sanitized by an ultra-violet lamp which is designed to destroy bacteria that cause food spoilage and transfer of food tastes and odors. An air circulating system in the door distributes cold purified air every 45 seconds so that all foods are protected, even in the door storage areas.

"Hank," I said between pictures, "I would make whipped cream cake every week-end, if we . . ."

He started with a small bank in Basil, O. From there, he joined forces with City National downtown in 1947. Of his present position on W. Broad-st, he said, "I like the people and I like the Hilltop."

He has a staff of 18 at the bank all of whom are Westsiders. A "meeting room" at the bank has met with great success with local clubs and organizations. It is available to any West Side group without charge. The room has been booked solid since the bank opened.

Another popular feature of the modern bank is the drive-in service. There are three windows where drivers can make deposits and payments. The bank also features personal installment loans.

It is the only bank in Columbus with centralized bookkeeping. It allows people to make deposits or withdraw on checking accounts regardless of the office where they originally opened the account. There is no delay in the transaction being posted to their account.

A HILLTOPPER WRITES

Private Seeks Used Clothing For Orphanage In Germany

A letter has been received by this newspaper from Albert E. Heyder, 2229 Amherst-av, and presently stationed with an Army unit in Germany. The letter, directed to people living on the Hilltop, is quoted in full:

"Dear Neighbors:

The reason I am sending you this letter is to explain a project that my unit here in Germany is undertaking. It is sponsoring, jointly with the German Government, an orphanage, which I tell you might be interested in knowing about and perhaps helping us with. It is certainly one of the most worthy causes I can think of and any help you might give would be greatly appreciated and helpful.

"The orphanage which has the sole support of about 35 children, ages 3 to 11, is operated by Catholic Sisters who do the best they can to give the children a home on the limited funds available to them. The building, which houses the orphange, is an American building, formerly a dependent school that was donated by the United States government for this purpose.

"The children need clothes, shoes, and toys and the help I mentioned would be sending such items to us so that we could give them to the orphanage. We do not expect you to send anything that is new or of great value, but any children's clothes or shoes you may have discarded or no longer use.

"Germany has cold winters and it is very pathetic to see these children with badly worn clothes and shoes which could never keep them warm. Headquarters Company, Second Battalion, my unit, tries to take care of as many of these needs as possible, but the money in our fund often does not go around. What we are trying to do is encourage help from our friends and families so more of our money can be used for buying food. They need food badly and our Company fund can handle this if we have your help in clothing the children.

"At Christmas time we always have a Christmas party for the kids, and bring them over to our mess hall for a good Christmas dinner. We will be taking pictures and we will send you one so you can see the children you are helping us help. Thanks very much for your consideration. If you would care to send the children a package you can address it to me and I will see that it gets out to the orphanage. Let's work together and see that these kids are warm and have plenty to eat this winter."

Sincerely,

Pfc. Albert E. Heyder

Foster Moms, Dads Of Former State School Residents Meet

More than 40 foster "moms" and a few foster "dads" of Columbus State School residents discussed mutual problems and pleasures at their fourth annual workshop Apr. 24.

The 40 participants represented approximately half of the homes which house residents from the school "in order to give them family and community experiences, a richer and fuller life, and a chance to take their proper place in the community," according to Mrs. Mildred Sterling, supervisor of field case workers.

Afternoon sessions included three group discussions: Homes for Adults Who do not work, Homes for Working People and Homes for Children. Although the problems, questions and suggestions varied from group to group, enthusiasm did not.

Each foster parent seemed to share the same unselfish desire to help these people, to give them a good home and to help them gain a normal life.

They also seemed united in the opinion that it was very much a two-way affair. They felt that they were getting as much out of it as they were putting into it.

"My girls have shown a great response since living in my home," said Mrs. Ruth Norman, 330 S. Wayne-av, foster parent of two girls from the school. "They were very shy when they came. Now they are taking part in things and making very good citizens of themselves."

Mrs. Norman has housed the girls for two years and feels she is making a contribution to the community. "Actually, they're very little work. The only noticeable change is that I've started cooking again now that I have a family to feed!"

Mr. and Mrs. A. E. Rinehart, 2245 Sullivant-av, have provided a home for a working boy from the school for a year. "We decided to take him into the family when he was working with my son on a house," Mr. Rinehart said.

"They became great buddies and now it's like having two sons. We've enjoyed him so much that my wife would like a couple girls from the school now," he concluded.

A highlight of the morning session was the delivery of Judge Robert M. Draper's recent decision in favor of Mrs. Stella Unteed, 1124 E. Broad-st.

The city attempted to evict former patients from Mrs. Unteed's home on the basis of an old city ordinance. The ordinance forbids the use of a private home as "a sanitarium for the feeble-minded" without the proper permit.

Judge Draper's decision boiled down to two statements: Mrs. Unteed's home was not a sanitarium and her former patients were not feebleminded.

The decision was heartily approved by the 40 foster parents, who sit in the same chair as Mrs. Unteed. "As one foster mother of ten girls put it, "You might as well bury me as take my girls away. I could never stand living alone again."

Mrs. Ruth Norman

Regular general admission prices will prevail for the contest with box seats selling for $2, reserved seats for $1.50 and general admission for $1.25. Children will be admitted for 50 cents, but Jet badges, book tickets and season box tickets will not be honored.

Benefiting from the game will be the Columbus City Recreation Little League program, the Columbus Jaycees and the Pleasure Guild of Children's Hospital.

Tickets may be ordered by sending checks or money orders made payable to the Columbus Baseball Club to Jets Stadium, W. Mound st.

Registrations Due For City Ball Program

Baseball-minded lads between the ages of 8 to 12 inclusive can pick up registration blanks this week in all Columbus schools for the summer program sponsored by the Columbus Recreation Department.

Boys who wish to participate in the program should return the filled-out cards to the school by May 1. Supervision, instruction and an opportunity to play baseball are promised all lads in the [illegible].

In addition to the leadership, facilities and equipment furnished for this program by the recreation department, civic and fraternal organizations provide T-shirts for the boys playing in the various leagues.

Sponsors last year included Agonis, Bertoma, Dispatch, Southeast Lions, Hilltop Lions, Hilltop Kiwanis, Northern Lions, Northern Kiwanis, Milo-Roc-Mendel, St. Clair A.C., Elks Lodge No. 37, Eastern Kiwanis, Cavaliers' A.C., Gems A.C. and United Commercial Travelers.

Teams will be organized June 10 at various playing areas to be announced later. 1,875 boys representing 125 teams participated in the program last summer.

Parents Of Cubs See Talent Show

Cub Scouts of Hilltonia Evangelical United Brethren Church Pack 337 entertained their parents with a talent show at a meeting Apr. 26. Awards were presented by cub master Harold Alexander to the following: Den 1, Larry Long, Edward Gilham, Steve Bringardner; Den 2, Billy Rexer, Donald Hanna, Monty Chase, Raymond Sims, Robert McClane; Den 3, Larry Burchfield, Stephen Clark, Jim Alexander, Gary Burchfield, Richard Fink, Mark Leathers, John Geyer.

Den 4, Richard Sherer, Bruce Kelly, Bruce Jones; Den 5, Steven Doane, Doughlas Zeni, Terry Thomas, Robert Colby, and Barry Zeni. Presentation of a one year pin was made to Edward Gilham and a two year pin to Richard McCullough.

CORRECTION

Columbus West's mile relay team was incorrectly listed in last week's edition of the Hilltop Record as consisting of Tom Lewis, Don Kruckeberg, Jerry Reichert and Ralph Tittle. The correct listing is Tom Lewis, Don Kruckeberg, Jerry Reichert and George Tittle.

Bucs Top West In Pitchers' Duel

A seventh inning home run by pitcher Ken Early gave the Central Pirates a 1-0 edge over West last week on the Buc diamond.

Bronco pitcher Ken Clapsaddle, who picked up two hits, and first baseman Tom Armentrout were the only West players to collect safeties. The Bucs were also held to three hits with Gary DeLong, Clancy Readout and Ken Early each netting [illegible].

Falcons Beaten In Second Start

Franklin Heights lost its second straight game last week bowing to Hillsboro, 11-1, on the Hillsboro diamond. Ronnie Younkin hung up the only hit for the Falcons. Jim Norris started the game for Heights, was relieved in the fifth by Bob Pigg. Larry Borders was the catcher.

Attend the Church of your choice.

Scioto Twp. Nips Falcons On Nine Hits

Franklin Heights lost its third baseball game in as many starts Wednesday night, 8-2, at the hands of Scioto Township at Southview Field.

Heights collected two runs in the fourth and one in the seventh on seven hits. The Falcon fielders committed only four errors.

Scioto picked up three runs in the opening stanza and sewed the game up in the seventh with two more. The visitors slammed nine hits and made three errors.

Larry Abbott was the losing pitcher going the entire route with Larry Borders behind the plate.

St. Aloysius Nine Drops First Tilt

St. Aloysius dropped its opening start in the Catholic Elementary League Friday at Condy Field to St. Francis, 7-2. John Kieffer turned in a neat job of pitching for Coach Willie Manichois nine, but fielding errors enabled the winners to gain the edge. St. Aloysius meets Our Lady of Victory this Friday at 4 p.m. on the Westgate diamond.

Brigner's Smash Decides Contest Against North

West fought its way into a tie for the second place spot in the City League Friday by blasting out a 3-2 win over North on the Cowboy's diamond.

Parker Brigner delivered the big blow for the Broncos, a double to right field in the bottom of the seventh. Larry Goodin relieved Dick Reisman in the fourth and pitched hitless ball for the Cowboys.

Cowboys Finish Fifth At Relays

West won three events at the Huntington, W. Va., Relays last week to finish fifth in the high school division. The Broncho 880 and mile relay teams won as did Larry Doyle in the shot put.

Right Tools Essential To Gardening

Only a relatively few good tools, surprisingly enough, are essential for successful gardening, according to the National Retail Hardware Association.

A spade, a rake, a hoe and a trowel will do most of the jobs required by the run-of-the-mill amateur gardener. They should feel good to the gardener and should be of a weight and size equal to the strength of the user. Women should select smaller and lighter tools.

A round-nosed spade with a D-handle is the best tool for turning over hard soil or for spreading fertilizer. A longhandled spade will facilitate the digging of deep holes or turning over large chunks of soil.

One of the most versatile tools for a small garden is an ordinary hoe. Weeding, cultivating and seeding can be done with the one tool. Furrows can be opened by tilting the hoe at an angle. The same hoe will cover the seeds and tamp them. For close work, in crowded areas, a small hand scratcher is helpful.

A steel rake is best for most heavy gardening. However, one must use a steel rake with care to avoid uprooting tender plants and grass. Many gardeners do their lawn-raking with a bamboo or rubber rake.

A trowel is a handy tool for digging up seedlings and small plants and for puttering and small digging. The best trowel is the one-piece, stainless-steel variety, with a wooden handle covering a steel shank. The size and shape of the trowel should be carefully selected to fit the gardener's hand.

Once these basic tools have been purchased, the amateur gardener should add others as he needs them. Most gardeners possess a pruning shears, a hose, a grass clipper, a watering can and a wheelbarrow. These should be selected, again, with an eye to the quality and convenience.

All tools should be cleaned after each use.

Glass Cutting Operations Made Easy For Homeowner

Glass cutting is a very simple operation for the home handyman. Practice of a few helpful hints can develop your skill to the point where you will undertake glazing broken windows, cutting counter tops, glass for picture frames, shelving, etc.

For all practical purposes, a bronze bearing wheel-type cutter should be used.

Several steps should be taken before the glass cutting operation begins. First, clean the surface of the glass so it is free from dirt and water. Be certain there is solid support under the cutter.

By dipping the cutter wheel into some kerosene or similar light oil the glass can be cooled as it is being scored.

To make a satisfactory cut on glass, hold the cutter between the index finger and second finger. Both are supported by the thumb so that the tips of the fingers and thumb contact the stem of the cutter. When held in this manner, it is simple to scribe a straight line cut, starting from the farthest edge of the glass.

The flat face of the cutter should be drawn along the edge of a straight-edge that is dampened on one side to prevent slipping. Draw the cutter toward you and press down firmly and evenly in a steady stroke from one edge to another.

The cut should be opened and run before another cut is put on the glass. One cut should almost never intersect another. You should scribe and snap each cut successively.

Snapping or opening small cuts from a quarter to a half-inch in width may be effected with the use of a pair of wide jaw pliers. Line plier jaws with score. Do not attempt to cut off a strip narrower than the thickness of the glass.

When snapping larger cuts, place the ruler or yardstick under the glass at the point where it is scored and apply equal pressure on both sides of the score.

WATCH YOUR GRADES

Some home handymen make the mistake of buying the highest grade of lumber for jobs on which lower grades would do. If you choose the right grade for the right use, you can often make your lumber dollar go twice as far.

Small Ranch-Style Home Can Be Economical To Heat

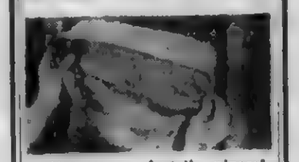
When a family buys a small, ranch-style, home, one thing they generally expect is that its compact, all-on-one-floor arrangement will make the house easy and economical to heat.

Many ranch-home owners, however, have been surprised to discover that they were paying fuel bills as high or higher than their friends and neighbors with larger homes. Investigation usually has shown the trouble to be lack of insulation.

As shown in the "profile" drawing of a typical ranch home, insulation should be installed in the complete perimeter (heavy line) of the living quarters to be most effective.

Heating and insulation engineers usually recommend two inches of mineral wool for the floors (1), if the house is built over a crawl space, or a special band of slab insulation for homes built on a concrete slab. A three-inch thickness is recommended for the walls (2), and at least four inches of mineral wool is needed between the joists above the attic ceiling (3).

When mineral wool is installed according to these recommendations, fuel bills can be reduced as much as 50 per cent, and the house will be more comfortable during all seasons of the year.



Owners of existing ranch-style houses that are not insulated generally can do part of the insulating job themselves. They can install batts or blankets of mineral wool in the attic and in the floor above the crawl space. An insulating contractor can blow mineral wool into the walls.

Garage Wall Often Steals Costly Heat

If your house has an unheated, attached garage, the wall between it and living areas of the house may be robbing you of expensive heat during the winter months. This is an area where insulation is frequently neglected. Heat escapes through this big gap in the insulation barrier and is wasted outside.

Heat often is wasted in similar fashion when living quarters are built above the garage, as they are in many split-level homes. If the garage ceiling is not insulated, heat gets away and floors are cold in the upstairs rooms.

Home-owners usually can stop heat loss in the garage area by installing mineral wool insulation themselves, using batts or blankets and a few ordinary tools.

Home-owner installs mineral wool insulation batt between studs in wall separating attached garage from living area. Batt is wedged tightly into place, and vapor barrier flange is stapled to studs on each side.

The batts and blankets go in place easily between studs on the garage side of the wall and between joists in the garage ceiling.

In homes where garage walls and ceilings have been enclosed with wallboard, plaster, or some other finishing material, mineral wool can be blown in by an insulation cotractor, forming a tight, effective barrier against heat loss.

The mineral wool also helps keep the house cooler during the hot summer months, since it blocks the passage of heat from the outside to the inside, too.

CARRIERS OF IDEAS

Books are the best carriers of ideas. They have said clearly what they wanted to say, and have preserved it for future reference better than any other communication device. You, too, can be a carrier of ideas by reading books from the Columbus Public Library.

Improvement Program Can Lead, Step-By-Step To The 'Dream Kitchen'

In the spring, when a woman's fancy turns to thoughts of modernizing her home, the kitchen is quite apt to loom first and foremost in her mind's eye. Who, indeed, could expect it to be otherwise? For her kitchen is her home-making center where she spends so much of her time.

Quite often, a completely remodelled kitchen is the objective. Finances permitting, this is all to the good. On the other hand, even if the budget does not permit doing everything at once, you can still get started forthwith on the project of up-dating your kitchen.

There are so many things (each in itself relatively inexpensive) that can be done to improve a kitchen that there is really no reason for waiting. Step by step, you can achieve your ultimate aim of a "dream kitchen," and in the meanwhile enjoy the individual improvements as they are made.

For instance, you can do wonderful things for a kitchen with color. It can make a dark room light, a big one cosy, a small one important.

Darker shades bring walls "closer," pale tones "push" them out. White, grays, blues, and greens are cool and restful. Reds, yellows, pinks, and beige are warm and cheerful. Ceilings appear taller when painted light colors, lower when a darker shade than the wall color.

Colorful Surfaces

Work surface coverings add color and can be used in the same shades as walls or in contrasting shades, as desired. Most commonly used materials are linoleum, plastics, wood or stainless steel. Linoleum is excellent for countertops because its resiliency decreases breakage. Other surfaces include tile, heat-treated glass, acid-resistant porcelain enamel, tempered pressed wood and rubber composition plastics.

If you decide to start your kitchen improvements "from the ground up," you should choose a floor covering that is both dirt and grease-resistant. Linoleum, rubber tile, asphalt tile and vinyl plastics are all good. Marbelized or jaspe linoleum is easy to care for.

Wall coverings, too, come in a variety of materials. You can use tiling, thin gauge linoleum, paint or wall paper.

Adequate cabinet space, designed and located to save time, steps and effort is basic to a modern kitchen. On the unit-by-unit replacement plan, even a modest budget will permit the improvement program to be launched at once.

Wall and base cabinet units can be arranged in scores of different ways to create a kitchen that is really "personalized."

New Gas Ranges

Appliance-wise, a new gas range may well rate top priority in your "Operation Kitchen Improvement." Today, homemakers look first of all for the top burner heat control, so that they may enjoy the luxury of automatic cooking on top-of-the-range, as well as in the oven. The minute a cooking operation is started, the top burner heat control takes over, turning every pot and pan into an automatic cooking vessel.

Also important are the extra-wide "broilers" that give the incomparable flavor of food cooked by direct flame. Ovens are correspondingly oversized and hold an incredible amount, even in 24-inch and 24-inch models, and practically every make is equipped with an automatic oven clock for "absentee" cooking.

Paneling Now Easy For Handymen

Wood paneled rooms have been removed from the luxury class and are now within the reach of those with even a modest budget.

This has resulted from the introduction of a special panel product so simple in application that it can be done by the "do-it-yourself" home craftsman.

This product is known as Plankweld, is a packaged item with ten eight-foot, 16¼ inch wide, edge-grooved hardwood panels packed in a carton together with the necessary hardware to complete installation.

To apply Plankweld you start at one corner of the room, nailing the corner edge of your first panel to the wall, using the smallest finishing nails to hold it in place.

Next you take the small specially designed metal clips found in the package, and, starting at the top, insert one into the groove of the other panel edge.

Now you hammer a nail, at an angle, through the hole in the clip, nailing into the wall, stud or furring underneath. Do this about every 19 inches down the length of the panel.

Then take the next panel, slide it into the groove of the first panel, covering the clips. Be sure the panel is firmly interlocked as you push it into place.

Next attach clips to the other edge as you did before. Do the same with the rest of the panels needed for the wall. Continue across the walls to the next corner. That's all there is to applying Plankweld. The panel surface is free of marring nail or screw heads.

The selection of Plankweld woods is varied. There are birch, oak, walnut, knotty pine, etc.

Pine Panel Door Keeps Youngsters Out Of Dutch

Keeping a watchful eye on her children without having them underfoot in the kitchen is a problem most mothers have faced. Here's one solution — a panel door of ponderosa pine cut in half to form a Dutch-style entrance to the kitchen. A shelf on top of the lower half makes a serving counter at meal times.

A Dutch door also makes an attractive, practical front or rear entrance door. It has the advantage of keeping youngsters inside while the upper half is left open for ventilation. It also permits the housewife to talk to callers without inviting them into the house.

Panel doors of ponderosa pine that can be converted to a Dutch-style door are available as stock doors from building material dealers.

Dutch-style doors also can be used effectively on a child's room, or play room. With the bottom half closed, the youngster can be confined without feeling imprisoned.

Many families use the Dutch door as a novelty entrance to a recreation room, or as an opening onto a patio.

FULL LENGTH MIRRORS

Full-length mirrors are almost a "must" in the modern home; usually they are placed in the doors on bedroom and coat closets, where they facilitate "last minute check-ups" of attire by family and guests.

Amateur 'Do-It-Yourself' Enthusiasts Make The Home Of Their Dreams Come True

Mr. and Mrs. Oakley "Jim" Poff, 378 Josephine-av, have subscribed whole-heartedly to the "do-it-yourself" trend. They built a house. Some of the heavier, more skilled work was contracted, but the couple did most of the actual building themselves. Their one-floor, ranch style home, above, of gray shingles with white trim and maroon roof, is the result of these efforts. The red brick planter adds a note of color.

Warm tones of five shades of bricks blend into the colorful fireplace wall of the spacious 14 by 21 foot living room. Beige-rose carpeting is complemented by soft green walls in both the living and dining rooms. The davenport and the chair at the left of the fireplace are upholstered in a lighter shade of the same rose color and the chair at the right is in self-striped green. Drapes in both rooms repeat accent colors of brown, green, gold and bittersweet on a natural background. Shadow box dividers between the two rooms are used to display prized china and pottery. Fir woodwork is used throughout the house.

Amateur Builders Construct Own Modern One-Floor Home

by Betty Daft
photos by Groom

Years of planning, careful consideration to each detail and rejection of many ideas before a final plan is accepted goes into any house when it is built to serve as the builders' home. The owners know exactly how their dream home will look; where each window and door will be placed long before the house becomes a reality.

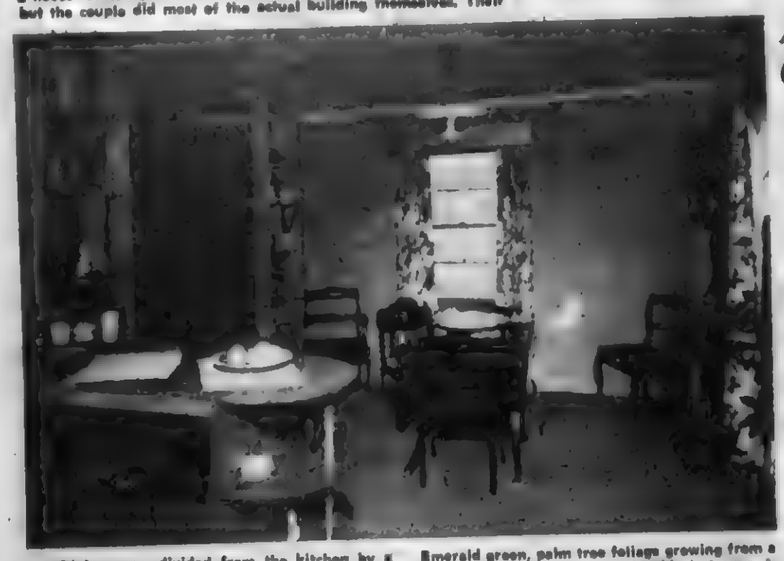
Mr. and Mrs. Poff, 378 Josephine-av, went a step farther than most new home owners. They not only planned their home, they actually built it.

The Poffs lived at 370 Josephine-av, in the house where Mrs. Poff had been born. They owned ground right next door, knew exactly what they wanted and finally, in a spirit of "Nothing ventured nothing gained," started to build.

Three months and hundreds of back-breaking work-hours later, their house was completed.

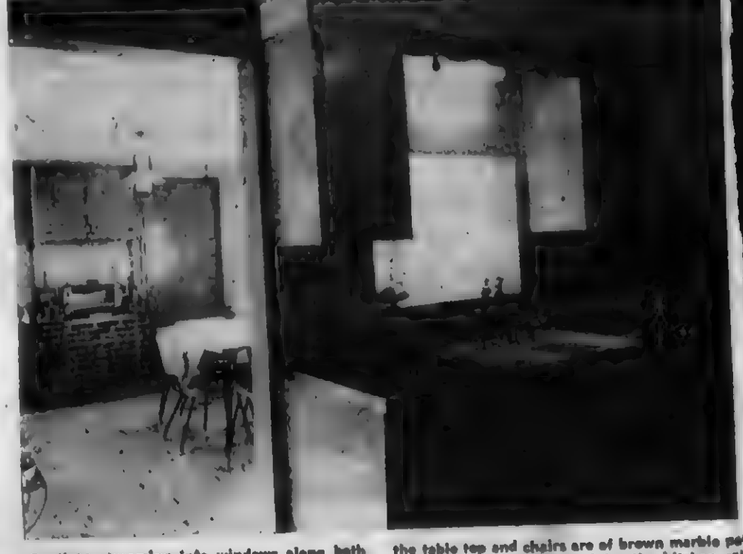
With the exception of a few heavy, technical jobs, they did all the construction themselves. They freely admit they were stymied by a problem many times, but a friend always came to their rescue with some expert advice.

During the construction Mrs. Poff, who was a novice at building, found herself doing such unlikely tasks as putting on all the shingles and helping her husband lay hardwood floors and in putting on the roof.



Mr. Poff, an employee of Columbus and Southern Ohio Electric Co. for the past 35 years, continued at his job, working on the house during his hours at home. He expects to retire in another five years.

The couple has systematically replaced their furniture with new pieces as lovely and modern as their home. New furniture in the master bedroom is of fruitwood. Walls are turquoise and drapes and spreads in pastel pink.



The back bedroom, occupied by their son, James Wolfe until his marriage last May, is furnished in warm maple with sandalwood walls and drapes of rose and brown denim plaid. Both rooms have wall-length wardrobes with louvred, sliding doors.

Coral rose fixtures in the bathroom accent gold walls and deep green; marbelized floor covering. Plenty of storage space for linens is built into the walls.

Plans for the future include the addition of a patio at the back of the house and planting of many flowers, mostly roses, in front and along the tall, basket-weave fence of red cedar across the back of the lot.

Dining area, divided from the kitchen by a breakfast bar, is furnished with polished mahogany Duncan Phyffe drop-leaf table and chairs. Emerald green, palm tree foliage growing from a coconut brought back from Florida last year, is a brilliant color note.

Sunlight streaming into windows along both sides of the enclosed breezeway makes the room ideal for a cooking and eating area. The blended brick fireplace, built for charcoal cooking, has been converted by the installation of a marble slab top, for electric rotisserie broiling. Yellow walls are accented with cafe curtains of yellow and deep turquoise on a white background, and the table top and chairs are of brown marble pattern. Natural birch is used for the kitchen cabinets and work surfaces are covered with deep red formica. The floor is covered with asphalt tile in a colorful jackstraw pattern. Not visible in the photo are, at right, the range, a door opening into the bedroom hall and, in the foreground, refrigerator and breakfast bar.

A conveniently located bedroom hall, above, offers easy access to every part of the house. From left to right are doors opening into the bathroom, back bedroom, linen closet and master bedroom. Not visible in the photo are a door leading into the basement at right, and in the foreground, doorways into the living room and into the kitchen.

Natural Gas Travels Farther These Days

Not so long ago your natural gas supply lay practically in your back yard.

Today, much of the natural gas you find so useful in your home travels thousands of miles from the Southwest. Over seventy-five per cent of the gas served to you through Columbia Gas System companies comes from Texas or Louisiana.

It makes a four-day trip smoothly and dependably through miles and miles of huge steel arteries—the pipelines that spread northward from the Gulf Coast. Columbia Gas System companies now take gas from five cross-country pipelines and relay it to you through a network of distribution [illegible].

And today natural gas goes farther in more ways than one—when you use modern, efficient appliances for this most modern, most efficient fuel.

Five Members Appointed To Glenwood Advisory Council

Five new members have been appointed to the Advisory Council of Glenwood Recreation Center. New members are: Mr. and Mrs. Bill Brown, 263 Belvidere-av; Mel T. Fluhart, 2542 W. Broad; John Khun, 239 Columbian-av, and Fred Reiser, 3653 Harding-dr.

At the last meeting, the group was given a report on the success of several activities recently introduced at Glenwood. These included deck tennis, an adult gymnasium program, and dramatic classes.

Suggestions from council members for new activities included a family bowling program and ways in which a hunting and fishing class might be started.

There was a discussion on facilities at Glenwood and members were told that a new chain-link backstop and fence has been constructed on the ball diamond.

It was also pointed out that, with the emphasis on keeping Columbus clean, the hill to the north and northeast of the playground should be cleaned.

Penny For Your Thoughts

Question: Do you think you will live to see space travel?

Mrs. William E. Saxton, 182 S. Southhampton-av: "No, I don't think I'll live that long. I really don't expect space travel for the next 65 to 100 years. Actually, I hope it doesn't come in my lifetime because I'm the type that has to try everything!"

Mrs. George A. Sites, 76 midland-av: "No, I don't think I will but I do think my children might. I don't think I'd enjoy any such trip myself."

Mrs. Martin Tracy, 348 N. Burgess-av: "I really couldn't even guess but I hope so. I don't read much about space travel because I'm not too interested in it. I just sit back and let things happen."

Mrs. J. C. VanCuren, 786 S. Wayne-av: "My oldest son is very interested in space travel and he doesn't seem to think it will be as far away as we 'old people' seem to think! I hope he's right because I think it would be very nice to see the first space travel."

Mrs. Ralph P. Atkinson, 235 Westmoor-av: "Oh, my no, I won't live to see it but I don't think it will be so awfully long. They seem to be doing a lot toward it. No. I wouldn't want to fly to the moon because I like to keep my feet on the ground."

Lear States Disadvantages Of Fast Time

The biggest business in Columbus will operate an hour behind the rest of the city if daylight savings time is approved by Columbus voters May 7, D. G. Lear, chairman of the committee against daylight savings time, warned today.

That biggest business is the Ohio state government, which employes more workers than any industry in the state capital. "State law requires that clocks on all public buildings that have any connection with state government run on eastern standard time," Lear said. "That includes Ohio State University and county government.

Other arguments that Lear points out against fast time are 1) transportation schedules will continue on standard time 2) mothers will have trouble getting children to bed before 9 or 9:30 p.m. 3) Columbus will have the latest sunset of any large city in the country in mid-summer because of its location and 4) workers with early jobs will have to get up in the dark.

An advantage of regular time, Lear said, is that favorite TV programs can be viewed an hour earlier.

To avoid confusion and inconvenience, Chairman Lear of the regular time committee, urges Columbus people to vote against the time change amendment at the primary election May 7.

Dean & Barry House Paint
makes your home look like a million

new Poly-Lin discovery keeps paint jobs looking much better longer
Poly-Lin is the wonderful new super-processed linseed oil that gives Dean & Barry house paint extra beauty, extra durability. And this means a scientifically improved house paint that fights-off premature aging and dull-out, keeps its good looks far longer to save important dollars for you.
Here's Why: The structure of regular linseed oil used in conventional house paints is loose and open. It lacks the necessary strength to give maximum resistance to weather and wear. Not so with Poly-Lin. Here the linseed oil is super-processed to give it a tighter, stronger, tougher structure.
That's why Dean & Barry house paint makes your home look like a million and keeps it looking better far longer. Good news, too: There's no extra cost for the extra beauty and longer life Poly-Lin gives. Now available in a much wider range of new and modern colors. See for yourself soon—or ask your painter-decorator to come in.

St. Timothy To Observe Anniversary

St. Timothy Lutheran Church, Harrisburg-pk at Rosemont-av, will celebrate the first anniversary of its organization May 5 at the morning worship service, 10:30 a.m.

Congregation was organized on May 6, 1956 and on that same Sunday, used for the first time the property which it now occupies at 1034 Harrisburg-pk. Men of the congregation are remodeling the building, transforming a former grocery and meat market into worship and Sunday School facilities.

Heading up the remodeling program are Lester F. Compson, John T. Hammill and Alexander F. McLean. Many other men have participated in the program.

Rev. Albert H. Buhl, director of Missions of the Synod of Ohio, will preach for the anniversary service. He also preached the sermon on the day of organization.

Services for the congregation of St. Timothy were begun on Oct. 23, 1955 and were held in Wilson School until May 6 of last year. On the day of organization the congregation included 61 adults and 61 children. Present total is 83 adults and 81 children.

Rev. E. Jay Bishop was the mission developer and on Aug. 1, 1956, was called by the congregation to be its pastor.

Besides the labor being donated by men of the congregation, investment in the remodeling program will amount to more than $10,000, making the total cost of the property about $65,000. It is expected that the remodeling work will be largely completed by early fall.

GOSPEL MEETING
MAY 5th THROUGH MAY 12
Each Evening at 7:30 p.m.

We are just a group of friendly neighbors, interested in you and your family because we all live in the same community. A community is made up of folks interested in property values, school taxes, shopping centers, streets and sewers. But all of these are material things, and we might perfect them and still be cold and inconsiderate of each other. That is why we want you to visit with us in our forthcoming meeting.

WHAT IS IMPORTANT?

We believe your job is important. So is your weekly paycheck and bank balance. But there are things of greater value! Some day we will all give up our jobs. When a weeping family follows us to the cemetery, our new house, new car or new furniture will mean nothing. The only thing that will matter is how we have lived and treated God and His word—the Bible.

THE OLD EXCUSES

Of course, there are the old excuses. We are too busy making a living, meeting payments, punching the time clock. There are hypocrites in the church. The churches are divided and fighting among themselves. But will these excuses hold up when we look Jesus in the face to answer for the most precious possession of all—the soul? We are not being sentimental. We are responsible beings! Responsibility means we must give an account for what we do or neglect to do. Are we being fair to our children, ourselves, or our community, if we try to act as if God did not exist, or if we merely ignore Him?

BETTER THAN GOLD

We are eager searchers after truth. Jesus said, "You shall know the truth and the truth shall make you free." We value truth more highly than gold. The Bible says it is "more to be desired than gold, yea, than much fine gold." (Psalm 19:10) One may die and go to heaven who never loved or possessed gold, but he cannot reach heaven if he does not love truth and seek for it. We are convinced that hundreds of our neighbors love truth also. We want to get acquainted with you for our mutual benefit.

OUR AIM

We are laboring to restore the church for which Jesus died. A humble group of sincere believers who have been baptized into Christ, we meet to break bread each Sunday, in memory of His death, as He requested. No choir sings to us or for us. All are free to sing praise unto God. No one is assessed a certain amount of money but we give as we have been prospered. (I Cor. 15:2) There are no pledge cards, no dues or bills mailed out. No collections are taken at our services except on Lord's day.

Would you like to know more about this honest attempt to restore the New Testament church to this community? We invite you to visit us as an observer, or to attend our studies which provide discussion periods. Our meetings are open to all regardless of race, color or creed. Will you please visit with us during our forthcoming meeting? The particulars of this meeting are advertised below. We will be looking forward to seeing you. We believe you can help us; we would like to help you!

WHAT IS A COLUMBARIUM?
Literally, columbarium means a dove-cote, or house of the dove. Since doves are the universal symbol of peace, the meaning has been broadened to mean the "house of peace".
What better name, then, than Columbarium for the memorial sanctuary which provides the cremation memorials of dear ones?
In our columbarium are niches for memorials as fine as may be found anywhere. Others cost no more than the complete cost of a grave. Every memorial regardless of cost, receives day-to-day care in an atmosphere of quiet dignity.
For complete information write or telephone us for the booklet, "The Way of Nature". Readable and informative, it will be sent to you without cost or obligation.

There will be pony rides and amusements during the month of May at the center.

For details on the gala event, it will make "cents" to watch the ads which will appear in the West Side News, Hilltop Record, and Rural-Urban News.

A special coupon will be placed in the paper May 9, 15, and 23. This coupon is to be filled out by the reader and deposited in any of the three containers placed at the shopping center.

The holder of the lucky coupon will receive a portable TV.

The grand prize drawing will be held Saturday, May 25, at 9 p.m.

State School To Observe Centennial

The Columbus State School will mark its centennial with a four-day open house May 8-12.

The public is invited to attend the annual affair Saturday, May 11.

A highlight of the observance will be the formal dedication of Pine Ridge. The boys' cottage has been rehabilitated during the past year from a "barren firetrap with inadequate facilities" to a bright modern building embodying the latest in design.

Guided tours are planned through Pine Ridge as well as other facilities at the school.

Another feature will be a tour through the institution's new "storybook" school. Through exhibits shown in the Administrative Building and cottages, the care, training and progress of the mentally deficient will be presented.

A souvenir brochure will be given to those attending the observance.

Community Welcomes Troop At Hilltonia Scout Ceremony

FOUR EXPERIENCED SCOUTS form the nucleus of junior leadership for Hilltonia EUB's new scout troop. Admiring a bronze trophy which the team won for scoring first in a recent district training conference are (left to right) Jim Beesler, 534 Nashobe-av, Jay Lyle, 634 Columbian-av, Neighborhood Commissioner Robert Dings, 474 S. Terrace-av; Jerry Sherer of 571 Hilltonia-av, and Larry Snider, 612 Woodbury-av.

Many parents and friends of scouting turned out Monday night at Hilltonia EUB Church to witness the chartering of new Troop 357, sponsored by the church.

Rev. Gerald Koster, pastor, introduced the organization personnel by stating he would represent the sponsoring institution and the Handbook for Boys would represent the Scouting program. The handbook was ceremoniously distributed to each new member.

Troop personel taking part were institutional representative, Don Goodin; troop committee chairman, John Campbell; secretary, John Kreitzman; finance man, Richard Gorman; advancement man, Roy McLane; outdoors man, Elden Koehler; committeemen, J. L. Crownover, John Surrell, Pearl Fink, Walter Groezinger, Herb Rumfield; scoutmaster, John Snider, and assistant scoutmaster, Jim Nichols. Bill Fox represented the boys wanting Scouting.

Members of the troop committee and leaders were then charged with their responsibilities and presented their credentials by the Southwest District chairman of organization and extension, Arthur Steppert of Grove City.

A candlelight investiture ceremony for the new Scouts followed. Patrol Leader Jerry Sherer presented candidates Dirk Groezinger, John Kreitzman, Bill Fox, Richard Lutzeier and Bruce Miller.

Patrol Leader Larry Snider presented candidates Cliff Surrell, Steve Greene, Gene Fink, Roy Buckley, and Dave Koehler.

The parts of the Scout Law were explained by Explorer Scouts Jim Beesler and Jay Lyle, the two patrol leaders, the scoutmaster and the assistant scoutmaster.

The Scout Oath was administered by Scoutmaster John Snider, who then presented the boys the badge of Tenderfoot rank.

Bronze Trophy Awarded

One of the highlights of the evening was the announcement by Mr. Robert Dings, neighborhood commissioner, that the team representing Troop 357 at the recent Southwest District Junior Leaders Training Conference had won the bronze trophy awarded the team with high score. This team consisted of Jim Beesler, Jerry Sherer, Larry Snider and Jay Lyle.

The conference is held annually to train boys as junior leaders in their troops. The conference was held this year at Camp Lazarus on Mar. 29, 30 and 31.

There were classes in patrol programming, patrol advancement, patrol features and patrol meetings. The boys were also scored on personal inspection, camp-site inspection, hike inspection and their efficiency on a five-mile adventure trail where they were graded on first aid, measuring, compass, cooking, fire-building and seamanship.

Patrol leader's bars were presented to Jerry Sherer and Larry Snider and assistant patrol leader's bars to Richard Lutzeier and Jay Lyle.

Legion Presents Flag

Dave Schuster, finance officer of Smith Barratt Post, American Legion, presented the new troop an American flag. Words of appreciation were voiced by Assistant Scoutmaster Jim Nichols.

A ceremony closed the meeting.

Juvenile Center Open House Set

The public is invited to attend the annual Open House at the Juvenile Diagnostic Center, 2280 W. Broad-st, Friday, May 3 from 1 to 4 p.m.

The institution renders diagnostic and related services to delinquent children committed to the State by the Juvenile Courts of Ohio.

The public will be escorted on tours through the buildings and grounds, and will have the opportunity to inspect the children's living quarters, classrooms, and other facilities.

Columbus State School Marks Centennial With Open House, May 9-12

A FAMILIAR YET REMOTE landmark is the 197-acre Columbus State School which has occupied this stately position on the Hilltop since 1868. The school presents an impressive sight to all who pass it on 1601 W. Broad-st. The public will have the opportunity to see the grounds and tour the buildings during the school's four-day "Open House." A pageant will be presented by patients in historical costumes and a souvenir brochure will be distributed.

Exhibits and pictures depicting 100 years of continuous operation of the Columbus State School, 1601 W. Broad-st, will be seen by the public during a four-day "Open House" to be held Thursday, May 9, through Sunday, May 12.

During the centennial observance the public will be conducted on tours through the living units, working units, and schools for mentally retarded on the grounds.

A scale model showing the growth of the school from an institution established on E. Main-st in 1857 to its present 197-acre site on W. Broad-st will also be featured.

To commemorate its centennial, a historical pageant will be presented by the patients for the public each afternoon at 2:30 p.m. in the Amusement Hall. The pageant is under the direction and supervision of the Columbus Recreation Department and will be presented at 2:30 and 3:30 p.m. for the benefit of Sunday visitors.

From 1950 to 1956, these improvements have been made or are planned for the school: three modern patient living units; school building and equipment; fireproofing; equipment for Pine Ridge boys' cottage; new reception and diagnostic center; and new central dining room and food service building.

The public is invited to see these new projects or ask questions pertaining to the ones planned. Lloyd Ferguson, special services officer at the school, extends a special invitation to Hilltop and West Side residents to attend the Open House.

Lions Club Chooses F. Higgins

Francis "Pinky" Higgins was elected president of the Hilltop Lions Club for the 1957-58 club year at the organization's annual election May 2, at the Colony Restaurant.

Francis "Pinky" Higgins

Higgins, who lives at 1324 N. Hague-av, has been acting president of the club since February when president John Grassie moved to California with his family.

Other new officers are Herbert Loechler, first vice-president; Charles Weaver, second vice-president; Wilford Sloter, third vice-president; Dick Boyer, secretary; Galvy Gordon, assistant secretary; David Rinehart, treasurer; Walter Davis, liontamer; Donald Rumley, tailtwister; and Paul Lugger and William Steen, two-year directors. "Carry-over" directors of last year are Ed Tonti and Bob Cass.

The new president of the Hilltop Lions Club has been a Hilltopper for the past 11 years and is currently supervisor of the time study department of Ternstedt Division of General Motors. His wife, Phyllis, is active in the Hilltop Lions Ladies Auxiliary and his son, Bobby, 14, is a student at St. Aloysius School.

Installation of new officers will take place at a dinner dance with wives at the Naval Officers Club at Port Columbus on June 20.

Hilltop's Honor Mother

Kiwanis Club To Fete Her Family Of 12

A gray-haired motherly looking woman with 12 children will be honored and named tomorrow as the Hilltop "Mother of the Year" by the Hilltop Kiwanis Club at its noon luncheon in the Colony Restaurant.

Mrs. Homer Burke, wife of a Central Ohio Paper Co. foreman, will be presented an inscribed plaque and two dozen roses by Henry Ruegg, chairman of Support of Churches committee, the group sponsoring the project.

Born in Oklahoma, Mrs. Burke moved to the Hilltop when she was six years old. She and Mr. Burke met on a hayride, married 25 years ago, and raised eight boys and four girls at 163 Whitethorne-av where they have lived for 14 years.

Mrs. Burke confessed their white frame house is always like "Grand Central Station" but the hub-bub is nothing new for the couple. There were 12 in Mr. Burke's family (same number of boys and girls as he has) and Mrs. Burke was one of seven.

The attractive mother reigns over a spic and span household but admitted when all 12 were home she "washed three days a week and ironed the other three." "We're a clean family," she explained. Although only four are at home now, she still adheres to a "routine" which begins at 7 a.m. when she "goes through the house."

Afternoons are reserved for her garden (her tulips are the talk of the neighborhood). She loves baking, crocheting, flowers, Mr. Burke, and her ten grand-

PRETTY AS THE FLOWERS IN HER GARDEN, which are her "pride and joy," Mrs. Homer Burke, chosen "Mother of the Year," poses for Record cameramen. She is active in a circle at Glenwood Methodist Church and keeps busy crocheting things for her ten grandchildren. All of them came home from the hospital wearing tiny baby garments she made for them.

Big Night For Broncs

Howard "Hopalong" Cassady will be the main speaker Friday night when West High School athletes are honored at the school's All Sports Banquet which will be held at the Westinghouse Electric Corporation auditorium.

Films depicting highlights of the 1955 Ohio State football season will be narrated by Cassady. George Williams will serve as master of ceremonies.

The banquet is being sponsored jointly by the Hilltop Business Association, Hilltop Lions, West High Athletic Association, Hilltop Kiwanis and Camp Chase Post 98 of the American Legion.

Annexed Pupils May Do Quick Reverse

Children who were switched from South Western District Schools to Columbus City Schools after the recent annexation of certain areas in Franklin Township may not be attending the right school yet.

This curious situation has developed since the Ohio Supreme Court threw the annexation question back to the Franklin County Common Pleas Court for final decision.

If the court decides that the annexation is valid, the children will continue to attend Columbus schools.

If it is decided that the annexation cannot be allowed, the children will become the responsibility of the South Western Board of Education.

While this question has temporarily remained undecided, several interesting developments have occurred.

Students living in the annexed area who were attending Franklin Heights High School are no longer required to pay tuition according to Principal William F. Rogers.

When asked if the affected children could transfer back to South Western Schools, V. J. Ullman, executive head of the district, replied: "no comment."

An official of the Columbus Board of Education stated:

"According to our last information, the area is still in Columbus and the children are our responsibility. We are acting on that basis and are proceeding with plans for the new Binns-blvd school and other facilities."

Chosen 7th Boys' Stater

Don Furry

Don Furry, son of Mr. and Mrs. Virgil Furry, 311 Guernsey-av, and a junior at West High School, is the seventh from this area to be chosen to attend Buckeye Boys State in June.

He will attend Camp Perry, ONG Camp, for nine days starting June 7 for a first-hand study of the framework of American government.

He will be accompanied by Jim Callard, David Mack, Pete Trott, Jim Williamson, Cliff Shoemaker and Donald Perdue. Their trip is sponsored by Hilltop Business Association, Hilltop Lions, L3 Club and Camp Chase Post, American Legion.

Mrs. E. C. Day Succumbs To Long Illness

Mrs. Edith C. Day, 2601 High Free-pk, Gallower, died Monday at her home following a long illness. She was a past matron of Robert Morris Chapter, OES, and a member of Glenwood Methodist Church.

Mrs. Day was the mother of Mrs. Jerry Spears, jr., wife of the former city councilman and local funeral director.

She is also survived by her husband, Robert M., two sisters, Mrs. Myrtle Goddard of the residence and Mrs. Loren McDaniels, Philippi, W. Va.; a brother Raub Mathias, Huntington Park, Cal. and three grandchildren.

Funeral services will be held Thursday, 11 a.m. in Jarry Spears Funeral Home, 2693 W. Broad-st. Eastern Star services were to be held Wednesday, at 7:30 p.m. Burial will be in Sunset Cemetery.

Attorneys, Judge Plan Meeting On Incorporation

Decisions that could effect the future of Franklin Township may come out of a meeting being arranged between Thomas W. Applegate, attorney for the incorporationists, Common Pleas Judge Myron H. Greenman and John King, attorney for the plantiff, who obtained an injunction stopping incorporation of Franklin Township.

Applegate stated that the meeting was supposed to be held earlier, but had not materialized. He stated that he was pushing for a meeting sometime this week.

It is expected that the three

Youngsters To Get Chance To Place Free Want Ads

Boys and girls, 16 years of age or younger, here's something that's free for just you!

This newspaper is offering each of you the chance to advertise in the classified section of this newspaper — free. Now you can let employers know that you're available for part-time or summertime work. You can trade something you no longer need for something you need very much, you can sell your bicycle or other possession, or you can advertise to buy something second-hand.

Each year this newspaper offers thousands of boys and girls a chance to learn about the big results want ads can bring. There are only a few simple rules.

1. Only boys and girls 16 years of age or under may submit free want ads.

2. They must contain not more than 20 words, including your name, address or phone number.

3. Name, age, address or phone number must be listed or ad cannot be accepted.

4. No ads will be accepted by telephone. They may be brought to the Hartley Newspapers office, 2465 W. Broad-st, or mailed to Boys' and Girls' Want Ad Dept., at 2465 W. Broad-st.

5. All ads must be received by May 20, 12, noon.

6. The newspaper has the right to edit or reject any ad.

HILLTOP COUNCIL SET TO DISCUSS PARKS, CLEAN-UP

Plans for park opening ceremonies and participation in the citywide cleanup campaign will be among matters discussed at a meeting of Hilltop Community Council at 8 p.m. May 9 in the Hilltop YMCA.

Elizabeth Keyes, new head of the Hilltop Library, will present a sound-color movie and brief address entitled "Your Library—A Community Resource."

Selection of a committee for the annual inspection of Hilltop parks and playgrounds will also be made. HCC meetings are open to all interested Hilltoppers with only voting restricted to accredited delegates and associate members.

'Porchlight The Way' Thursday Night For Your Lions Newspaper Salesmen

The eighth annual door-to-door sale of "The Hilltop Lions Tale" on the West Side and Hilltop will get underway at 5:30 p.m. Thursday, May 9, when nearly 400 volunteer salesmen visit every home in the two communities with the annual newspaper describing the activities and the aims of the local service club.

Copies of the newspaper will be left at every door whether occupants are home or not and those answering the friendly knock of the salesmen will be given the opportunity to purchase the newspaper and thus participate in the work of the Hilltop Lions Club.

This is the sole fund-raising project of the club during the 1956-57 club year. All money raised in the door-to-door sale is to be returned to the community in the form of aid for the sightless, community betterment, boys and girls welfare, and other civic projects. "Not one cent of the money collected will be utilized for any other purpose," declared Herbert Loechler, director in charge of the newspaper sale.

He asked all residents to take the few moments necessary to glance through the special edition and to note the many good works of the Lions Club. "The newspaper sale is probably your only chance to take part," Loechler added.

He cited the following accomplishments of the club for the betterment of the community during the past year.

Expenditures for committees included $2500 for sight-saving, $1500 for boys and girls work, $2000 for community betterment, and $1000 for the "safe and sane" Lions Communuity Fourth of July celebration.

Included in these budgets have been such activities as purchasing 25 AM-FM radios for local schools so that they could take advantage of the new Columbus Board of Education radio station; payment of five cataract operations; partial outfitting of a rural safety cruiser; purchase of 90 pairs of glasses and attendant examinations; establishment of a college student aid fund; support of the Columbus Lions Eye Clinic; assistance in the Pilot Dog program; gift of a sewing machine to youngsters at Glenwood Recreation Center; purchase of a PA system for teen dances at Westgate Park; aid in the Hilltop Community Council Easter Egg Hunt; outfitting of Little League teams; and many, many others.

Most of the salesmen to cover this territory Thursday night will not be Lions. But all of them will be civic-minded men who have devoted the major part of an evening in assisting in the fund-raising project, men who are devoted to the ideals of international Lionism and the improvement of the local community.

Salesmen will meet at the West High cafeteria to pick up their newspapers and begin their assigned "routes" after eating a meal prepared and served by the Ladies' Auxiliary of the Hilltop Lions Club.

Director Loechler had one last bit of information about the annual newspaper sale:

"It would not have been possible without the cooperation of the advertisers who deserve for their support the plaudits of the entire community."

Development Group On Air

An up-to-the-minute progress report on how citizen action is working to build a better community will be given on Columbus Town Meeting, Sunday, May 12. Moderator for the discussion on the subject "Report from the Development Committee for Greater Columbus" will be C. Emory Glander. The program will be telecast at 1 p.m. by WBNS-TV, and will be broadcast by WBNS Radio at 9 p.m.

Panel members will be Preston Davis, chairman of the Development committe and Robert J.

In Passing

By Esther Weakley

Don't poets know
Better than others:
God can't be always everywhere,
And so invented mothers.
Sir Edwin Arnold.
(LATE TYPE)

These poets can pay tribute to mothers better than I can, so here are some "Mother" poems:

PIONEER MOTHER

She must have known that there was no returning
From dread monotony of sun-scorched plains.
From league on league of desert sands. Her yearning
Thoughts of home drowned in torrential rains,
In cold, red skies and twilight's bitter gray,
Storm-beaten trees in melancholy sway.
Across the arid waste, she followed, hearing
Wild birds call beside a stream; nearing
Day by day the spot that told its worth:
Where she could plant her roses in the placid earth.
Jean Comeaux Long.

MOTHER

The love-lit eyes that met my baby glance
Contained the universe! When she would croon
"Our silver swing is but the crescent moon."
We seemed to swing, the sole inhabitants,
And ever after when the circumstance
Found her not there, the very walls seemed hewn
Of bleakness! The familiar, soothing tune
Of home was lost, and all was dissonance.
And now that she is gone, such passion fills
My heart for all the stars and breadth of space!
And dear heart touching tenderness that spills
From souls. And all the flowers seem to trace
Their loveliness for her! My heart by stills—
For in the universe I see her face.

THE HAPPY MOTHER

She loves her shiny kitchen best of all:
The blue chintz curtains and the cooking ware
In yellow tints against the cupboard wall;
The fragile teacups; baby's oak high chair.
In lace-frilled apron, crisp and starched and white,
She stirs a creamy lemon-butter cake,
Then humming to herself, her face alight,
She puts a chocolate custard in to bake.
A vase of scarlet roses on a stand
Reflects itself upon the crystal pane;
All things become transformed beneath her hand,
In this enameled, feminine domain.
The roast is done and biscuits fit for kings
Are browning while the copper kettle sings.

CLAY HILLS MOTHER

Once, her eyes were as brown as an autumn leaf,
Her lips as red as a late summer
She was tall and slim as a young creek willow,
Her skin was smooth and white
Today at seventy, her eyes have the ageless
Light of a soul in whom memories still blaze,
And upon her face rests a calm serenity
That comes to those who have known want and pain,
Yet of one who has found peace in the simple things of life,
That had to do with faith in God, clay rock soil, and rain.

Mrs. Lucille Myers of Columbus wrote, asking that "Are All The Children In?" be used in the Mother's Day column. I'm sorry, but, my copy of that poem seems to be lost. If any readers have a copy I'd be happy to print it later. Happy Mother's Day, all you Mothers and Grandmothers.

Insurance Group Adds New Policy

The nation's largest auto insurer this week unveiled a new policy which "recognizes the motorists' need for greater financial protection against the grim and mounting hazards of today's traffic," according to the firm's president, Adlai H. Rust.

Written by State Farm Mutual Automobile Insurance Company, the policy carries a major medical payments optional coverage. Local Agents E. G. "Gene" Schweitzer and Jack Hedges say it is the first adaptation in the Auto Insurance field of a catastrophe-protection principle widely used in modern group health and accident plans.

Five other optional coverages have been added, they said, and all basic coverages of the former standard policy have been broadened "to meet the realities of modern driving conditions."

Major medical expense provisions of this policy cover payment of the first $1,000 of medical expenses resulting from an auto accident injury, plus 80 per cent of additional medical expenses up to total payments of $5,000 for each person injured. The coverage protects every member of the insured's family living in his household, and there is no limit on the number of persons so covered in any one accident.

Job Preparation Workshop Scheduled For Central High

A job preparation workshop for high school students will be held May 15 at 7:30 p.m. and May 18 at 9 a.m. at Central High School.

The workshop is designed to assist high school students in their efforts to get summer employment and to make the most of this experience.

Sponsored by the Columbus Urban League, it is open to students from Columbus or Franklin County, 16 years of age and above.

Information will be presented on how to apply for a job, conduct during the interview, how to get along on the job, kinds of jobs open to high school students, and how the summer job can best be utilized in the overall vocational plans of a student.

There will be a panel discussion by employers on what they look for and expect from high school youth. This will be followed by student group discussions. Here the students will talk to employers and get answers to specific questions. Vocational counselors will also assist. Summer employment experience of 700 Columbus high school students will be reviewed.

People from the Ohio State Employment Service will also present information.

INTER-CLUB RALLY SET

Officers and members of service clubs all over the city are being invited again this year to a large inter-club rally at the Naval Reserve Facility at 240 N. Sandusky-st.

Held in connection with Armed Forces Week, the luncheon assembly is set for noon Wednesday, May 15. The host, Commander R. F. Willett, has invited one speaker, Dr. Arthur S. Flemming. Dr. Flemming, of Ohio Wesleyan University, is former U.S. Director of Defense Mobilization.

Group Buys Westgate Manor

In a $7 million transaction, Westgate Manor changed ownership last week.

The 668-unit, 50-acre apartment at 587 Wedgewood-dr reportedly was sold to a group of Pittsburgh investors along with other properties totaling $12.5 million. Included was Westgate Shopping Center.

One of the largest apartment groups in the city, Westgate Manor includes 79 buildings, a swimming pool and playgrounds.

Roy D. Allen, representative of the builder and former owner (Vernon C. Neal, Inc., Pittsburgh) said no immediate policy or personnel changes have been made. Rentals at the apartments have ranged from $85.50 to $96.50.

Columbus Votes Down Proposed Daylight Saving

Columbus voters indicated their preference for Eastern Standard Time on Tuesday, by voting down the proposed time change, nearly two to one.

Returns from the city's polling places indicated voters' opinion of the city charter amendment, which would have required daylight savings time during the summer months, was 21,173 for and 40,781 against. Clocks would have been set ahead one hour on Sunday if voters had approved.

At least five other cities within a 60 mile radius of Columbus, Marion, Delaware, Circleville, Greenfield and Zanesville, had indicated they would follow Columbus' decision.

Ohio Senate State Government Committee has recommended a change in the state constitution to put all of Ohio on Eastern Standard Time. Approval of the legislature would place the question on the ballots for voters to decide.

Final approval would knock out daylight saving time in the cities now permitted to set their own time under home rule charter provisions.

Vandals Throw Rocks At Windows Of Church

Rock-throwing vandals caused an estimated $150 worth of damage at Westgate Methodist Church, 345 S. Brinker-av, Friday night.

Rev. George Jackson Taylor found about 24 small holes in the stained glass church windows and several golf ball-sized rocks on the church floor.

NAMED SECRETARY

A Starling Junior High School teacher, Mrs. Verona R. Rothenbush, was named secretary of the newly-elected Curriculum Council for the Columbus Public Schools.

Wills Given High Honor By DePauw

Don Wills

Don Wills, son of Miami University Baseball Coach and Mrs. Woodrow E. Wills, has been named a recipient of DePauw University's coveted Rector Scholarship.

Wills is the grandson of Mr. and Mrs. L. W. Wills, 220 E. Terrace-av. His father, one of the great all-time athletes of West High School and Ohio University, has been on Miami's staff since 1946.

A near-straight-A student who ranks third in the class of 110 to be graduated from Talawanda High School in Oxford this June, is believed to be the first one ever to receive the scholarship from the town.

In addition to an outstanding scholastic record, young Wills has been a letterman in football and baseball, has participated in dramatic and other school activities and last year was ranked among the top science students in Ohio.

Ralph Riley, chairman of the transportation committee, who is president of Suburban Motor Freight; C. Carlton Hartley, chairman of the water and sewage committee, who is president of the Hartley Printing and Publishing Co.; and W. Ray Speer, chairman of slum clearance and rehabilitation committee, who is vice-president and secretary of the Columbus Bolt and Forging Co.

These three committees have given intense study to these problems and their solutions during the past year.

The program is under the direction of Mrs. Grace Hare Frye, and the public is invited to attend at the television studios, or telephone questions to panel members at CA. 8-3881.

for the first one thousand cubic feet of gas and 65.5 cents for each additional thousand feet. Present rates are $1.06 for the first thousand and 65.5 cents thereafter according to Mayor Charles J. Ringer.

Mayor Ringer appointed Councilmen Frank Dillion and Harry Holroyd to meet with the village's attorney before June 3 to decide what probable action should be taken.

Rates in the village were raised a half-cent last week under terms of the town's old contract with the gas company.

children. "She fusses over them as much as she did her own," her husband observed.

A good cook, her pies are favorites with the family because "I always make the crusts crisp." "She sure can work over a recipe" her husband added. When she's in a hurry, she uses cake mixes and frozen foods but "I always add my own touches," he confessed.

Choosing 13 names didn't present a problem, but when asked their children's ages, Mr. Burke scratched his head and shouted to his son, "Homer, Jr., are you the oldest, or is it Don?" He laughed and said "Mom always mailed the birthday cards."

Family Has Teamwork

The boys have former their own bowling and baseball teams, the girls exchange baby clothes and occasionally baby sit for each other.

Mrs. Burke's recipe for a happy family is mixed with ingredients that call for a liberal dose of affection, a pinch of attention, a dash of discipline, seasoned with lots of love. "I've never worker, I've always stayed home with my children. I've always insisted they mind and do what I told them" she said matter of factly. She added "I always gave them a lot of love and attension."

Still living at home is Raymond, 20, employee at General Motors; Richard, 20, employee at Central Ohio Paper Co., Bill, 18, West High student, and Pattie, 17, a senior at West.

The others are Homer, Jr., 32, a supervisor at the Post Office, Don, 31, an employee at the Post Office Annex; Ralph, 23, a stock clerk at Albers; Ed, 26, Central Ohio Paper Co. employee; Mary, 24; Eva, 27; Betty 34, and James Allen, 35.

Cowboys Top Whitehall, 3-2

West stayed in the Central District playoffs of the state Class AA tournament last week by clipping Whitehall 3-2 on the Bronco diamonds. Whitehall led 2-1 going into the bottom of the fifth inning.

Cowboy pitcher Ken Clapsaddle turned in a fine relief pitching job striking out the side with the bases loaded in the seventh to preserve the winning margin.

Auto Club Treats School Patrols

A film of Roy Rogers, who has been a great favorite of the school patrol for many years, was the treat provided by the Columbus Automobile Club for all the school patrol members last Saturday morning at the RKO Palace Theater.

The club made arrangements with the Columbus Transit Company for free transportation for 3,000 patrol members.

It is economical to freeze left-over coffee into ice cubes and use the cubes in iced coffee.

Music To Brighten Lives of Sightless Pupils

A CAUSE FOR CELEBRATION last week at the Ohio State School for the Blind was the presentation of a four-speed "Voice of Music" hi-fi console phonograph by the Hilltop Lions Club. W. G. Scarberry (left), school superintendent, declared that the phonograph would serve as a vital adjunct to the educational program and assist greatly in providing such recreation as dancing and music-listening. Other adults pictured above with the "pleased as punch" students are Paul Carter, chairman of the Hilltop Lions Sight-Saving Committee, and Miss Betty Kratz, girls physical education instructor at the school.

You can fool some of the people all of the time and all of the people some of the time and the rest of the time somebody else will fool them.

CREMATION MEMORIALIZATION
. . . the choice of thoughtful families
Some things have natural appeal for enlightened, forward looking people. Cremation memorialization is a good example.
Here is the reverent, modern service that duplicates the processes of Nature, accomplishing in two or three hours exactly what Nature alone requires decades to complete. The resulting cremation memorial is placed within the niches of our Columbarium in an atmosphere of light and warmth. Here it is protected from the ravages of time and weather through the years to come.
Cremation memorials are available in a wide range of appointments and prices. They usually cost no more than the complete cost of a grave, and may be had for materially less.
You may obtain complete information by writing or telephoning us for the booklet, "The Way of Nature". No cost or obligation, of course.

Central High Wins Hilltop Relay Event

West High School, host to the eleventh annual Hilltop Relays Tuesday night, placed in the runner-up spot with Central High's track team finishing first.

Score stood at Central 92, and West High, 76. East finished third with 57½, then came North, 47 2/5; Linden, 28 and South, 19 2/5.

George Tittle, West dash man, took the individual point trophy totaling 10 on the strength of firsts in the 100 and 220-yard dashes, second in the broad jump and an anchor run on West's winning 880-yard relay squad.

Cowboys were trailing Central at 80-76 entering the night's final event, the 440-yard relay. A Central first and a West last place in the event ended the Cowboys' hopes of winning.

Boys who have not reached their 14th birthday by June 1, 1957 are eligible to play in the Hilltop YMCA Little Nine League.

The early and mid-spring vegetable situation indicates smaller crops than last year of tomatoes, onions, sweet corn, broccoli, cabbage and green peas, but larger crops of lettuce, cauliflower, asparagus, cucumbers and map beans.

. . . But if any man be a worshipper of God, and doeth His will, him He heareth.—(St. John 9,31.)

So many of us, in bewilderment and misunderstanding, often seek to find a quick "short cut" to our Heavenly Father's love and mercy. But the Bible is a never-failing guide, and Jesus tells us the straight, sure way to reach God through devotion and prayer.

Visitors Tour Center During Open House

VISITORS WERE TAKEN through the new Boys' Cottage which started its operation in 1952. The building features a modern hospital complete with an X-ray room and a room furnished with the latest in dental equipment. Tours were conducted at the 2280 W. Broad-st center during its annual "Open House" to commemorate National Health Week.

RESTING AMID PICNIC tables on the grounds, psychiatric social worker, Harry Zibners, ponders the many problems with which he and other staff workers are confronted. "We try to teach the children that the world is not bad, that people are essentially good," Zibners said. JDC acts as a Reception Center for the examination, observation and classification of juvenile delinquents committed to the care and custody of Ohio by the Juvenile Courts.

DRESSED IN FANCY Indian regalia, boys at the Juvenile Diagnostic Center proudly display beads, jewelry, and bright feathers symbolic of their club. Boys from 10-15 meet once a week to study Indian lore, history, and crafts.

GIRLS IN THE EIGHTH, ninth, and tenth grades take a typing course offered at JDC. For many, it stimulates thinking in choosing a vocation. Elementary business training, business arithmetic, letter writing, cutting stencils, etc., is also taught. As one teenage girl put it "All the help I'm receiving will help me in my later life. JDC is all that you make it."

WEEKLY SERVICES are conducted in the Protestant Chapel with approximately 20 girls and boys singing in the choir. Harold Davidson, minister at Como Avenue EUB Church, has been part-time chaplain at the center for three and one-half years.

CONSTRUCTS ADDITION

DIPHTHERIA-SMALLPOX TYPHOID FEVER

1957

THEY WILL TELL YOU HOW THESE DISEASES WERE DREADED . . . HOW THEY WERE OFTEN CRIPPLING AND FATAL . . . but that is not generally the case today

The early part of the Twentieth Century has been phenomenal in the eradication of diseases and such scourges as diphtheria, smallpox and typhoid fever have practically disappeared. Infant mortality has been reduced to a minimum and the contagious diseases have been brought under control. The terrific impact that these diseases had on the adolescent and on children has practically disappeared due to the present form of therapeutics.

Diabetis mellitus which took many a life can now be most adequately controlled by insulin, and pernicious anemia, at the present time, can be controlled by injections of liver or the intrinsic factor as represented by Vitamin B12.

Many other diseases such as syphilis came under control by the use of arsenicals. Pneumonia and meningitis which were treated by serum therapy and which required indefinite periods of time and which had a great morbidity have responded to the sulfonamides; penicillin and the use of hormones.

In 1900 medical textbooks relied on tonics, antipyretics and a great many medicinals which were uncertain, and of questionable therapeutic value. Today, with the advent of the sulfonamides during the war period followed by penicillin the patient has been made extremely comfortable. For instance, scarlet fever, although in itself not a disease to be dreaded, had terrific complications such as mastoiditis and nephritis. Mastoiditis lasted months and invalided the patient for long periods of time with running ears, general debility, secondary anemia, etc. Under the proper administration of the sulfonamides and the antibiotics these complications have disappeared completely, so much so that in the large teaching hospitals, where they had hundreds of mastoidectomies a year, hardly any can be seen even for teaching purposes.

Fell's Hardware Is Haven For 'Do-It-Yourself' Fans

Going on the theory that two heads are better than one, Dad (Harry E.) Fell joined son (Don) in his hardware business.

Since 1952, the father and son team has been successfully operating Fell's Hardware Store, at 3109 W. Broad-st.

The store sells everything from fish hooks to cupboard hooks. According to Don, "We'd sell a lot more if we had the space."

Featured are electrical supplies, sporting goods, plumbing supplies, housewares, Scott's Lawn products (for spring garden enthusiasts) and fishing tackle, their specialty.

Fell's caters to "do-it-yourself" fans. They carry only name brand paints, which accounts for one-third of their sales.

Delivery service is a popular feature with customers. Fell's motto is "you ring—we bring."

Fell Sr.'s past experience with an electric wholesale co. helps customers with any problem that may arise concerning electrical appliances or supplies.

Don is married to Barbara Canter, a former Hilltopper. Both are 1949 graduates of West High. They live at 80 Coolidge-av.

Fell Sr. is active in Westgate Masonic Temple. Both Don and his father are HBA members.

STARLING NEWS . . .

Class Presents Original Play

Reported by Fredericka Krobe

The 8-A Dramatics Class under the direction of Mr. Marsh wrote a play, "Manners at School." The inspiration for this play came from a request by Mr. Trinter that conditions at Starling be improved.

On Apr. 30, the class presented the play to the student body. Its message brought to us an awareness of our individual careless habits and a consciousness of the real menace when the habits are multiplied by 1100, the number of our students.

The play was effectively staged and well acted. Assistance in arranging the music and sound effects were given by Mr. Murray who is doing practice teaching at Starling.

The following students took part in the play: John Mackey, Steve Cunningham, Hazel Edginton, Veronica Miller, Tom Mers, Bill Poling, Judy Shelhart, Loretta Skaggs, Ronny Stewart, and Sharon Strawser.

ROOSEVELT BEATS STARLING

Reported by Glenn Carr

The Starling-Roosevelt game was played at Jet Stadium on Apr. 30. The final score: Roosevelt 8, Starling 1.

Starling was off to a good start, putting the Roosevelt boys out one, two, three in the bottom of the first inning. Roosevelt came back by scoring five runs in the second inning, two in the third, and one in the fourth.

Starling's one run came in the first inning. Larry Staten hit to Roosevelt's third baseman, who made a wild throw to first. The first baseman missed the ball and Larry advanced to second. Bud Ankrom then hit one to center field to drive in the one run of the game.

The next game, vs. Eastmoor, will be played at Jet Stadium on May 7.

250 Trees Bow To Bulldozers' Progress

REMOVING 250 TREES is a big job, even for a heavy contractor. This scene was snapped at the 71-acre site at 3400 Sullivant-av which is being cleared for a $2 Million International Harvester building project. A 15-foot high pile of stumps of trees as old as 150 years, is seen burning in the foreground. Some trees were left standing. Contractor O. W. Atkinson of 2505 N. Sixth-st, said. First concrete was poured last week for the new parts distribution center and farm equipment ware house which will cover 300,000 square feet. An expected 500 persons will be employed in the brick, stone, steel and aluminum structures soon after their completion, set for June 1958.

Band Parents Complete Celebration Fete Plans

Members and guests attending the 25th anniversary celebration of West High School Band Parents Club on May 16, 8 p.m., will be entertained with a program in the school auditorium, followed by a social hour and refreshments in the cafeteria.

The club also sponsors such social events as the annual Christmas party, serves as chaperones during rehearsals, dances and on buses during away-from-home football trips, helps plan concerts, publicizes shows, sells refreshments, solicits program advertising and patron donations, plans and fits costumes.

Organized in 1932

Twenty-five years ago the late Otto Magly, principal, and the late H. E. Hutchinson, music director, recognizing that help would be needed in developing the newly-formed marching band, met with a group of parents to form the club.

Proceeds from vaudeville show were used to buy the first uniforms. Among student and alumni entertainers was a tap dancing team of Jimmy Rawlins, Betty Boyce, Jack Sherrick and Valeda Gugger.

First officers of the club were Mrs. W. E. Ferguson, president; W. E. Ferguson, vice-president; Mrs. C. G. Sheil, secretary, and W. K. Davis, treasurer.

Driving south on Olentangy River-rd, Heil went into a wrong lane as he sought to enter Rt. 33. The 'wrong lane' suddenly turned into a 20-foot excavation, into which Heil took a nose dive.

Three signal flares, indicating the 'deep end,' had apparently been extinguished by rain, deputies said. Heil was uninjured but a passenger, Anita Beckwith, 17, of 111 S. Algonquin-av, was treated for shock in University Hospital.

New Dean & Barry MASONRY PAINT

stops peeling, blistering, fading

now paint jobs last up to 5 full years

Here's dollar-saving news for home owners plagued with the problem of keeping paint on stucco, concrete, cinder block, asbestos-cement shingles, brick, stone—even basement walls.

New Dean & Barry Colonial masonry paint made with Goodyear's Pliolite S-5 keeps homes looking their attractive best up to 5 full years. Pliolite S-5 is the synthetic rubber resin that allows masonry surfaces to actually breathe. Inside vapors, the big cause of blistering and peeling, can get out—but rain and weather can't get in. Neither dampness nor alkalies can hurt it. Beautiful non-fading colors. One coat usually does the job. One gallon covers up to 300 sq. ft. for extra economy. See us for the Dean & Barry masonry paint that lasts and lasts—or have your painter decorator come in. Do it soon.

only $6.20 per gallon

Retired Railroader Plans Active Role As Entertainer

A man who started working with the railroad when he was 14 years old has quit reluctantly due to medical reasons.

Fifty-three-year-old Joseph Friedman said goodbye to his fellow workers and his position as ticket agent at Union Station last week.

After 39 years with the company, he reflected "I have served over a million people and I'll be a railroader till I die."

The humorous cigar smoker says he'll continue to "make people happy as I've always done." He plans to entertain church and hospital groups and serve as m.c. at various functions.

Friedman and his wife Lucille live at 695 S. Hague-av with their 12-year-old daughter Sabra Rose. They have been active in the Warren Avenue Nazarene Church for many years.

Friedman is a member of the Railroad Workers of America, Temple Israel, Aguda Temple, and Brotherhood, and Glenwood Methodist Church.

To consider it to be a leading maximum in life, not to do anything to excess.—Terence.

In Passing

By Esther Weakley

Does anyone build covered bridges now?
They used to mark the country here and there,
Not leaping streams, wide open to the air
With gallant masonry arched like a brow
Above the writer's eye. You hushed, somehow,
Your chatter as the horse-hoofs plodded in,
Thumping the boards, all shadowy but for thin
Bright rays the loosened shingles might allow.
A child could lean from out the carriage seat
And see through ill-set floors the river's trend,
The shaken dust; knee-deep, a docile cow,
Or, far ahead, a picture framed and neat;
The sunny outer world at shadow's end—
Does anyone build covered bridges now?

Jennie Pendleton Hall.
Reprinted.

Answering Jennie: They probably don't build them now, but according to a magazine article I read recently, several of them are still being used in central Ohio. I'm a little ashamed to say that my gang and I didn't know there were so many covered bridges still standing, till we read the article. Perhaps a good motto for Ohioans would be "See Ohio First." Many of the covered bridges are in Liberty Township, according to the article, and are on good county roads.

En passant—As of this date (May 8)) spirea has taken over, reminding us of the late snows that covered the bushes not long ago. Spirea is beautiful and brave — considering the cold nights . . . Watching the impressive funeral services for the late Bishop Ready must have reminded watchers of all faiths, that "the good men do lives after them" . . . I'm that proud! Hazel Roberts (Yost, Florist — and she is welcome to this plug) told me I must have a green thumb because by all the rules, some of my house plants that are blooming shouldn't even be living. That is high praise from an authority, and a nice gal, besides.

Quote—The easiest way to tell the difference between young plants and weeds is to pull up everything. If they come up again, they're weeds . . . Peace would be reached more speedily if every plan to bring it about didn't start so many fights . . . A minor operation is one performed on somebody else . . . Children need models more than they need critics . . . Most of us can see the wrong we have done, but not the wrong we are doing . . . Vacation: a brief period of recreation preceded by a period of anticipation and followed by a period of recuperation. Unquote.

The Will To Live

Nothing ages men more— actually shortens their lives—than helpless and hopeless surrender to the belief that they are old and decrepit. The will to live and do is the greatest asset which any man may carry into old age. And some philosophers have even said that an old age is largely a matter of will.—H. W. Haggard, M.D.

Don't ever prophesy — for if you prophesy wrong, nobody will forget it, and if you prophesy right, nobody will believe it.—Josh Billings.

. . . With men it is impossible, but not with God: for with God all things are possible.—(St. Mark 10,27.)

There is no limit to God's love for us, His children, or to His power to help us in all mortal troubles large or small. Therefore we overcome all fear and anxiety when, through faith, we ask His blessing and then place our complete trust in Him.

Your New Tire Buying Guide
Recently the major rubber companies — Firestone, Goodyear, Goodrich and U.S. — reduced their 1st and 2nd line tires to 2nd and 3rd line levels, with a corresponding drop in quality, without changing the names of their tires. Consequently these tires are not the same quality tires you received on your 1955-56 automobiles but are of lower quality.
In order to eliminate the confusion which has resulted, the following correct up-to-date line up is being printed for your convenience.

Another son, John, who became associated with the company in 1936, manages Rodenfels Chevrolet, Inc., Cleveland.

Starting with three employees, the firm now has 107 persons on its payroll here in Columbus. Service facilities have been correspondingly increased, according to Dick. They moved into their present building in 1948, and now operate four separate service repair shops with 45,000 square feet of floor space, devoted to serving the new and used cars and trucks they sell.

"Not only do we maintain the largest parts inventory in Central Ohio, necessary to service our own sales, but also provide service needs for large fleet users and independent garages," Dick said. "Our service slogan is 'Rodenfels Knows Your Chevrolet'."

Rodenfels operates two used car lots—at 515 and 535 W. Broad-st.

Truck sales are also an important part of Rodenfels operation. They claim to have sold more trucks during 1956 than any other Columbus dealer.

Several Hilltoppers have played important roles in the success of Rodenfels. Those with long service records with the company include:

Howard Lloyd, 126 N. Eureka, 27 years, salesmanager; C. C. McGurer, 494 N. Hague-av, 26 years, mechanic; Harvey Long, 111 S. Richardson-av, 28 years, new car salesman; Del Sayre, 118 N. Harris, 20 years, used car salesman; Charles Hoff, 175 S. Algonquin-av, 12 years, parts department.

"We will continue our policy of fair dealing, truthful advertising, reputable business practice and top service for what we believe is America's finest car," Dick Rodenfels declared in commenting on the future of the company. "We believe it has been this policy over the years that has made Rodenfels Chevrolet so popular with new and used car buyers," he added.

Speaking of Beauty

By Fiorio

OF ALL wonderful beauty aids today, nothing is so magnificent as the Permanent Wave! Did you know this art is just fifty years old? Women used to put their hair up with rags and pipe-cleaners, this very century! . . . And the first permanent waves were really torture. Hair was pulled tightly on heavy metal rods. Heat was applied—lots of it, for a long time! Ladies left the salons with lobster-like skin, stiff necks, and frizzled hair . . . yet they returned for that "permanent" curl in the hair.

NOW PROFESSIONAL permanent waving is a modern science. Skilled cosmetic chemists devote their life to research, finding better ways to curl your hair softly, NATURALLY. We beauticians study months, learning proper methods of applying these scientific lotions. And several times each year, we attend "refresher" clinics to learn the newest developments in the chemistry of permanent waving . . . so we can make YOU lovelier!

Maybe you've noticed big charts on our walls, showing every step of the permanent waving process. Every time we receive a new wave, we carefully learn just how to give it, down to the last important new detail.

OUR PERMANENTS are "personalized" . . . designed for your hair alone! We examine your tresses thoroughly, then choose exactly the right wave for your hair condition. Remember only trained hands, feeling its texture . . . trained eyes, examining it . . . can choose so wisely for your hair! When your hairdresser says there's a new wave she'd like to give you it pays to pay attention to her. She watches for new developments in the beauty field that will make you prettier, just as your doctor watches for new medicines to make you feel better.

COMPARE YOUR last permanent with a wave of two years ago. You'll see the difference. And chances are your next permanent will be even lovelier!

MOCK KIDS SING THIS TUNE:

'Over The City, Through The Sky To Grandma's House We Fly'

ROGER AND GARY Mock load up for another cross-town "hop" to Grandma's with their pilot friend, Dutch Swingle.

The era of an airplane in every garage is just about here as far as Roger (10) and Gary (9), grandchildren of Mr. and Mrs. Charles L. Mock, 279 S. Chase-av are concerned.

The youngsters live near Port Columbus, a good 12 miles across the busy city from Grandma, and Daddy doesn't get too enthused about driving them through the heavy cross-town traffic for weekend visits.

So, a few weeks ago, as their mother, Jerrie, was climbing into the Tri Pacer airplane she flies, somebody suggested that the speedy airplane was a good way to hop the kids back and forth to Grandma's.

Since both Mom and Dad are only students, and aren't permitted to carry passengers, Dutch Swingle of Swingle Aviation Co. on Port Columbus, volunteered to handle the controls.

As Swingle and the boys taxied out onto the field, their mother phoned Grandma. "Meet the boys at Sullivant-av Airport in about six or seven minutes."

Just as Swingle rolled up before the Jones Flying Service hangar on the local field, the boys' grandparents arrived . . . having jumped into their car as soon as they got the call, and battled traffic to the field a mere mile or so away.

By this time the cross-town commuting has become a way of life for the two fourth graders. And Dutch Swingle reflects that the airplane has come a long way during the quarter century he has been flying . . . from the early days of the daredevil barnstormer and the early stages of corporate flying to bouncing youngsters back and forth to Grandma's for a week-end baby sitting assignment.

He and Gomer Jones of Sullivant-av airport have but one comment as they watch the Mock boys race from the Tri Pacer to Grandpa's car each week: "Guess the gold-dangled thing is here to stay."

For Your Thoughts

Question: What do you think of "pay-as-you-go" television?

Carey C. Carlisle, 661 S. Brinker-av: "I always like to 'pay as you go.' Right now, I think they have too many commercials and not enough programs."

Clyde Crandall, 1933 Harrisburg-pk: "I think I prefer our present method to a pay-as-you-go plan in television. I feel that the keen competition between channels gives us more variety, better programs and better entertainment than we could get through a 'pay-as-you-go' plan."

Mrs. Daniel G. Grimes, 293 Algonquin-av: "I think I can get along with the commercials. My children are watching programs almost all day and I'm afraid if I had to pay for it, I'd be broke all the time!"

Mrs. Dennis J. George Jr., 757 S. Warren-av: "I think I would rather have commercials and free television programs. Actually, I find many of the commercials very amusing."

Mrs. Earl S. James, 3127 W. Broad-st: "I think the system we have now is in keeping with our system of free enterprise. Of course, the pay as you go plan may be all right, depending on the productions, choices, etc. The commercials don't bother me much, though. If I don't like them, I just close an ear."

Strong Silence

"Joe," one golfer remarked to another on the links, his voice full of marvel, "as long as we've been playing golf together I've never heard you swear."

"Yes, it's true I don't cuss," spoke up the other golfer thoughtfully, "but I'll have to admit when I slice I spit, and [illegible] grass doesn't grow any more wherever I spit."—Smiles.

Webb was graduated from Central High School in 1953.

CLEAR THINKING

A college professor of logic was attempting to teach his young son the principles of clear thinking and the necessity for defining all terms. He pointed to a wall clock which had just struck the hour.

"Now if I were to take a hammer and smash the clock," he said, "could I be arrested for killing time?"

"No," said the lad without a moment's hesitation. "It would be self-defense."

The professor frowned. "How do you figure that out?"

"Because," answered the [illegible] "the clock struck first." — Wall Street Journal.

Sara Close Is Bride Of Paul Knapp

Miss Sara Jean Close and Mr. Paul O. Knapp repeated their marriage vows Apr. 27, 11:30 a.m. in St. Aloysius Church. Rev. Charles Foeller read the marriage service before an altar decorated with white gladiolas.

Given in marriage by her father, the bride is the daughter of Mr. and Mrs. E. L. Close, 118 N. Oakley-av. Her husband's parents are Mr and Mrs. Roy Knapp, Rural Route 4, Marion.

White rosepoint lace over slipper satin fashioned the ballerina-length bridal gown, designed in princess style with cap sleeves and vee neckline. She wore matching mitts and a fingertip length veil of illusion, and carried a cascade arrangement of white carnations centered with a white orchid.

Miss Sharon Close, sister of the bride, served as maid of honor and bridesmaids were Miss Judy Jackson and Miss Catherine Allard.

They wore matching gowns of white embroidered nylon over mauve taffeta with bouffant skirts, mauve cummerbunds tied in large bows at the back, short puffed sleeves and wide necklines. They wore short, full face veils trimmed with pearls.

Mr. Glenn Knapp served as bestman for his brother and guests were seated by Mr. George Weyand and Mr. Kenneth Purvis.

The mother of the bride chose an orchid silk ponges frock with matching accessories and a corsage of white, violet-edged shattered carnations. The bridegroom's mother wore gray taffeta with pink accessories and pink shattered carnations.

The home of the bride's parents was the scene of an afternoon reception. Hostesses were Mrs. John Thomas and Mrs. William Fulton.

Mr. Knapp is engaged in farming. The couple is residing in Kirkpatrick.

THE WAY OF NATURE
The divine Law of Nature, which gives us sunshine, warmth, flowers and trees decrees that all creatures and things come into existence, flourish, grow, decline and perish, with the physical form returning to its original elements.
The enlightened, beautiful way of caring for departed ones is cremation which accomplishes in two or three hours what Nature alone requires decades to complete.
Cremation memorials preserve the memories of loved ones in an atmosphere of peace protected from the ravages of time and weather. They are in keeping with the highest religious tradition; available in a range of prices to suit every family.
For reliable information on cremation memorials write or telephone for the booklet, "The Way of Nature". No cost or obligation.

A SALUTE to the WEST HIGH BAND PARENTS CLUB

WEST HIGH SCHOOL BAND

On Your 25th Anniversary

A quarter of a century of service will be celebrated by the West High Band Parents Club when they observe their 25th anniversary Thursday, May 16 at 8 p.m. at West High School Auditorium.

A social hour and refreshments will follow in the school cafeteria. All former members of the club are invited to be present.

West High School has had a fine band and one that has been well equipped for many years. The efforts of the West High Band Parents Club in furthering activities helpful to the band have contributed in a large measure to the success of the band.

West High Band performances have been so outstanding as to merit the applause of the entire city and the Hilltop in particular.

And on the occasion of the 25th Anniversary of the West High Band Parents Club it is fitting that this community should pause to extend a pat on the back and say, "Good job . . . well done".

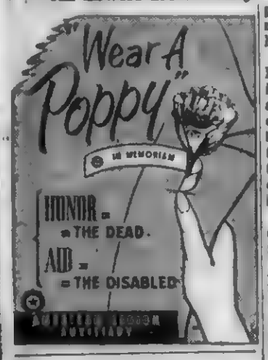
Auxiliary Groups Sell Poppy Tags May 24, 25



Auxiliary members of the Camp Chase and Smith-Barratt American Legion Posts as well as the West Way Veterans of Foreign Wars will be selling poppies during Poppy Days which are this Friday and Saturday.

All flowers are made by disabled war veterans in hospitals and convalescent workrooms with more than 30 million having been prepared this year.

According to Mrs. Donald H. Haag, American Legion Auxiliary Franklin County Chairman and Mrs. Royden Carter, county chairman for the V.F.W., the bright little flower was the only touch of nature's beauty able to survive in the shell-churned devastation of the World War I battlefront.

Colonel John McCraw, Canadian medical officer became famous for a poem describing the flower which began: "In Flanders Field the poppies blow between the crosses."

After the war, the poppy became the memorial flower for the dead throughout the English speaking world. They are worn once each year in the British Empire and the United States.

Parris Wins District Post Of 'Y' Group

Dewey Parris, past president of the Hilltop Y's Men's Club, was elected lieutenant governor of the Central Ohio District of the organization at a regional meeting Sunday in Rising Park, Lancaster.

Dewey Parris

Parris will assist the governor, Robert Lawrence, of Newark, in aiding projects, overseeing activities and advising clubs within the district.

The district is represented by clubs from Canton, Mansfield, Steubenville, Newark, Lancaster, Zanesville and locally, the Hilltop, Central and Spring Street clubs.

Thirty-five Hilltop members attended the regional meeting. The next local club meeting will be May 27, at the Colony Restaurant.

The Y's Men's softball team has a three-win, no-loss record after defeating the Northway VFW Post by a score of 15 to 11 on May 15. Tonight the team will play against the Westway Post, American Legion.

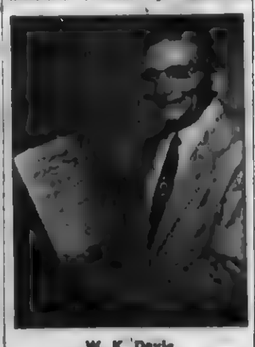
Cunningham Tract Valued At $75,000

Valuation of $75,000 for 15.216 acres of land west of Hague-av on Valleyview-dr was set last Wednesday by a Franklin County Common Pleas Court jury, with Judge Earl Parker of Waverly presiding.



Owned by Harold Cunningham, the city has sought to acquire the land for park purposes and took condemnation action when an offer, reported to have been about $41,000 was declined.

According to Cunningham, a permit for the establishment of a trailer park on the tract was issued to him by the county in January, 1956. Following annexation of the area to Columbus, the legality of which is still in question, the land was rezoned by the city from commercial to residential in Dec. 1956, without his being notified, Cunningham said. This action would serve to prevent any expansion of the trailer park, he declared.

Whether the Park Commission would recommend that council purchase the land at the amount set by the jury, or drop the idea entirely, could not be learned yesterday.

W. K. Davis

Lodge 72, for a half-century of active membership this month. He was presented with a 50-year pin and a scroll, first of its kind to be presented to any

Davis started his service with the Hocking Valley Railroad in 1903 and joined the B of RT Lodge 294 in 1907 in Nelsonville.

In the same year he was elected to the post of treasurer and served three years. In 1910 he was elected local chairman and general chairman, and later, president and secretary.

He served in this office until 1919 when he was transferred to the Columbus division, where he joined Lodge 628 and served as general chairman through 1950.

Local Lodge 72 was formed in that year, and he became a charter member. He served as president of the lodge for nine years.

Davis also belongs to the C&O Employes Association and to the National Association, Retired Veteran Railway Employes.

Before his retirement in 1953, because of ill health, he had 47 years service with the Hocking Valley and C&O Railroads.

That Ol' Swimmin' Hole . . . It's Poison, Dr. Goodloe Says

Every open body of water in central Ohio — rivers, creeks, lakes and quarries — is contaminated with a multitude of diseases and other filth and is unfit to be used for swimming, Dr. Ollie M. Goodloe, Columbus health commissioner, announced with official opening of the swimming season only a week away.

Too much sewage and industrial wastes are dumped into the waters, he said, for them to be safe. "Our tests show every body of water in the vicinity is dangerous," he reported.

Artificially constructed swimming pools, most of which hold their official openings on May 30 (Memorial Day), are the only really safe places for youngsters to swim, Dr. Goodloe said, because each has water purifying equipment, and is regularly inspected. Each provides guards with life saving and first aid certificates.

Dr. Goodloe urged that parents teach their children five factors for safe swimming:

1. Swim only in supervised areas.
2. Never swim alone or within two hours after a meal.
3. Never dive into unfamiliar water.
4. Come out before you are tired.
5. Don't go into water deeper than your shoulders.

Area Scout Posts Go To Sanford, Spears

Snyder, Arnold Get Scouter's Key

Boy Scouting in this area is here to stay!

This was proven without question Tuesday night when 275 enthusiastic Scouts, Scouters and their friends gathered for the Southwest District's annual banquet and program at Hoge Memorial Presbyterian Church.

Mayor Jack Sensenbrenner installed Vernon D. Sanford, 164 S. Westmoor-av as new district commissioner of the Southwest (Franklin Co. Area. He succeeds Harry Keller, 832 S. Eureka-av.

Sanford's former position as district chairman was assumed by Jerry Spears, Jr., 2909 Fremont-av. Spears spoke glowingly of Sanford's active work and vowed to devote the next two years to further promotion of local Scouting.

Vance Leonard, assistant scout executive of Central Ohio Council presented Sanford a specially printed 50 millionth copy of the Handbook for Boys. Mrs. Sanford received a trophy commending both for their many years of service.

Neighborhood Commissioners Harold Arnold, 873 Clarendon-av and Marvin Snyder, 339 Binns-blvd were given special medals of recognition, The Scouter's Key. The gold medals are awarded for exceptional service and to those who have taken at least three years of specialized leader training. Robert Meade, district scout executive, made the presentation.

The invocation was given by Rev. A. J. Wold. The opening ceremony, following Scouting's four-year theme, "Onward for God and My Country" was performed by Explorer Post 29. Brief remarks were given by Robert Terhune, council president of Washington C. H. and Vance Leonard.

Main address of the evening was given by Perie L. Whitehead, deputy regional Scout Executive, who serves in Ohio, Kentucky and West Virginia. The genial philosopher and humorist held a hilarious audience for 45 minutes.

Six operating committees gave reports. It was revealed that area Scouting increased by 200 members in the last six months. There are now 56 units.

Rev. George Alexander of the Hilltop Church of Christ arranged the closing ceremony. A steak dinner was served by Hoge Sunday School classes. Charles McCarty of Troop 248 played accordion selections during the dinner.

THIS WEEK LOOK FOR:

Fruits — Strawberries, pineapple, rhubarb, grapefruit, lemons, frozen orange juice, canned fruits.

Vegetables — Asparagus, potatoes, frozen peas, salad greens, canned tomato juice.

Protein Foods — Veal, fryers, ham, cheese, milk.

Fruits And Vegetables

We are now in the season when some of our favorite fruits will no longer be available, at least in high quality. This applies especially to grapefruit, so fill your refrigerator with them now while the supply and quality are still good.

The same fate is in store for rhubarb, fresh pineapple, Florida oranges and asparagus, so enjoy these while they last.

Very good buys in frozen foods right now are strawberries, orange juice and peas.

Look also for special prices on many canned fruits and vegetables. Grocers and distributors are anxious to clear their shelves before this year's canned food supply arrives. So, they are offering you nice savings on perfectly good canned foods. If you [illegible] space, even greater savings are affected in buying by the case.

Protein Foods

Milk and dairy products, meat poultry and eggs generally will be in plentiful supply through mid-summer. Meat will be slightly less plentiful than a year ago, mostly because of smaller supply of pork. There will be at least as many eggs as in the spring and early summer of 1956, and more poultry meat — especially turkey. Milk production is expected to be a record high this year which points to larger supplies of dairy products.

[illegible]ping for meats, vegetables, sal-

Surveys show that one-third of the homemakers [illegible] failed to meet calcium recommendations. Daily food habits did not include enough milk, it was shown.

New Products

CHEESE TOPPING — A topping for ads, canapes and snacks. It comes in a plastic tube. Three flavors are now on most markets — mild and sharp Cheddar, and Mozzarella.

APPLE-CRANBERRY SAUCE — This sauce is made from whole cranberries, oranges and a blend of different varieties of apples. Just add a red flavored gelatin and you have a quick cranberry salad.

WHIPPED SWEET POTATO — This product has the fibers extracted, is cooked and broken down into a homogenized form before packaging.

FROZEN FRUIT JUICE BLEND — Comes in six-ounce cans. Add 3 cans of water and serve. Choose pineapple-orange, or pineapple-grapefruit combinations. Ascorbic acid, Vitamin C) is added to the juice before freezing, thus making a 4-ounce serving about meet minimum daily requirements for this vitamin.

In Passing

By Esther Weakley

CAREER WOMAN

Her penthouse overlooks the glowing night.
The harried day she wishes to forget
Seems pleasantly remote, here at this height,
As nervous fingers flip a cigarette.
This should be dream fulfillment — as a child
She longed for the great city, far away.
There is a bitter phrase of Oscar Wilde
About success — she thinks of it today.

Darkly she watches firelight burn blue
And thumbs the magazines out of a rack;
Now from the picture window's framing view
The towers are flimsy cardboard, painted black.
Then suddenly there flashes through her brain
The shimmering silence of a western plain.

Helen Frith Stickney, in The Lyric.

Mail—From my favorite shut-in: "I feel like a Pulitzer prize winner must feel. Why? Because I wrote my first Letter-To-The-Editor and it was published, verbatim. Some day you'll see my picture in all the magazines, advertising Camels—like Miss Higgins" . . . From Texas: "We haven't had much rain for the past seven years, but when the rains finally came they came with a roar" . . . From Cincinnati: "Since Bob came back from the Army he has gained 10 pounds. Guess the Army didn't feed him often enough. Every time I see him he has pie or cake in his hand, and he doesn't do bad at mealtime" . . . From Columbus: "My seven-year-old gave me a petunia for Mother's Day. Needless to say it is prized more highly than any other flower in the yard" . . . From Columbus: "My young son gave me a puppy for Mother's Day but he said HE would feed it and take care of it. I think his Daddy had something to do with that."

Quote—Troubles, like the hill ahead, straighten out when you advance upon them . . . Sign in a television repair shop window: "Do it yourself, then bring it to us" . . . Sign on an out-of-business shop: "We undersold everybody" . . . A parking space is something you see when you don't have your car . . . Our little faults are personality when they are our own; just plain faults when they are others' . . . So long as we love, we serve. So long as we are loved by others, I would almost say we are indispensable. (R. L. Stevenson) . . . The best way to build a night club is to find a lot of smoke, then build a wall around it. Senators See Dramatic Contrast Of New, Old Buildings At CCS Open House

DEPRESSING AND INADEQUATE facilities of the 100-year-old Broadview Hospital were previewed by members of the Senate Finance Committee last week during the State School's open house. W. A. Butcher, superintendent of Columbus State, School conducted the four senators on a tour of the grounds and buildings, pointing out the urgent need for new and rehabilitated buildings, some of which are 100 years old, left to right, Sen. I. E. Baker, Supt. Butcher, Sen. Robert R. Shaw, Richard Findley, father of two retarded boys at the school, Sen. Fred W. Danner, Dr. Hans Molhelm, clinical director, and Sen. Fred. Hoffman.

Mental Health Authority Cites Need For 'New Blueprint'

A mental health expert explained the need for a "blueprint for the future" last week at a banquet commemorating the Columbus State School Centennial.

Richard H. Hungerford, superintendent of Laconia State School in N.H., told his audience of some 200 officials, workers, and volunteers of Ohio's schools for retarded children, "We need a political quarterback to start our public educational program."

The tall, stocky expert called for a "on the hoof" type of experimentation with volunteers conducting a research campaign to find how many patients there should be per attendant, how many to a room, per bed space, how much time should be allotted for training, recreation, and academic study.

Many such questions need to be carefully studied in order to furnish the public and research workers with the necessary facts. "The legislature isn't going to know these facts unless a commission investigates these situations" he explained soberly.

Concluding with a note of seriousness, the balding Hungerford pleaded, "Let's not build buildings that last 100 years of expensive steel and three stories high, but of cheery, inexpensive cement block, one floor plans with colorful paint on the walls and comfortable easy chairs."

He referred to New Yorkers who voted $15 million for the construction of a steel structure several stories high to house retarded children.

Hungerford pointed out they could build three times as many buildings for the price of that one structure.

It was pointed out that buildings housing retarded children particularly in Columbus, are outdated, impractical, and dangerous firetraps. Even more disheartening, is the fact that these large, depressing structures are even more expensive to maintain than the inexpensive modern, plain, one-floor buildings.

Civics Classes Learn About Expenditures

by Barbara Cartwright and Steven Tuscedy

A question period by a student panel followed the address.

Girl Scouting In West Hill

By Mrs. James W. Whelen

Members of Troop No. 61 of the West High Neighborhood, led by Mrs. Lucy Bottman, meet every Saturday morning at the Church of God on Whitethorne-av. They have been discussing their community service project for the year and may sign up to help the West Side Day Nursery.

Soon the members of this active troop will be taking horseback riding lessons and hope to become a "mounted" troop.

Plans for June embrace an outing to the Girl Scout Lodge at Oglebay Park, Wheeling, W. Va. There are 14 members in this troop.

Troops in the West Hill Neighborhood have been enjoying progressive outdoor programs. Intermediate Girl Scout Troop 294 under the leadership of Mrs. Robert Herriet, 173 S. Burgess-av, recently held a cook-out at the Scioto-Riverside Park. The girls completed their fire building and compass work and are working toward Second Class rank.

May 16, Troop 504 journeyed to Camp Ken-Jockety to complete nature requirements, under the direction of Mrs. Wilbert Berlo, 86 S. Roys-av. Requirements in cook-out and fire building were also passed. Assisting Mrs. Berlo were Mrs. John Swartz, and Mrs. Anton Nogawick.

Brownie Troop 127 will hold a cook-out at Westgate Park—open shelter house—on Friday, June 7. The troop is also looking forward to Day Camp. In September, 1956, the scouts started investing in Camp Stamps which were applied to their camping expenses.

The following Troop 127 adults recently completed Day Camp training: Mrs. Bowman Turner, 136 N. Powell-av; Mrs. Leslie Borton, 142 N. Powell-av; Mrs. Harry Crawford, 138 W. Roys-av, and Mrs. John Hutchinson, 124 S. Warren-av.

A camp site director has been found for Day Camp and those planning to attend from District No. 10 will follow the original schedule. Mrs. Richard Kellogg, Alton-Darby Creek-rd, Prairie Neighborhood, will be director. District 10 will be in camp July 22 to Aug. 1.

Ten members of the National Guard and four Boy Scout Explorers will work at Ken-Jockety Club on Sunday, May 26, to get it in readiness for Day Camp. Members of the Prairie Township Scouting Neighborhood will prepare and serve the dinners.

Business Manager Needed

A business manager is needed for eight days at Darby Day Camp. Carol Potter, district director, will give private instruction to anyone interested. She is willing to do this in your home. Please contact neighborhood chairman, Mrs. Robert Merrick, 173 S. Burgess, BR. 4-2218.

Private Finishes Supply Program

Private Donald F. Bush, whose wife, Evelyn, lives at 244 S. Central-av, was graduated May 17 from the supply clerk course at the Army's General Supply School, Fort Knox, Ky.

During the eight-week course they received instruction in administrative and storage procedures. Bush was formerly employed by Westinghouse Electric.

Salineville, Ohio, was the northernmost point reached by the Confederate soldiers during the Civil War.

Local clays found around McArthur, Ohio, provide raw materials for brickmaking, the town's chief industry.

River Assault Planned At Marine Event

The public is invited to help the 27th Special Infantry Company, USMCR, celebrate its fifth anniversary on May 27 between 6 p.m. and 9 p.m. at the Marine Reserve Training Center, 240 N. Sandusky-st.

Feature attraction of the evening will be a demonstration of an assault river crossing by Marine Corps Reservists at 8:30 p.m. at the center.

The fancy questionnaire a household appliance company used to survey Iowa housewives brought out equally fancy replies. To the question, "What make of garbage disposal unit do you use?" one woman wrote: "Four hogs."

New Gym Scene Of Fun And Frolic At Hilltonia Jr. High

WHICH ONE'S FOR REAL?—L. H. McAllister is in a "daze" trying to figure out which one's the girl and which the impostor. His mood ties in with "May Daze," the theme of a celebration held in the new Hilltonia gym May 10. A group of boys modeling girls clothes and a skit with students impersonating teachers made an evening of fun for all. Left to right: Marilyn Hensley, eighth grade student, of 579 Woodbury, and seventh grader Donald Tilton, of 745 Wiltshire-ev is the impostor on the right. The confused one in the middle is Hilltonia Junior High School principal, L. H. McAllister.

Orchestra Plays For Elementary Students

SPRING CONCERT—West High School Orchestra, under the direction of Jack Dale, provided students at Westgate and West Mound Street Schools with an unexpected treat last Wednesday. The group staged a concert and demonstration of various orchestral instruments as Westgate School in the morning, and at West Mound in the afternoon. Purpose was to interest students in band participation when they enter West High. James Hemery is principal of both schools.

PERMIT GIVEN

A permit to build a one and one-half story frame dwelling and two car garage at 871 S. Roys-av has been issued to C. B. Barnett, Inc., 1858 Sullivant-av.

New Job will Keep Robinson From Favorite Fishing Haunt

Lunker pickerel in Lake Erie—those which roam the waters around Catawba—can relax. One of their greatest tormentors will be able to threaten their existence on only a few occasions this summer.

Lloyd Robinson

It isn't that Lloyd Robinson, manager of the new Marathon station at 3055 Sullivant-av, feels sorry for the finny tribe, he just expects to be too busy to take the helm of the boat he has anchored there.

The grand opening of the new station will be held Saturday, at which time Lloyd, who has been in the business for many years, will greet old friends and new with free gifts for dad and the kids — just for dropping in! As an added inducement, with the purchase of seven gallons of gasoline will go a set of Federal glasses.

Robinson, who resides with his wife and children at 131 S. Richardson-av, is a genuine Hilltopper, having spent the entire 38 years of his life here. Mrs. Robinson first came to his attention as a gasoline customer about 14 years ago. It wasn't long, however, before he was paying for all her purchases. She shares his interest in fishing.

The grand opening of the new station, in addition to new customers, is expected to attract a host of Lloyd's friends. A graduate of West High School, a member of the Hilltop Sportsman's Club and active in numerous other activities of the area, he numbers his acquaintances by the hundreds.

Though recognized as a mechanic of no mean ability, Robinson will perform only minor repairs, tune-ups, etc. at his new place of business.

"It's a conversation being carried on by a man and his wife, son," growled his dad.

Speaking of Beauty

By FLORIO

IF YOU gave yourself a home permanent that didn't "turn out," or if your last wave just didn't seem to "take" as it should, must you wait for it to grow out? . . . Come in and we'll discuss it together. Chances are we can remedy that "do-it-yourself" result. Or we can give you special conditioning treatments to make the next wave a real success. (Above all, DON'T try another home permanent at this time. Remember your hair is precious . . . get the advice of an EXPERT!)

-F-

Now a permanent needn't give you "too much curl." New lotions produce soft curls that seem "born natural." Even the old ammonia smell is gone from many! Try one soon.

The New Hollywood Look for the Summer Season
The Convertible Cut

From under the dryer:

It takes a smart girl to hold a man at arm's length without losing her grip on him.

OF ALL the many services we beauty shops perform for you, permanent waving is the most important. We dedicate ourselves to this science! Probably there are many "permanent" questions you'd like to ask. (If you're like most of us, you always remember them when you're not in the shop!) So let's try to answer the main ones here:

Suppose you have long hair, and you don't really want it cut. Can you have a successful permanent? . . . Yes, you can. It will probably take a little longer and may even require double the amount of waving lotion and neutralizer. But we know just how to section and block long hair to produce a lovely wave . . . and we wrap long hair with extra care.

-F-

WHEN A permanent is four to six weeks old, short neck-hairs may become "shaggy" length. Or your bangs are now twice as long, and stringy. What to do? . . . Did you know you can have an "in between" wave? This requires less waving lotion. We use a smaller package and it usually costs slightly less than a "full" permanent. But you'll be twice as pleased with your appearance! The same small packages are ideal for "kept-short" coiffures too.

"ALL I HAVE LEFT IS WHAT I HAVE GIVEN AWAY"
"How came," asked an old friend. "Well," related the old man, once of great wealth and standing in the community, "I made money pretty rapidly in the late Twenties and gave freely to charity. In the early Thirties I lost all I had left and then some.
"In solemn reflection I have the satisfaction of knowing I helped many during my lifetime and my only regret is that I hadn't given more. Now in my retiring years I haven't many means, but I have much to be thankful for, and the respect of all the people."
Others, too, made profits in times of prosperity by helping their fellow men through organized charity either by current gifts or by naming their favorite charities in their wills.

Music Winner Ends Contest With Surprise For Runner-Up

When a gal tops junior and senior high school students all over the city for a piano scholar-

Penny Printz

ship, she has perseverance.

When the same gal gives the scholarship to her runner-up, she has real courage.

In a surprise move, Penny Printz, 15-year-old daughter of Mr. and Mrs. Donald Printz, 4200 Dublin-rd, gave her Camp Muskingum music scholarship to runner-up Ann Langdon this year. Nobody was more delighted than Ann, with the possible exception of Penny.

The May contest results marked the third year in a row that young Penny has copped the scholarship, sponsored by the Saturday Music Club, member of the Federation of Music Clubs.

The contest is based on an accumulation of points throughout the previous year. Points are earned through participation in club activities and performance in music programs.

The Hilliards High School sophomore is not only a point-getter but a vote-getter as well. She served as president of the Saturday Music Club last year and secretary the year before.

She scored her final points at the May 4 concert with renditions of "Duetto Mendelssohn" and "Romance by La Forge."

The scholarship, only one of which is offered in Columbus, entitles the recipient to attend an art, music and drama camp at Leesville Lake with students throughout the state.

A piano student of Loy Kohler, Capital University, Penny has studied music for the past ten years. Besides the Saturday Music Club scholarships, Penny has won titles in the National Federation Festivals and the Ohio Music Education Association contests.

PROBLEMS OF TOMORROW
ARE THE HERITAGE OF THE

STEPS of PROGRESS

This is one of a series of messages designed to point out why this community is truly a wonderful place in which to live. Reflecting the steps of progress in our area, these advertisements are sponsored by local business and professional men who are appreciative of the loyalty, cooperation, and patronage of the loyal citizens whom they serve. Each message is a tribute to a group or organization having complete faith and confidence in the future progress of this community.

WE are proud of our youth in this community. Elsewhere, we read of the delinquency of youth . . . perhaps we have a small amount here, but obviously far less than is found and publicized in other localities. Why? We believe it is because our youth is the cream of the crop . . . young men and women, teen-agers to be sure, who have pride in themselves, in their communities, in their homes. Young people who are loyal to and proud of their parents and are appreciative of the things that are being done for them.

Since we are so proud of you young people, and the fine manner in which you usually conduct yourselves under all situations, we take this means of congratulating you for your fine attitude, your good standards of conduct, your loyalty and leadership and your faith in the future.

The problems of tomorrow rest on your shoulders and we know the youth of our community can be depended upon to fill your rightful place in the days to come. The basic training you've had from the good people of our community, the cooperation with which you have participated in all good and worthy projects . . . your faith in things religious and your determination to succeed, will result in many wonderful experiences to the youth of our community. We're proud of you!

[illegible] — Mrs. H. Murphy had Diabetes for 30 years and used insulin once or twice a day for 7 years. She was free from Diabetes for less than three (3) months, without the use of Drugs or Insulin or any kind of shots or pills after the first two weeks of taking Doctor Hoskins [illegible] experienced no more unnecessary thirst, nor hunger, nor craving for sweets. She no longer needs to use needles or Insulin, and feels better than she has for 25 years and eats the same now as any other healthy person does. Anyone who is interested may call her for reference at CL. 3-6087. She will be glad to talk to [illegible]

Dr. Philipp Barhorst, O.D. has Reg. U.S. Pat. Off., Washington, D.C., dated February 20, 1956, numbered [illegible] and [illegible] 17, 1954. Reg. number AA 258838 Drugless, Non-Insulin Diabetes Medicine or Tonic.
NO DRUGS, NO NEEDLES, NOR ANY KIND OF SHOTS OR PILLS. You can be free of Diabetes in less than 3 months.
No money until you are SURE of being free of Diabetes. The first two weeks after taking Diabetes medicine patients are no longer unnecessarily HUNGRY, THIRSTY or have craving for sweets. Because our body must make Natural Insulin, then you can be free of Diabetes—Diabetic. If rules are followed strictly you will need no more needles or Insulin.

Barhorst has an entirely different VIEWPOINT of FITTING GLASSES. Glasses ALONE will not keep people from going BLIND. It is necessary to KNOW the CAUSE of the Eye TROUBLE to overcome it which brings up the condition of the HEALTH to IMPROVE the EYES.
There are many people PARTLY BLIND, glasses do not make them SEE better. Did you ever hear of a Doctor who has a MEDICINE you DRINK, that MAKES YOU SEE BETTER, and brings your Eye sight to where you can SEE at a DISTANCE, and READ FINE PRINT. It does not have DRUGS, and is WITHOUT NEEDLES, or any KIND of SHOTS, PILLS, or KNIFE that will make them see again at a distance or small print, in less than 3 months. No MONEY UNTIL YOU ARE SURE you SEE DISTANCE and SMALL PRINT.

If you are planning to freeze your garden produce, remember that some of the vegetables lose their flavor, others become tough or woody, and many of the fruits spoil in a short time after harvesting. Thus only quantities that can be handled and prepared for freezing in a couple of hours should be harvested at any one time.

West High School seniors in floating formals and dinner jackets will dance tonight away to the music of Pee Wee Hunt's orchestra. Heavenly clouds, golden harps, cherubims, birds of paradise and a sparkling fountain will transform the school gym into an "Almost Paradise" for the senior prom.

Honesty Still Exists, Young Roger Finds

Hilltop Record carrier boy Roger Cline, 650 Joyful-av, almost didn't make his last bicycle payment—but thanks to the honesty and thoughtfulness of Norman Pohle, 3108 Wicklow-rd, he did.

Roger was frantic and feeling quite destitute Saturday morning when he discovered he had lost his monthly collection profit of $10.31, which he carried in a leather marblebag.

The situation was particularly grave because the young carrier couldn't meet a bicycle payment without his funds.

However, Mr. Pohle, who obviously believes that losers are 'keepers', found the marblebag and took it straight to Roger.

Evidentally, Mr. Pohle is old-fashioned enough not to believe in rewards, either. Roger couldn't get him to accept a thing except a great big 'thank-you.' And that's all Mr. Pohle really wanted.

$150 Buys Lots of Fun

One hundred and fifty dollars can buy hours and hours of fun for the entire family . . . safe and sane fun right in your own backyard.

"Confederate" dollars, 150 of them, can pay for an outdoor cooking grill, playground equipment for the youngsters, new lawn furniture or any of the many items offered by Record advertisers.

In addition to the jackpot insignia, ten additional insignia, each valued at one "Confederate" bill, are printed on ads in ten other copies of the Record.

One copy of today's Hilltop Record contains that ticket to family fun, and any subscriber, finding the jackpot insignia on an ad in his copy of the newspaper, can collect.

Insignia are always big and bright, printed in distinctively colored ink and placed in full view on an ad.

Any subscriber of the newspaper whose name appears on our records as having paid in advance or on his carrier boys' route book as a paying customer, is eligible to collect "Confederate" money. Employes or carriers of the Record and members of their families are excepted.

All newspapers containing valuable insignia may be redeemed at the Hilltop Record office, 2465 W. Broad-st, before Saturday noon.

"Confederate" money may be spent at face value with any merchant advertising in the current issue of the Record.

Fire Hits Eldon-av Residence

Approximately $3500 combined damage to house and contents was inflicted Tuesday afternoon when a fire swept through the home of Mr. and Mrs. C. R. Brickles, 80 Eldon-av. Cause of the blaze was undetermined.

The alarm was turned in at 12:21 with two fire companies responding. Chief C. F. Garrett stated he thought the fire had been burning for some time before firemen were alerted.

According to Chief Garrett, the blaze started on the back porch and spread to the sleeping porch and into the kitchen. He placed damages at $3,000 to the house and $500 on the contents. Some caged birds were suffocated.

The house, which was occupied by Mr. and Mrs. Brickle and a relative, was left with every room covered with a jet black film, Garrett said. He added that the ceiling in the kitchen would have to be replastered.

"The fire had a good hold when we got there," Garrett commented, "but the men did a good job in bringing it under control."

By faith we understand that the world was created by the word of God, so that what is seen was made out of things which do not appear.—(Hebrews 11, 3.)

We have never "seen" electricity, or the "waves" which carry radio and TV sounds and images. Yet we have faith in them, for we know that they are, and that they don't just happen. Truly, how can anyone then doubt for a moment that God is?

Dear Son

By Joseph Mergell

Chittlin' Switch, Monday

Dear Son:

We received your letter the other day and keep on writing often because we all want to know how you're getting along in the Army.

You remember me writing you that your cousin Sludge Poozer, got married a month ago? Well, I'm convinced his wife is no cook. I spent last week-end at their place and Sunday morning I saw his bride trying to open an egg with a can opener.

Little Cheddar embarrassed us to no end the other day when the preacher came to call. The preacher asked Cheddar if he knew what was in the Bible and Cheddar told him he knew everything that was in it. When the good preacher asked him to tell what was in it Cheddar said: "A picture of me when I was a baby; one of my sister's curls; a pawn-ticket for Paw's watch and a recipe for home brew.

Once in a while your Aunt Lizzie and I go to the county courthouse to watch the trials. We're not interested in the law but the place is air-conditioned. Jeb Gooch was on trial for attempting to shoot his wife. The judge pointed out that it was liquor that made him hate her; liquor that made him aim it at her and pull the trigger. Jeb replied: "You're right, your Honor! It was the liquor that made me miss her too."

You remember that girl you used to go with from Snod's Gulch? Well, you'd never know her she's gotten so fat. In fact, she finally got so big she had to put on a corset to get into a girdle. She was supposed to get married last week and Meady the Chittlin' Switch Daily Bugle printed this item in the society column: "The bride wore a full length dress and white veil and carried a bouquet of roses. The groom didn't show up."

Uncle Leahmore cooked Easter dinner for us. We had baked ham. Lush put it in the oven at 8 a.m. and took it out at 1 p.m. Every half hour he'd pour a fifth of rum over the ham as he said it made good gravy. After 12 fifths of basting and tasting, Lush went to bed for three days. Paw drank all the gravy and joined him.

Paw and I aren't speaking. At Sunday meeting the parson asked the people if there was anyone present in the group who would let his wife be slandered to stand up. Paw rose and I was that embarrassed. When the preacher asked him why he'd allow his wife to be slandered, your Paw said: "I'm sorry, I thought you said 'slaughtered'." Paw is now sleeping in the shed.

Your loving,
Mom

Local Truckers Honored For Safe Driving

Following the dinner the drivers were guests at a baseball game between the Cincinnati Redlegs and the Brooklyn Dodgers at Crosley Field.

In Passing

By Esther Weakley

MEMORIAL DAY

"Lest we forget," here are some poems to remind us.

ELEGY FOR A DEAD SOLDIER

Underneath this wooden cross there lies
A Christian killed in battle. You who read,
Remember that this stranger died in pain;
And passing here, if you can lift your eyes
Upon a peace kept by the human creed,
Know that one soldier has not died in vain.
Karl Shapiro, in The War Poets. Reprinted by permission.

FALLEN HEROES

Today we honor those who fell,
Our freedom to preserve.
Yet nothing that we do or tell
Can justly, rightly serve,

With sombre thought we meditate
And prayerfully make this plea:
May we never have to decorate
The graves of World War Three.

Robert Preswick.

• • •

UNKNOWN SOLDIER

I think that he resembles every [redacted]
The man in every man whom no one knows;
The man who never has quite voiced his woes,
And knows he never will, and never can;
The man who feels he has a perfect plan,
Yet knows that he can never quite disclose
His dream, nor understand the budding rose.
So it has been since this brave world began.

The Unknown Soldier: he will never be
Revealed to any man; the inmost heart
And mind of man we cannot comprehend.
We are not blind, and yet we [redacted]
We only grope, and apprehend a part.
So it will be, I think, until the end.

H. P. Stoddard. Reprinted.

THE WASTE OF WAR

We are the songs that were never sung.
Pictures that never will be;
We are the ghosts of the stately [redacted]
That never will sail the sea.
We are the wraiths of a million [redacted]
That will never, never be born,
And we are the shadowy whispering rows
Of unplanted fields of corn.
We are the thousand glorious things
That living hands would have done—
But we perished there on the battle field
Between a sun and a sun.

Offer Books For Summer Driving Aid

Most families will be planning an automobile trip during the summer months. It may be just a short drive over Memorial Day, or an extensive vacation trip.

A number of excellent books which give tips for safe and sensible driving can be obtained at the Hilltop Branch Library, 2855 W. Broad-st.

Paul Kearney's "How to Drive Better and Avoid Accidents," a recent book, is planned for the average driver and the new driver. The book explains how a car works, suggests tests and safety measures, and gives advice on driving problems such as how to get out of a skid and others.

Two other helpful titles are Maxwell Halsey's "Lets Drive Right," a textbook for high school driver-education courses, and "Sportsmanlike Driving," a AAA driving manual.

Information especially for the women is given in Charlotte Montgomery's "Handbook for the Woman Driver."

Other books include: "Driving Today and Tomorrow," by Margaret Hyde; "Highway Safety and Driver Education," by Leon Brody; "Exploring Automechanics," by Harold T. Glenn.

The Hilltop Library will be closed Thursday, May 30 in observance of Memorial Day, librarian Mary E. Keyes said.

Summer hours begin June 3. Weekdays 9 to 5:30, Saturday 9 to 5.

For Your Thoughts

Question: Would you favor a 12-month school year?

Mrs. Edward Evans, 637 S. Terrace-av: "No I wouldn't. I'm not in favor of half-day sessions either. I think the children deserve a summer rest."

Mrs. Paul Hafey, 958 S. Harris-av: "No, I wouldn't. I have two small boys, not yet in school, but I would hate to see them in school all summer. I think we pay enough taxes to take care of the crowded situation without sending them all summer."

Mrs. Glen E. Justice, 160 Brehl-av: "I don't think it's a good idea. I certainly think we need more schools and better paid teachers but I wouldn't be in favor of sending the children to school all summer."

Mrs. J. W. Logeman, 121 Midland-av: "No. I don't think I'd care too much for the idea. I have five children in school and I think they need their summer vacation."

Mrs. C. L. McDaniel, 1966 Sullivant-av: "I would favor it only if the children were allowed to still have their three-month vacation, only perhaps on a rotation basis, as some in winter, some in fall and some in spring. I agree that the rooms should be used throughout the year but I can't see children, particularly under 12, attending more than the nine-month school year."

Graduate Of West High Elected Jaycee Head

A West High School graduate was elected to take over the reins of the Columbus Junior Chamber of Commerce.

Colony's New Co-Managers Eager To Please Customers

Mrs. Evelyn Spurlock

William Miller

• • •

The slogan of the Hilltop's Colony Restaurant, "the finest food — the finest people meet at the Colony" was originated by its owner, William Miller. Co-owner is Mrs. Evelyn Spurlock who formerly was with Hoover's [illegible].

Subdued shades of tan and aqua combined with continuous soft music from a Seeberg Hi-Fi music system provide just the right atmosphere for all who dine [illegible].

Mrs. Spurlock, who knows the restaurant business like the back of her hand, admitted "things have slowed down since 1950." She blames it on television and recreation rooms being built in so many homes although she added "party business is picking up."

The bulk of their business consists of white-collar workers — business men from factories and oil companies near-by. The surroundings are conducive to the relaxing mood a businessman needs on his lunch hour.

Miller, who occasionally plays the piano in the cocktail lounge, says "organ music is a thing of the past." He ought to know — he used to play it.

The redecoration of the bar in a French "Can Can" theme is currently underway.

Miller, a bachelor, likes the restaurant business because "serving and seeing people is something I've always liked." He added "Mrs. Spurlock and I make a good team." He credits this to her background in personnel and his desire to serve people.

They joined forces and took over the Colony on Oct. 1, 1956.

Mrs. Spurlock belongs to Eastern Star, and American Legion Auxiliary, Southway Post. Miller says "I stick close to the business."

Southern Colonial Architecture Gives Randall's Hilltop Home Air Of Statley Beauty

Stately white pillars and spacious porches characterize the Colonial architecture of the lovely house at W. Broad-st at Lochner-av. The home of Mrs. Cecil J. Randall and the late Judge Randall, the house was completely remodelled and redecorated when the couple bought the property in 1926. A wing housing a library downstairs, and a den and bath up were added, as well as the front porches and a large side porch. Careful attention was given to each authentic detail, from the Colonial type shutters to interior Williamsburg doors with panels arranged to form a symbolic pattern of open Bible and cross.

Hilltop House Furnished In Rare Antiques

By Betty Daft

The Randall home, a lovely landmark standing high on its W. Broad-st hilltop, has for many years charmed passersby. Motorists who travel by only once, as well as those who pass each day, glance with appreciation at the serene, beautifully kept white mansion house and grounds.

To a whole generation of Hilltoppers, the house means even more. Schoolmates of the Randall children remember with pleasure the happy hours spent on the tennis courts and broad lawns, and the hospitality of the [illegible].

And to Mrs. Cecil J. Randall, widow of the late Judge Randall, her children and grandchildren, the house represents all the memories and traditions of their family.

Beautiful antique furnishings, all treasures from the past, are used throughout the house. Much of the furniture belonged to Mrs. Randall's grandmother.

A grand piano, estimated to be 150 years old, dominates the library. Deep-green walls are lined with shelves of books and family pictures, and furnished with a red leather sofa and chairs in pale leather. Floor-length windows are hung with gold drapes and a door opens onto the side porch.

Sunny yellow, used in the kitchen woodwork and cupboards, is accented with blue walls and deeper blue floors.

Two steps lead down from the master bedroom to the late Judge Randall's den, with its knotty pine panelling and red brick fireplace. His diplomas are hung on the walls, along with the guns, bullet pouch and powder horn which had belonged to his great-grandfather. Comfortable leather chairs are in red, gold and blue and over the massive desk is hung his 33rd degree in Masonry. A door opens onto the upper front porch, and another to the adjoining bath.

The middle bedroom, bright and airy with its wide, long window, is furnished in warm-toned maple, and papered in a yellow, floral pattern. Green paper in a dogwood pattern, with bright accents of deep coral silk in drapes and twin bedspreads, is used in the back bedroom.

Blue upper walls in the bathroom are combined with white tile on the lower half of the walls, and black and white tile floors.

—Photos by Gross

Elegant and beautiful, the long living room is carpeted with Orientals and furnished with treasured antiques. Gigantic chandeliers are hung with prisms of crystal and the fireplace on the left is an exact copy of one in an old Boston home. In the portion of the room shown above, a mirrored wall, left, reflects the bay window opposite. The graceful period sofa is upholstered in blue self-stripe and corner chair in soft taupe. The doorway in the background opens into the dining room and the secretary, left, is of walnut. Chairs on either side of the open fireplace are covered in gold and in deep green. Not visible in the foreground is the long front window, extending to the floor and doorways opening on the right to the hall and, on the left to the library. Walls are painted in restful, blue-green and woodwork here, as throughout the house, in ivory.

Mrs. Randall relaxes often on the velvet-covered window seat in the living room, with bay windows overlooking the sunswept lawn. Pieces of colorful antique glass line the window sills and a basket holds favorite magazines.

Dating back to George Washington's time, the grandfather clock in the entrance hall is one of Mrs. Randall's most prized possessions. On the left is the stairway, papered in a Colonial scenic design, and a service hall with powder room and guest closet. The living room doorway is in the foreground.

Massive, beautifully-carved oak furniture in the dining room originally belonged to Mrs. Randall's grandmother and is more than a century old. Rose-colored walls complement the rare, old plates and a china cabinet, in the left foreground, and built in corner cupboards hold other treasured pieces. A tapestry, left, stands beneath a window hung with wide ruffled curtains.

The solid cherry four poster bed and seven-foot-tall antique dresser in the master bedroom would delight any lover of antiques. Other furnishings in the spacious room include carved walnut chairs, upholstered in velvet, a gold chaise lounge, antique chest and desk. Carpeting is in soft browns and walls, papered with large red roses on a white background, are hung with treasured family portraits. In the right foreground, a door opens into the hallway. Another doorway in the left background, leads into the late Judge Randall's den and an adjoining bathroom.

Speaking Of Beauty

By FLORIO

A NEW coiffure idea is here. Maybe it's just the one you've dreamed of! The new "WIDENED" look, we call it . . . a soft puff of satin-smooth hair! It looks polished, discreet, and deliciously feminine . . . and like all beautiful new looks, the "widened" look needs a good foundation. (We've said it before but we'll say it again: a professional permanent wave is the foundation of almost every pretty hairstyle.) We'll choose just the right one to give body and smoothness to your hair.

— F —

The "New Look" needs professional cutting, too. Now the hair must be a new medium length—long enough for soft puffing, short enough to hold the line you like. And we'll set it with a brand new kind of wave lotion just right for the brush-brush-brushing that produces that cloud-like softness. And when every hair is in place we'll hold it with a whiff of hair spray—nicer than ever because it smells so flowery-fresh now! (You'll want to take some hair spray home . . . the "widened" look mustn't become the "wind-blown" look.)

BE FIRST to wear this "big news" under your big fashion hat! Or decide, instead, to contrast the "widened" fashion with your own exclusive "sculptured new hairstyle. Just tell us which look you'd like best. We'll do the rest!

— F —

With the big hats we mentioned, EYES have it! Now eye make-up is all-important. Try out a new green-gold eye shadow . . . or, for very blue eyes, wonderful aquamarine shades to make your eyes turquoise pansies! Practice lining your eye-lid with the same pencil you use for your brows. Try two applications of mascara, to darken lashes to the very tips. Finish with a flick when dry to separate lashes to a lovely fringe.

Starling Wins

Starling's baseball team won two games this last week, defeating Barrett 2 to 0 in a two inning overtime game, and handing Franklin the short end of a 9 to 1 score. Starling is assured of at least a Co-Championship, finishing league play with 8 wins against 1 loss. Jerry Jaynes fanned 14 in the Barrett game 11 in the Franklin contest, with Ankrum's Two base knock that scored the three runs against Barrett, being the big blow. In the Franklin game good fielding and timely hitting brought victory to Starling.

"I'm glad to get that job off my mind"
"Like most family men, I took out enough insurance to protect my family when I was a young man. Several years ago I drew a will so that my affairs will be left in good order. And now I have completed arrangements for memorial space with indoor care at Sunset Cemetery and Crematory, which relieves my family of life's hardest decision.
"I expect to live for several years, but I'll never have to worry about this again—it's all arranged and paid for in advance. A difficult decision? Not at all, but how terribly difficult it would be if my widow had to do it alone!"

Most Jobs Are Done By Owners

Insulation is a major means of "controlling the climate" inside a home. Right now, with warm weather just ahead, the immediate interest in insulation is focused on its effectiveness in keeping the sun's heat outside the house and thus reducing room temperatures very appreciably.

At least equally important, however, is the excellent job of keeping furnace heat inside the house which insulation does during the cold weather months.

Loss of heat through the walls and ceilings is reduced as much as 80 per cent and fuel bills reduced by as much as one-third. As a matter of fact, insulation is a self-liquidating home improvement, because it can pay for itself in fuel savings in a relatively short time.

Insulating materials are made of mineral wool, rock, glass or slag, paper pulp, gypsum, asbestos, cork, aluminum foils, vermiculite, cotton and other vegetable and mineral matter.

Do-It-Yourself Project

Usually a home owner can do his own attic insulation, either by stapling blanket insulation between the roof rafters or by spreading bulk insulating material between the attic floorjoists.

In cases where the blanket of insulation can be applied on an open surface, the so-called "flexible" type is excellent. This takes the form of "blankets" or "quilts" and comes in long rolls as well as in "batts" or pre-cut sections. It is made wide enough to fit in the hollow spaces between studs, rafters and joists in walls or ceilings or under the roof.

The "batts" or pre-cut sections are simply placed between the joists of unfloored attics. A simple stapling gun can be used to tack each roll. If purchased in long rolls, these can be cut to the desired dimensions as installed. In the case of floored attics, it will be necessary to remove the floorboards.

"Fill type" insulation (which comes in bales or bags) is often favored for floored attics, which can be insulated by removing one or two floorboards and pouring the material under the floored portion, where it can be smoothed by means of a "cardboard rake" nailed to a wooden handle.

"Fill Type" Insulation

If the attic is unfloored, "fill type insulation can be poured directly from the bag into the spaces between the joists. It should then be evened off to a three-inch depth.

If you are finishing off an attic, you can insulate at the same time by using "insulating boards" which have sufficient structural strength to use as a base for plaster. Many of these boards can, themselves, provide a decorative finish.

"Reflective" materials afford another type of insulation, which functions by turning back heat, much as a mirror reflects light. Aluminum foil is bonded to heavy building paper or wallboard.

House walls cannot properly be insulated from the outside by amateurs. This job calls for a thorough knowledge of house construction as well as professional skill and special equipment.

County's Largest Taxpayer!

FRANKLIN COUNTY'S LARGEST TAXPAYER, Columbus and Southern Ohio Electric Company has paid its semi-annual tax installment amounting to $518,793. Pictured here is W. O. Randall, right, assistant treasurer of the utility presenting the whopping tax payment check to the county treasurer, Newton Thatcher. The Electric Company will pay approximately $1,038,000 in property taxes to Franklin County this year. The company's total tax $9,367,034 in 1956—equivalent to 23 cents of every dollar of revenue.

Employees In 2 Plants Get Raise

Employees in two local plants are taking home larger paychecks . . . due to recent increase in the cost-of living index.

Westinghouse employees received a two cent per hour boost on May 27, their fourth cost-of-living increase since August, 1956. The raise will cost the local plant approximately $3200 per week.

General Motors pay raise of six cents an hour went into effect on May 29, as part of the company's wage formula which has been part of union agreements since 1948. This formula had added upwards of 68 cents an hour hour to employees' base pay since 1948.

THIS WEEK LOOK FOR:

FRUITS — Strawberries, pineapple, rhubarb, canned peaches, pears, plums.

VEGETABLES — Asparagus, cabbage, new potatoes.

MEATS — Veal, round steak, turkeys, chicken.

Vegetable News

Vegetable counters are showing signs of summer. First in the vegetable parade is asparagus, now in peak supply in central Ohio. Quality and price are now at their best.

New red or white potatoes from Florida, and the long white ones from California, perk up May and June menus.

Solid green heads of cabbage from Florida and South Carolina make tasty cole slaw. Have the shredded cabbage cold and crisp, then mix gentle with a good quality tart salad dressing just before serving. Shred or cut cabbage into your tossed salads, too. New green cabbage makes an excellent, inexpensive cooked vegetable if steamed only four or five minutes.

For interest in your salads look for crisp new leaf lettuce, romaine, escarole and endive. Since greenhouse tomatoes are now better in quality and price, they are a colorful choice for salads, suggesting summer time in your menus.

Veal

During, May, June and July, veal is in peak supply, best in quality, and lowest in price. So, if you and your family are looking for variety in the main course, you might consider veal.

The lean meat of true veal is fine grained, soft, moist and light pink in color. The fat, if any, is milky white and is found on the outer surface of the lean. Veal is never marbled with fat, as is beef. The bones of veal are soft, and when cut, are dark red on the surface.

The best guides to quality veal are the purple "U.S. Inspected and Passed" stamp for wholesomeness, plus the "Federal Grade' stamp and the packer's brand name.

For top flavor, veal should be roasted, braised or stewed to the well-done stage. Allow 30-35 minutes per pound for a 4½-pound roast in a 325 degree oven. A meat thermometer should read 170 degrees F. when done. Use no water and roast in an uncovered pan.

Rhubarb Pie

For a real spring tonic, try this rhubarb pie recipe—

3 tablespoons quick cooking tapioca
1½ cups sugar
¼ cup salt,
2 tablespoons grated orange rind
4 cups fresh cut-up rhubarb
1½ tablespoons butter

Pastry for 2-crust 9-inch pie.

Mix together tapioca, sugar, salt and orange rind. Mix dry ingredients lightly through rhubarb. Pour into pastry-lined pie plate. Dot with butter. Cover with top crust that has slits cut in it. Sprinkle top crust lightly with sugar. Bake at 425 degrees F. about 10 to 15 minutes. Lower temperature to 325 degrees, then bake 30 minutes or until done. Serve slightly warm.

Big-Time Producers

MILK PRODUCTION UP—Farmer Albert Amer, of Lexington, Mo., was expecting an addition to his Jersey dairy herd, but certainly not triplets from one cow. Cattle experts report triple births in cattle occur only once in 100,000 births. The calves were only one day old when this photo was taken.

NOT A YOGA EXERCISE—It would take a big man to handle this toothbrush and tube of toothpaste. The toothbrush is being used as an uncomfortable seat by the painter as he applies finishing touches to the tube. Both were used in a dental display at a children's show in Paris.

—Photos by United Press

LUMBER SHORTAGE?—It wouldn't take the lumber industry long to supply all the nation's needs if it had crews with giant axes like this fellow has. Chet Shandel, king-sized boxer, turned woodsman, portrayed the mythical Paul Bunyan at a recent lumberjack gathering in Fort Bragg, Calif.

HERE'S A REAL PRODUCER—This International Drott machine can operate either as a clamshell, bulldozer, shovel, or bulldam merely by a flip of a lever. Its versatility makes it an economical utility machine for any earthmoving job.

Strawberry Time Is Here

For folks who like their strawberries, "now is the time."

Extension Specialists in Marketing Information for Consumers at the Ohio State University, see in the current supply of fresh berries on the market, an opportunity to include this delicious fruit often in menus around the clock.

They point out that strawberries may be served as a breakfast fruit with cereal, in salads or desserts with other meals, as appetizers or for between-meals treats. Naturally, when berries are in season locally market offerings tend to be somewhat better in quality. Freshly picked strawberries have a gloss or shine which disappears after a few hours. Only locally grown berries can reach stores quickly enough to retain this gloss.

Solid, bright red color is preferable. It indicates ripe, freshly picked berries. Another mark of fresh, quality berries is the presence of the green cap at the stem end. If the caps are missing, the berries are probably over-ripe. Such fruit may have an undesirable flavor.

In selecting berries in the market, the shopper should choose fruit that is dry and clean in addition to having the other indicators listed by the marketing specialists.

DIABETES — NO NEEDLES OR INSULIN — Mrs. M. Murphy had Diabetes for 30 years and used Insulin once or twice a day for 7 years. She was free from Diabetes in less than three (3) months, without the use of Drugs or Insulin or any kind of shots or pills. After the first two weeks of taking Diabetes Medicine she experienced no more necessary thirst, nor hunger, nor craving for sweets. She no longer needs to use needles or insulin, and feels better than she has for 25 years and eats the same now as any other healthy person does. Anyone who is interested may call her for reference at Ch. 3-6017. She will be glad to talk to you.
Dr. Philipp Barhorst, O.D., had Reg. U.S. Pat. Off., Washington, D.C., dated February 28, 1956, numbered KK 120908 and March 17, 1956, Reg. number AA 258433 Drugless, Non-Insulin Diabetes Medicine or Tonic.
NO DRUGS, NO NEEDLES, NOR ANY KIND OF SHOTS OR PILLS. You can be free of Diabetes in less than 3 months.
No money until you are SURE of being free of Diabetes. The first two weeks after taking Diabetes Medicine patients are no longer unnecessarily HUNGRY, THIRSTY or have craving for sweets. Because our body must make Natural Insulin, then you can be free of Diabetes—Diabetic. If rules are followed strictly you will need no more needles or insulin.

There are many people PARTLY BLIND, glasses do not make them SEE better Did you ever hear of a Doctor who has a MEDICINE you DRINK, that MAKES YOU SEE BETTER, and brings your Eye sight to where you can SEE at a DISTANCE, and READ FINE PRINT It does not have DRUGS, and is WITHOUT NEEDLES, or any KIND of SHOTS, PILLS, or KNIFE that will make them see again at a distance or small print in less than 3 months. Scene Of Too Many Mishaps

NEEDED: ONE TRAFFIC LIGHT—Scene of many traffic mishaps is this heavily traveled corner where Hague-av intersects Mound-st. Another accident was added to the climbing toll when two persons were injured at the intersection last week. The heavy traffic in addition to the number of mishaps which occur at this corner, should incite the city to install more effective signals to control traffic at this intersection.

Most Deadly Instrument

The second most deadly instrument of destruction is the atomic or hydrogen bomb but the first and most destructive is the human tongue. The bomb merely kills the body but the tongue kills reputations and many times ruins characters.

Each bomb works alone while each loaded tongue has a thousand accomplices. The havoc wrought by the bomb is visible at once. The full evil of the tongue lives through the ages and even God Almighty might tire of tracing it to its finality.

—Ohio Mason

Hilltonia Junior High Adopts School Creed

Congratulations are in order to the student council of Hilltonia Junior High School on the adoption of a school creed. The class has printed copies of the creed to be passed out to each student. It follows:

WE BELIEVE

One who wishes to lead must first follow a leader. However, in striving to acquire the qualities of good leadership, we the students of Hilltonia Junior High School do not always wait to be told what to do. We will prepare ourselves in order to be ready to serve, since opportunity for service comes most to those who know how to do their work.

We indeed find we have many great riches here is Hilltonia Junior High. It is here we should take stock of what we are, what we do, what we have, and what we want to be. All of us are rich in time, rich in abilities, and rich in opportunities to do something useful. In developing these resources we will follow the rules of good sportsmanship and will respect the rights of others regardless of their race or religion.

We believe firmly in God and our country and promise to live up to our beliefs.

The project has had the cooperation of Mrs. Wilma Browning, instructor, and Principal L. H. McAllister.

Residents To Ask Council For Relief

Residents in the area north of Broad street near Roys-av, and immediately south of the Big Four R.R. will present a petition to city council on Monday evening, June 10, asking for relief from the extensive overflow of Dry Run creek in their neighborhood. Mrs. George W. Hoover, 204 N. Roys-av, heads up the group.

Mrs. Hoover points out that the quiet little creek of 10 years ago has grown up with the expansion of the city west and because of the rapid flow of water now it sometimes gets ten feet deep and extends across 20 to 30 feet. It is causing extensive damage to property in the neighborhood, she claims.

Owners of the property in the new Hilltop Civic Center on Valleyview-dr, have agreed to offering cooperation to the city in allowing easement for a storm sewer north of the railroad providing plans for such a sewer meet with their approval.

But representatives of the Hilltop YMCA, Glenwood Methodist Church, Luther B. Turner Lodge and the Columbus Board of Education in a meeting Monday noon stated they would object to any proposal for an open ditch across their property.

They point out that such a ditch would serve as a hazard to children who might be playing in the recreation areas there or among children coming to or going from the new Valleyview School. They have offered their cooperation in trying to work out some plan as might be presented by the city.

The school board plans to construct an underpass for children near N. Roys-av, in the future.

Neighbors Give Party, Accordian To Blind Boy, 19

A 19-year-old boy couldn't have asked for a nicer birthday party. After all, there were three cakes, a wiener roast, about 30 of his friends to wish him happy birthday, and then, there was the new accordian.

Friends and neighbors of Paul David Zanatsky, of 698 S. Wayne-av, got together and threw a party for the blind teenager, May 25. The party was held on Mr. and Mrs. Max Norris's farm in Delaware, O.

The big surprise came when they presented the musically-inclined youngster with a new accordian. Paul, who lives with his widowed mother, Mrs. Julia Zanatsky, has played for the group at various gatherings.

This was their way of saying "thank you" to the talented teenager who needed a "boost." His accordian was getting old and Paul, who receives no aid from the blind, couldn't afford to buy another.

The accordian was what might be called a "community project." Mr. and Mrs. Elmer Morris, of Delaware, O., collected money from two churches and Paul's friends.

Mrs. Morris, expressing the opinion of the group, said "We think he's wonderful. He has played the piano and accordian at our social gatherings and we feel maybe with this new accordian he can find work and play for others too."

Confederate Memorial Day Recalls Hardships Of Prisoners At Old Camp Chase During Civil War

2,260 Soldiers Buried In Lot On Sullivant

For those old and new residents who know little about old Camp Chase Cemetery, located on Sullivant-av between Powell-av and Guernsey, the famous Civil War camp presents a fascinating study for all who delve into its colorful past.

It is of particular interest to local residents now because every year, the Daughters of the Confederacy and American Legion join in a memorial tribute at the graveyard to commemorate the Southern Memorial Day, which is usually held the week after our own Memorial Day.

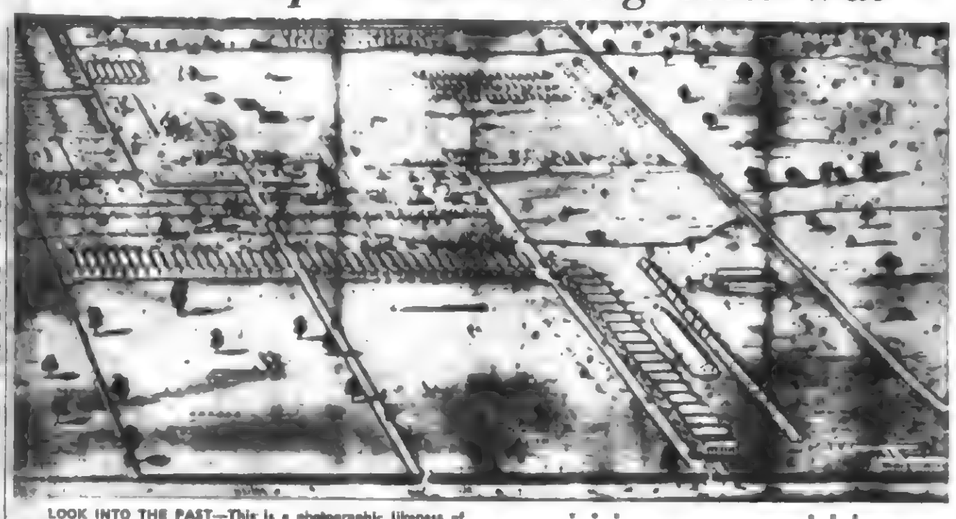
The Confederate observance is commemorated on the Sunday closest to the birthday of Jefferson Davis, the only president of the Confederacy. Services will be held at the cemetery Sunday, June 9, at 3 p.m.

The historical cemetery, in which some 2260 Confederate soldiers are buried, was one of the earliest institutions to occupy the Hilltop.

The prison section occupied 172 acres and at one time, held 8000 Confederate soldiers as prisoners.

Only a remnant of the once 635 acres which made up Camp Chase remains. Five Quaker families bought the land for $87.50 an acre and divided the land into farming tracts.

At one time, there were 160 buildings on the camp, one of which was called the "pest house." When smallpox broke out in 1863, the disease and sickness was so widespread it took the lives of most of the 8000 prisoners, the largest number ever held at the camp.



The dead from this disease are buried in the present Camp Chase Cemetery. A separate structure, the "pest house," was erected to care for the sick. It's said the old locust tree which stands just north of Sullivant-av on the west side of Hague was the location of the "pest house."

It appears Camp Ghase was the scene of some colorful activity during its military stay. Fifty Negro slaves were discovered on the grounds, dutifully waiting on the Southern soldiers. Seems they were brought there as slaves for the men.

Whiskey and other forbidden articles were often smuggled in through various clever disguises. One of the most fetching, at least for the prisoners, was the young woman who was caught with quite a number of bottles hidden in her hoop skirt. Cans pasted with "canned peaches" were used as firewater containers and milk cans with false bottoms were conjected by the clever prisoners.

When old Camp Chase was abandoned, many of the buildings were torn down and some of the lumber shipped to Dayton, where it is said to have been used in part in constructing the Old Soldiers Home.

The 37th Infantry Band will play at the Confederate Memorial Day services at Camp Chase Cemetery. Special musical arrangements will be presented before and during the ceremonies.

LOOK INTO THE PAST—This is a photographic likeness of a soldier-artist's interpretation of Camp Chase in 1863. The photo is a layout drawn by A. Ruger, a soldier with Co. H., 88th O.V.I. The picture depicts the famous Civil War camp, the largest of five established in Ohio. The road in the immediate foreground is W. Broad-st and the main entrance right, is located where Alum Blvd is now.

Brown Fills Vacant Coach Spot At West

Summit Station pigskin mentor, William L. Brown, 3556 Karl-rd, was appointed assistant football coach at West Tuesday by the Columbus Board of Education.

Brown fills the vacancy created when Bill Schmittler was promoted to head football coach after Mac Pemberton resigned last December to accept a special assignment at the new Hilltonia Junior High School.

A graduate of Marshall College in 1951, Brown attended Gauley Bridge High School in West Virginia and served two years in the army. He has been football coach at Summit Station since 1954.

Local Man Retires After 15 Years With Bank

Hilltopper S. W. Colburn, of 67 S. Harris-av, retired May 31 after 15 years service with Huntington National Bank as a special guard.

The employees at Huntington gave him a portable TV set as a going-away present.

Mr. Colburn and his wife Alverta are planning to visit their son, who's managing editor of the Richmond Times Dispatch, in Nov. and will spend the remainder of the winter in West Palm Beach where their daughter resides.

Mr. Colburn is a member and past patron of Humboldt Lodge No. 476 and will receive his 50 year pin in Masonry. His wife is a past matron with Eastern Star.

Mr. Colburn and his wife have been members of Glenwood Methodist Church for over 40 years.

Are you looking for a new hobby? Your Columbus Public Library has hundreds of books on such varied hobbies as stamp collecting, sewing, archery, photography, painting and many others.

Vacations would be enjoyable if it were not for the pre-vacation stress and the post-vacation strain.

West Earns Three Spots On City Team

West's co-championship baseball squad was awarded three positions on the City League Coaches' All Star team picked recently. Named to the stellar team were Ken Clapsaddle, pitcher-infielder; Dennis McDonald, outfielder; and Parker Brimer, outfielder.

Honorable mention was given Gene Brobeck, Larry Price, Don Furry and Gary Link. Central snatched five berths on the All League squad while Linden-McKinley, West and North earned three, Aquinas nabbed two, and East and South picked up one position each.

Clapsaddle Hurls No-Hit Ball At West

Bronco pitcher Ken Clapsaddle turned in a no-hit performance last week as the Cowboy diamond squad rolled to a 3-0 victory over Aquinas to retain a share of the City League crown.

Their 9-3 record matches the one turned in by the Central Pirates who earned a decision over East the same day to grab a share of the title.

Retiring the first 14 men who faced him, Clapsaddle hurled five strike outs and allowed only one ball to go out of the infield. One batter reached first on an error on the seventh and Clapsaddle hit another in the fifth.

West picked up two runs in the third and added another in the fifth on six hits. The Aquinas slate was clean with no runs, hits or errors.

Dear Son

By Joseph Martell

Chittlin' Switch Monday

Dear Son,

While you're away in the Navy we know you'll want to keep up with all the scandal here in Chittlin' Switch.

Zed Tench, the one with the 26 children, went to court the other day to divorce his wife. He told the judge that they hadn't been married a week when he began to hate her and he wanted the divorce due to incompatability. When the judge asked him how he could call his marriage "incompatable" and have 26 kids, Zed told him he thought he'd eventually lose her in the crowd.

Your brother, Clem, the weakone, is taking a correspondence course in athletics and received 50 pounds of equipment a day. I can't honestly say the course is doing him a bit of good but we have the best developed mailman in Chittlin' Switch!

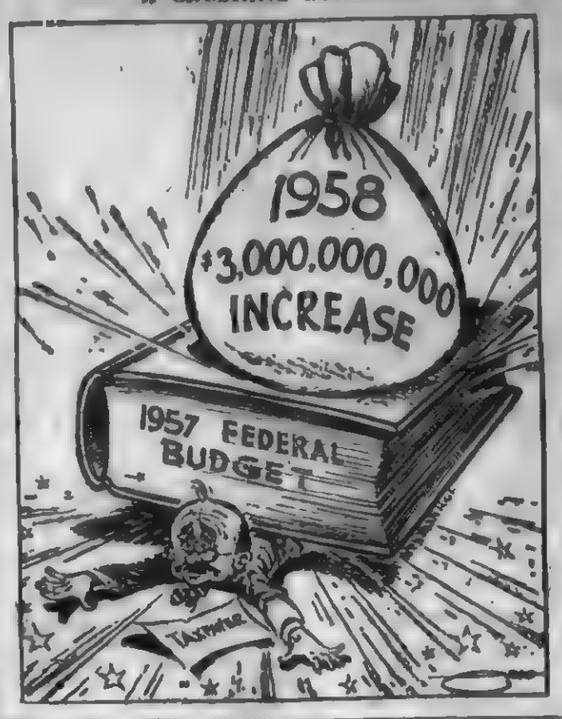
Not too long ago, Pyorrhea Snodgrass, the snooty girl from the Four Corners, went to the city to take a business course. She came back to the Switch and got a job in a law office. The first day on the job the lawyer called her in the office and told her that as soon as he drew up his briefs he'd give her some dictation. Pyorrhea said: "I know exactly what you mean. I have the same trouble with my stockings."

Little Cheddar isn't doing too well in school. You could say he's slightly on the backward side. One of the questions he had in a test at school the other day had to do with what Lincoln was famous for. It seems that "building the Lincoln Tunnel" is not the right answer. Everyone knows it's the Lincoln Highway.

Also, the judge was trying a woman for putting poison in her husband's morning coffee. She was found guilty. Just before he passed sentence he asked her if there wasn't one moment when she felt sort of sorry for him. She said "Yes, your honor. When he asked for the second cup."

The other day Ned Poozer the mailman brought us one of those engraved wedding invitations inviting us to Lettie Goon's wedding. It was the first one we ever got and we're puzzled by the letters "RSVP" in the lower left hand corner. None of the neighbors knew what they stood for either. We finally brought it to Sol Goldberg who runs the hockshop because he's been to Brooklyn and he'd know. He said they meant: "Remember Send Wedding Present."

Must stop here and looking for a letter from you soon . . .



Your loving,
MOM

THE CHAPEL ROAD

The chapel road is wise and still.
And pious people say
That every flower that blossoms there
Has learned the way to pray.

So holy is the chapel road,
The old folk tell the young,
That every tree bows down its head
When Angelus is rung.

The pageants parade into town,
A laugh in every clod,
The chapel road is still and wise.
It knows the way to God.

Mary C. Vaughey, in
The American Album of Poetry.

Speaking of roads. A few weeks ago, coming from Portsmouth we saw a winding road lined with dogwood, redbud and other lovely things so we (Pop and I) decided we weren't too old to live dangerously and follow the road. It wound up in somebody's corn field but it was fine while it lasted, and we even saw a deer. It was a road full of curves and we never knew what to expect while we were going around the curves or when we had made them safely. Going around them was thrillingly hazardous but the views were always worth it.

Quote—Policeman to driver of long new car: "Look, lady, if you can't park it all, park as much of it as you can" . . . It's hard for a fellow to keep a chip on his shoulder if you allow him to take a bow . . .

Peach trees in bloom again,
Pink petals blow
Down across the pig-pen . . .
Beauty wasted so! Unquote.

Mail—From my favorite shutin: "The doctors went into a huddle and looked grave (as all the stories have it) and told me I'll never walk again. They don't know me very well, do they? They think I won't, but I know I shall" . . . From Columbus: "We just returned from a week in Maine. We and the sea gulls had the shore alone. It was peaceful and quiet—and not as expensive as it will be when the season opens. The natives in the little Cape Cod towns are getting ready for the 'summer people.' You never saw so much painting and beating rugs and airing bed clothes" . . . From Charleston, W. Va.: "If you want to see West Virginia at its best, you'd better come down while the rhododendrons are in bloom."

Classes Set In Swimming, Life-Saving

Swimming and life-saving classes in the seventh annual water safety campaign co-sponsored by WBNS-TV and Red Cross are scheduled to start in most Franklin County pools about the middle of June.

Free Red Cross swimming and life-saving instruction will be available in this area to those holding membership at Hilltop, Westgate Manor and Hallridge Country Club.

Last summer 70 swimming and 46 life-saving certificates were issued by Red Cross to children and adults attending the Hilltop and Westgate pools. The program will be new at Hallridge Country Club this year.

4 Reasons Why:
YOU SHOULD KEEP YOUR GAS FURNACE PILOT ON THIS SUMMER...!
You will find it wise to leave on the pilot light in your Gas Furnace during the summer months. The cost is small, and there are many practical benefits:
LONGER LIFE FOR YOUR HEATING SYSTEM
The small amount of heat from the Gas pilot keeps heating equipment dry during the summer months. This prevents rust and prolongs the life of your equipment.
HEAT WHEN YOU WANT IT
You can take the edge off chilly summer days with a touch of the finger. Using your heating system for just a few hours helps to rid your house of dampness, too. You also have instant command of your heating system for cool days in late spring and early fall.
A MORE COMFORTABLE BASEMENT
The slight amount of heat generated by the gas pilot maintains a gentle updraft in the chimney. This helps ventilate the basement and dry the air, reducing dampness and increasing your comfort.
NO WAITING FOR WINTER HEATING
With the pilot light on, you're all set in the fall. You avoid the inconvenience of having to wait to have your furnace lighted.
Yes, if you heat with GAS, it will pay you to keep your furnace pilot on this summer...!

For Your Thoughts

Question: Do you think we have adequate outdoor recreational facilities in the Hilltop area?

Mrs. Wilbert Harrington, 138 N. Wayne-av: "No, I don't think so. I think we need more places for teenagers during the summer months, for instance, an outdoor dance hall. There just isn't enough to keep them off the streets."

Mrs. Haslett L. Rooney, 1123 Harrisburg-pk: "No, I think we need more parks and play areas for the children. There are so many more children than there used to be that facilities just haven't kept up with them. We need more pools, too, and its getting harder and harder to get into the ones we have."

Mrs. Mary Worthman, 219 S. Eureka-av: "I feel that there is always room for expansion with this sort of thing. Certainly, if they would spend some time improving our facilities, I think adults and children, too, would take more advantage of them."

Mrs. Robert E. Greene, 1933 W. Mound-st: "I don't think we ever have enough, do we? Actually, I'm not very familiar with the situation here as we don't [illegible] summer recreation.

Hilltoppers In The Dark As Car, Pole Hit Head-On

Hilltoppers were in the dark for about an hour last Thursday but it wasn't because the electric bills weren't paid.

An auto driven by Alonzo Shavers, 33, went out of control and split a Southern Ohio Electric Pole near Columbian-av.

Electric wires sagged and broke, cutting off the current in a large section of the Hilltop for about an hour.

According to Shavers, bright lights from oncoming cars temporarily blinded him as he drove west on Sullivant-av. He was unhurt. No telling how many Hilltoppers bumped their shins in the dark though.

KEEP AHEAD!

Do you have trouble keeping ahead of the dust and dirt? Mrs. George Anderson, 3132 Whitehead-rd, figured out how to get her 'head above the housework.' After advertising in this newspaper for a cleaning lady, she had 100 or more calls. The result? A wonderful person to help with my housework, says Mrs. Anderson.

If you haven't visited the Columbus Library recently, you owe it to yourself to pay a visit. It offers you the world's greatest bargain in free education and entertainment.

The West Hill Scouting Trail

By Mrs. James W. Whalen
Public Relations, Dist. 10

Since most troops in this area will not continue meeting throughout the summer, we have the following suggestions to offer:

State Fair: Hostesses needed: four intermediates (12 years or older) or seniors and one adult are needed to serve as hostesses in the Girl Scout booth at the Ohio State Fair, Aug. 23 through 29 from 9 to 11 a.m. and 7 to 9 p.m. Hours on Aug. 30 will be 9 to 11 a.m., 11 a.m. to 1 p.m. and 3 to 5 p.m.

Choose a day, time and alternate, then call or write Mrs. Arthur E. Amick, 442 Wetmore-rd, Columbus 14, (AM. 3-9173) and register your troop by June 10.

Make plans now before the troop disbands for the summer to represent this council at the fair.

Think about demonstrating that fine project you had this year. Four girls and one adult are needed to make demonstrations of 20 to 30 minutes each at 2:30, 4:30 and 6:30 p.m. from Aug. 23 to 30. Call Mrs. Amick by June 10.

FOR PREMIUM BOOKS, write D. Robert Jones, Ohio State Fairgrounds, Administration Bldg Columbus.

Memo: open house at KJ June 23 from 2 to 5 p.m. You are invited to tour Camp Ken-Jockety with your family and friends. The camp director and counselors will be present with members of the Council and camp committee to answer questions and interpret living and program. Since this is the only visiting day during the summer, parents of new campers, new leaders and families of future campers are urged to visit.

West Hi Troop 61 under the leadership of Mrs. Lucy Bottman, are working on their five point program and have been busy checking with local riding academies to schedule riding lessons for members prior to their trip to the Girl Scout lodge at Ogiebay Park, Wheeling, W. Va., where numerous bridle paths are in the 200-acre park. Ogiebay Park is the former home of Col. Ogiebay, which he left for the people of Wheeling to enjoy. Also located on this park site is the educational museum containing many types of carriages and the history of transportation.

Once again, this summer, Girl Scouts in Ohio Trefoil Council will save sales tax stamps for our second fall stamp roundup. As in previous summers, every Scout is going to ask all her neighbors and friends for stamps, with the hope that each scout gathering together one hundred dollars worth of stamps. Last summer hundreds of girls reached this high aim. It will not be too difficult to reach this goal. Millions of sales tax stamps are never turned in for redemption.

Proceeds from these tax stamps will be used to purchase new land for a senior camp or to enlarge Ken-Jockety or develop a year-round campsite. The new north half of Ken-Jockety was brought in this manner.

Perhaps a rainy summer day is a good time to collect children's books for the Juvenile Diagnostic Center or good magazines for our friends overseas.

For the month of June the following troops in district 10 are scheduled to be registered: 22, 129, 423, 424, 565, and 567.

A special study of the constellations will be held June 10 at Blacklick Woods. Anyone in the neighborhood interested in attending this study of the constellation should contact Mrs. Robert Merrick, BR. 9-3216, neighborhood chairman.

The Metropolitan Park system is also sponsoring a course of study of birds, rocks, fossils, animals, and stars for intermediate [redacted]

Fine Woods, Craftmanship Used At Customade Shop

Ralph Clements, owner of Customade Cabinet Shop at 3800 Sullivant-av, is a man who likes his work. "My work is my hobby" says the friendly builder turned carpenter who started as a carpenter when he was 23 years old.

Ralph Clements

A contractor for 25 years, Clements decided to specialize in cabinet making seven years ago. For three years he occupied a building at 3428 Sullivant-av which he built himself. Four years ago he moved to his present location, a one-floor structure which he also built.

Clements and his staff of four full-time cabinet makers build valances, bookcases, planters, and other such items. They work strictly on an order basis. Nothing is for sale, all work is built to order. "We don't have time for commercial work" Clements explains.

They start literally from scratch, working with raw wood to the finished product. A rising trend toward modern birch cabinets and requests for built-in dishwashers, ovens, mixers, and other appliances has been seen the last five years.

Space-conscious customers remodeling their attics ask for built-in desks, closets, and furniture. Built-in furniture is a specialty of the shop. Clements extends an invitation to all Hilltoppers to "come on over and see how its done."

He and his wife Flossie live in a ranch style home at 320 Powhatan-av. The stone and shingle 77-foot home, built by Clements, was featured last year in a "Home of the Week" story in the Record. Their tastefully decorated home is a tribute to his wife, whose hobby is interior decorating.

Mr. and Mrs. Clements have one daughter, Mrs. Robert South and a nine-year-old granddaughter.

They both love traveling and plan a motor trip to Canada this summer.

An HBA member, Clements belongs to West Franklin Kiwanis Club and attends St. Paul's Lutheran Church.

'Challenge Sale' Begins At Glick's

Termed by company officials as "the most spectacular merchandising campaign ever attempted in our 50-year history," Glick's have launched a "Challenge Sale" at their four stores, [illegible] the Great Western store.

Robert A. Glick, general manager, in disclosing details of this campaign, declared:

"Many homemakers are not aware of the fact that Glick's is central Ohio's largest furniture company, and as such is in a superior position to offer the consumer consistently and throughout the year far greater values than any other store.

"Month after month, our crops of buyers and merchandisers bring to the public what is readily conceded as the lowest possible prices on first grade quality products. We've been doing this for years.

"Purpose of the 'Challenge Sale' is to call this to the attention of Mr. and Mrs. Homemaker, who may not have been aware that Glick's as a member of the United States' largest furniture buying syndicate—500 stores in all—can and does offer more

There's fun and excitement for the kids, too, during Glick's Challenge Sale.

Glick's has arranged to have free pony rides in their Great Western store Saturday from 1 to 8 p.m., attended by Glick's own knight in armor, mounted on a horse in battle array.

return for the dollar spent."

Mr. Glick went on to say that the "Challenge Sale," in addition to the regular everyday outstanding values, will feature prime selections from the nation's leading factories, who have enthusiastically joined with Glick's in this daring demonstration.

Such giants in the field as Kroehler . . . world's largest furniture manufacturer . . . and Simmons . . . world's largest bedding manufacturer . . . have shipped in carload after carload of merchandise all specially priced to help kick off Glick's Challenge Sale.

In the carpet field, the Mohawk and Gulistan mills have cooperated with unusual and outstanding specials, in addition to cooperation from the great appliance factories of Philco, Norge, Motorola and Kelvinator, to mention just a few.

Robert Glick said that he and his brother, William Glick, welcome their thousands of friends throughout Central Ohio to visit any of the four Glick's stores during the Challenge Sale.

"Remember," Robert Glick stated, "this is not a sale event which offers factory seconds, imperfects or undesirable goods. Through the wonderful cooperation of all our resources, we are offering first quality merchandise at these extremely low prices.

"Visitors to our stores will find these savings on just-arrived styles that reflect the very latest in design, fabrics and construction."

Glicks now operates four stores in Columbus, downtown at 95 E. Long-st, in the Great Western and Northern Lights Shopping Centers, and Bargain Annex, at 48 E. Long-st.

Speaking Of Beauty

By FLORIO

OFTEN SOMEONE SAYS to me: "Yes, I'm sure a professional permanent wave is better for my hair and my appearance . . . but why?"—the answer is very clear, if you remember a permanent wave is the foundation of your hairstyle. (I've never yet heard of anyone who knits her own girdles. Why then should a lady presume to be her own chemist?)

-F-

It takes professional know-how to get the most beauty from the magic chemicals that make up a permanent. Our hairdressers study the correct methods of blocking in the curls that make up your wave. This way, they form the pattern of your hairstyle "permanently." (And every time you flick your waves back in place between settings, you benefit from your beautician's waving know-how!)

-F-

OUR WAVES are as carefully formulated as the prescriptions your pharmacist prepares to your doctor's order. Professional permanent waves begin in great laboratories, where skilled cosmetic chemists work months (or even years) to achieve the right combination of chemicals to make your hair look "naturally wavy." You'll notice your hairdresser studies your hair carefully before recommending a certain kind of wave. Her trained fingers measure the elasticity of your hair, the strength and body and condition, before deciding which wave will restore its lively [illegible].

-F-

Sometimes somebody says: "I just can't afford a professional wave!" Yet that same woman pays more for one hat than she need spend for one of our permanents. She wears the hat perhaps once a week—but people see her HAIR every day!)

-F-

IN LESS than three hours you can emerge with new beauty that lasts three to six months . . . isn't it wonderful to get so much self-confidence and self-satisfaction for such a small investment? We think so . . . that's why we dedicate ourselves to making you lovelier!

SECURITY NEWS

YOUNG MOTHER'S LAST SWIM

Fatal Cramp Seizure

Racing to a diving raft some 200 yards from the lake shore, a 20-year-old wife and mother was seized with cramp and cried for help. Her husband rushed to her aid but the swift current impeded his progress and before he could reach her, she sank out of sight. He managed to bring her back to the shore, but although artificial respiration was tried for several hours, she did not revive.

PROVISION MADE FOR CHILDREN

Some eleven months before this sad event, the young mother had made plans to have her two little girls and baby boy taken care of in their own home in the event of her untimely death. She had taken out a Sun Life policy for $4,000 and, by pre-arrangement with the Sun Life of Canada, this amount was paid to her husband in annual instalments for use during the years when his children were in greatest need of attention and care.

A SUN LIFE POLICY FOR YOU

Sun Life policy plans are carefully designed to provide maximum protection and security. Most contracts contain generous cash and loan privileges and offer a wide range of settlement options when the sum assured becomes payable.

ORDINARY LIFE: Permanent protection for dependents at lowest cost. Makes available immediate cash at death for payment of debts, outstanding mortgage, succession duties, or provides a lifetime income to the beneficiary.

LIMITED PAYMENT LIFE: Protection throughout life but with premiums limited to the higher earning period.

ENDOWMENT: Protection for dependents for a predetermined number of years. Ensures future cash for buying a home, children's education, travel, etc., or a lifetime income for retirement.

SALARY SAVINGS: Convenient payment of premiums by monthly deduction from salary or wages under arrangement with employers.

GROUP ASSURANCE AND ANNUITIES: Life assurance and retirement plans for employers at low group rates.

OTHER SUN LIFE PLANS: Family Income; Retirement Pension; Mortgage Protection; Salary Continuance; Children's Special Assurance; Educational Policies; etc.

Let your friendly and experienced Sun Life Representative advise you on the choice of a policy most fitted to your needs.

Starling Ball Team Wins Championship

Starling Junior High baseball team was awarded a baseball trophy, representing the South League championship, at an assembly program May 29.

Presenting the trophy was Dan Sheatsley, director of health and physical education of Columbus Public Schools. Team members were introduced by Coach Carl Smith during the program.

Speaker for the assembly was Harold Cooper, manager of the Columbus Jets. Charles Apel presented the team with the 'Bob Hooey' trophy, sponsored by the Old-Timers Club.

County Road Improvement Work Begins

Franklin County's largest summer road improvement plan in recent years is being launched by County Engineer Guy Elbin.

Included in the program are improvements to Avery-rd from Hilliards to Route 161, Harrison-rd from McKinley-av to Hague-av and Sullivant-av from Georgesville-rd to Norton-rd. Work on these roads is expected to start soon.

Roads which will be resurfaced and come before county commissioners soon for approval are Leap-rd from Cemetery-rd to Scioto-Darby-rd; and Scioto-Darby-rd from Leap-rd to Dublin-rd.

Retiring Central High Teachers Reflect, Then Look Into Future

Although June is reputedly the month for weddings, this June seems to be, paradoxically, the month for retirements . . . at least it seems so around Central.

After 198 cumulative teaching years at Central High School three staff members are turning in their classrooms for some relaxing years of retirement.

Harry H. Priest, who has spent 46 of his 88 teaching years at Central, will initiate his retirement with trips to Wyoming in July, New England in September, California in November and back to see Ohio State "win the Rose Bowl" in January.

The 70-year-old teacher of bookkeeping and accounting probably won't sit still for long even then. "My wife and I hope to travel wherever the spirit moves us and as long as finances hold out. We want to live free and easy. What a pleasure it will be not to be tied down to alarm clocks, bells and a program!" he said.

While Priest is taking his cross-country jaunts, William Rhoton, retiring history and math teacher, and Noel Piersche, retiring mechanical drawing teacher, will toss plans aside for awhile and "just wait to see what happens."

After 36 teaching years, 33 at Central, Piersche is retiring at the age of 61. Rhoton, 65, chairman of the science department, has spent 27 of 44 teaching years on the Central High staff.

For a man who looks much younger than his 70 years, Priest appears to have chosen the right profession. "Oh, I enjoyed every minute of it," he agreed. "I worked with fine people, fine students. But I'm sure ready for a rest."

Lauds Central Teachers

Rhoton also looked back on the past 27 years with pleasant memories and no regrets. "I have been more and more impressed with the sincerity and the hard-working attitude of the teachers here at Central.

"They are genuinely dedicated to their work and spend many more hours at their work than people realize," he remarked. "I have most certainly enjoyed the fine, steady group of people with whom I've worked in the past years."

Piersche agreed that the associations in the teaching field are wonderful and admitted that although there are both good and bad points, he wouldn't do anything else.

A graduate of Ohio State University and Rio Grande College, Priest taught in Vinton County, Pennsylvania, Iowa and Bliss College, before joining the Columbus school system.

He and his wife, Bertha, live at 127 Deland-av. His son is a doctor in Detroit, Mich., a daughter lives in Wyoming and another in Columbus.

Rhoton is a graduate of OSU and Indiana University. He resides with his wife, Marguerite, at 241 Deland-av, and has three sons; two are engineers in Chicago and one lives in Dayton.

Piersche is also a graduate of OSU. A life-long resident of Columbus, he taught at North High, East High and Franklin Junior High before coming to Central. He and his wife, Clara Bell, live at 1806 Andover-rd.

Former Teacher At Starling Wins Project Aid

Lewis D. Feesler, cadet-principal and former Starling Junior High teacher, was one of ten Columbus teachers who received $500 each to help them achieve improvements they suggested in the form of summer projects. Funds were given to the city board of education by an unidentified donor.

Feesler will duplicate and classify some 3000 colored slides and prepare a tape recorded lecture in connection with study of peoples of the world for his project.

Meetings Slated

The Southwest District Commissioners will meet June 5 at the home of Robert Hickinbotham, 129 Powhatan-av, at 8 p.m.

Another June meeting of interest to persons in Scouting in the Southwest District is the district committee meeting at the City National Bank recreation rooms on June 17. Mr. Sanford invites all members to be present for his last meeting as chairman of the district.

DIABETES — NO NEEDLES OR INSULIN — Mrs. M. Murphy had Diabetes for 35 years and used Insulin once or twice a day for 7 years. She was free from Diabetes in less than three (3) months, without the use of Drugs or Insulin or any kind of shots or pills. After the first two weeks of taking Diabetes Medicine she experienced no more unnecessary thirst, nor hunger, nor craving for sweets. She no longer needs to use needles or Insulin, and feels better than she has for 25 years and eats the same now as any other healthy person does. Anyone who is interested may call her for reference at Ct. 2-6087. She will be glad to talk to you.
Dr. Philipp Barhorst, O.D., has Reg. U.S. Pat. Off., Washington, D.C., dated February 29, 1956, numbered KK 130806 and March 17, 1956 Reg. number AA 258532 Drugless, Non-Insulin Diabetes Medicine or Tonic.
NO DRUGS, NO NEEDLES, NOR ANY KIND OF SHOTS OR PILLS. You can be free of Diabetes in less than 2 months.
No money until you are SURE of being free of Diabetes. The first two weeks after taking Diabetes medicine patients are no longer unnecessarily HUNGRY, THIRSTY or have craving for sweets. Because our body must make Natural Insulin, then you can be free of Diabetes—Diabetic. If rules are followed strictly you will need no more needles or Insulin.

How Long Are You Going To Allow This?

Ask yourself the question, "How much personal income tax did I pay in 1956 and how long did it take the government to spend what I paid?

It has been determined that if the $71.8 billion budget is approved, the government would spend:

$2,283.00 each second of the day;

$136,981.00 per minute; and $8,218,864.00 per hour.

Going a little farther, at the above rates, Uncle would blow $197,252,748.00 per day and $1,380,769,230.00 per week.

How much did you pay in income taxes last year?

How long did it take the Government to spend your contribution?

How long did it take you to earn it?

How about doing something to help in the drive to curb Government spending?"

We Heard It This Way: Joe Goodwin and Bruce Tanner and wives went fishing at Indian Lake Sunday, equipped with two boats and one motor. Tanners proceeded to tow Goodwins to the middle of the lake, toss out an anchor and let them drift and fish. Joe later proceeded to row back to shore, not discovering the anchor dragging until he landed. "I thought I was getting old," Joe remarked. . . . And then there was the lady who called Miller Furniture store to ask for Mr. Franklin, to be advised they had no Mr. Franklin but they had a Mr. Benjamin, all of which is about like the old story of being in the right church but the wrong pew. . . . Art Miller writes, "I look forward each week to your paper and wouldn't miss an issue for anything," and many thinks, pal. . . . Music scholarship winners Joan Campbell and Gary Smith did a nice job on a duet when they entertained Kiwanians last Thursday. . . . George Marzluf, a Kiwanis scholarship winner of a few years ago, graduated from OSU Cum Laude. . . . My apologies for not mentioning the visit of the Nittlewitties to Buckeye Lake but I was merely waiting to see if they all returned. . . . Martha Pack has taken a position as receptionist for Dr. Riepenhoff. . . . Former Y assistant secretary Berta Korte and the Mrs. were Hilltop visitors this past week ere they ship out for Europe where Bert will be a medical social worker with the army. . . . Roger Myers has been named Commander of District 12 of the American Legion. . . . Want an old barn? Glenwood Church is looking for a taker for the old barn on the corner of Valleyview and Hague and if you are interested just contact Orval Linebrink. . . . and Lee Koontz is looking for good amateur acts willing to perform without charge at the Hilltop Bean Dinner. Come on kids, call Koontz.

Nash Accepts Challenging Post With New Experimental School

An opportunity that every teacher dreams of but few receive; a chance to put into practice the newest ideas in teaching philosophies has been won by Robert L. Nash, 42 Deland-av, principal of Barrett Junior High School.

Robert L. Nash

Nash, a former teacher at West High School, has been given the coveted post of principal of a campus laboratory junior high school, now under construction at Illinois State College, Dekalb, Ill. The $2,000,000 building will be ready for occupancy in 1958.

In his new role as associate professor of the college, duties next year will include supervision of the building and equipment, as well as decisions on curriculum and school policy.

Now enrolled in Colorado State College, Nash is completing work there on his doctor's degree. His work will be finished on Aug. 15 and on Sept. 1, he will report to his new assignment.

Nash served as teacher of history and journalism at West High School from 1936 to 1945. Since then he has been principal of McGuffey, Indianola, Ninth Avenue, First Avenue and Olentangy Schools. He has been principal of Barrett for the past three years.

The most challenging assignment of his career his new position will offer the opportunity of action research. Modern developments of teaching will be tested with some ideas discarded and others improved upon.

Plans are for the establishment of a dual core program, with one core organized around history and English subjects and the other, science and math. An overarching theme will emphasize one basic subject at a time, with study on the contributions each core makes.

There will be no startling differences in school curriculum, but emphasis will be given spec-

Local Parks Inspected By Group

City Councilman W. Ralston Westlake, Superintendent of Parks and Forestry Raymond F. Dietz, and City Superintendent of Recreation Nick Barack took part in the annual Hilltop Community Council pre-opening inspection of Hilltop playgrounds and parks on Thursday, June 6.

Members of the inspecting committee included Mrs. Kenneth Merrick, Hilltop YWCA representative; Mrs. William Berger, Highland Avenue PTA; Mrs. Donald Dodson, John Burroughs PTA; Mrs. Ray Cave and Mrs. H. C. Booth, associate members of the HCC; and Galvy Gordon and Wayne Bruner, president and vice-president respectively, of the community council.

Among suggestions taken under advisement by Dietz and Barack were that a plan be devised to insure better year-round trash policing of all parks and playgrounds and that park furniture be painted earlier in the season.

It was also suggested that the

Projects Galore Finance Trip For Ambitious Camp Fire Gals

NEW YORK BOUND—Getting prettily packed for a week-end tour of New York are three members of We-Ki-O-We Camp Fire group. Left to right are: Diane Rohr, 291 S. Brinker-av; Brenda Mann, 2729 Sutton-av, and Janey Leighninger, 289 Powhatan-av. Sixteen girls and seven parents left Thursday afternoon for the trip. The girls earned their own way through a series of projects, initiated last November.

Sixteen high school seniors-to-be exchanged their bermudas and ponytails for sheaths and hats last weekend for a sophisticated whirl of New York.

Although the trip may sound like a sudden teenage whim, it has actually been premeditated for seven months.

The gals, members of We-Ki-O-We, Horizon Club of the Campfire Girls, agreed on the New York trip last November. Then with youthful zeal and enthusiasm, they dove into a series of money-making projects that might leave more mature clubs sitting breathless.

A card party netted them $33 and a car wash, $31. A series of paper, magazine, rag and bottle drives gave their budget a $52 boost. They sold pompons for $34, sack lunches for $14, Easter eggs for $43, and household rummage for $120.

Two bake sales increased their treasury by $78 and sales tax stamps made them $96 richer. Probably the only unsuccessful project they had was a square dance, with returns of only $12.00.

"It was only financially unsuccessful," remarked one of the enterprising young ladies. "Actually, we had a wonderful time. It's just that our 'caller' was rather costly!"

The gals realized another profit when they sponsored a potluck dinner. "We asked people to donate what they thought the meal was worth," explained Janey Leighninger, 289 Powhatan-av. "We were delighted when it proved to be worth $80!"

In contrast to their joint efforts, the group also carried on individual projects. Each girl could choose her own job, so long as she earned and contributed $10 to the mounting treasury.

Jobs included mowing lawns, baby sitting, washing windows, washing cars, and as one young lady so emphatically explained, "I cleaned cupboards and cleaned

City Seeks Figures On Dry Run Creek Relief

A delegation of residents from the area near N. Roys-av and bordering along Dry Run Creek appeared at City Council Monday evening to voice their objections to the failure of the city to take necessary steps to stop erosion of the land along the creek.

They expressed their views before the service committee and this committee in turn has asked Carl Schoene, chief of the sewerage engineering department, to bring in figures showing the cost of some relief for the area.

It was later learned that city officials are still holding out for the establishment of an open ditch north of the railroad to cross the property of the new Valley View School, the Hilltop YMCA and Glenwood Methodist Church.

Representatives of these groups met last week and opposed any such move.

It appears at present that the city has about $45,000 that could be spent for some kind of a storm sewer in that area.

Eleventh Ward Divided Into Wards 11, 31, 32

Following approval on Monday night by City Council the eleventh ward will be divided into three new wards to be known as 11, 31 and 32.

Such revisions of the wards will make a number of changes in voting places which will be announced at a later date.

Plans call for assigning one voting machine to each precinct.

PICNIC SUPPER

Senior Wesleyan Service Guild and SPI Class of Glenwood Methodist Church will meet for a picnic supper June 17, 6:30 p.m. at the home of Mrs. Carl Rucker, 3257 Fisher-rd.

Rev. Wold Named Chairman Of Hilltop 'YM' Membership

Sam Alford, chairman of the membership committee of the Hilltop YMCA board of management, announced that Rev. A. J. Wold, minister of the Hoge Memorial Presbyterian Church, has been selected to serve as general chairman of the 1957 Hilltop YMCA membership enrollment.

Rev. Wold served as assistant general chairman last year and is a charter member of the local board. He has been very active in the development of the program over the past ten years.

In the near future Rev. Wold will announce his assistant chairmen and key personnel. The membership enrollment is scheduled for Sept. 4 through 28.

Annual Scholarships Presented By Kiwanis

Two outstanding graduating West High Seniors were honored when they were awarded the annual Hilltop Kiwanis Club scholarships last Thursday when the club met at the Colony. C. H. Campbell, left, was in charge of the program. Receiving awards were John Pruitt, 434 Racine-av, and Vera Jean Mincks, 863 S. Hague-av. On the right is Kiwanis president, Edward O. Johnson. The club has made such awards each year for about 10 years. Each student receives $500 toward a college education.

New Golf Course To Be Built

A new golf course will be built in this community in the near future.

The new development was announced Tuesday by Edward A. Tonti, local sub-division developer, who states he has purchased over 300 acres of land on Norton and Johnson-rds.

An exact name for the 18 hole course has not been established but the name of Oakhurst Country Club has been proposed.

Some work is expected to get under way soon but the course is not expected to be completed until late 1958.

A committee will be named soon to determine the feasibility of making this a private country club.

Persons interested in further information should direct their inquiries to Tonti, at his offices, 3099 Sullivant-av.

TO DECIDE ZONING CASE

A request for permission to alter a garage to be used for repair work by Mrs. Dorothy Bouillion, 27 N. Powell-av, will be heard before the Board of Zoning Adjustment in Room 219 of the City Hall on June 21 at 2 p.m.

Lions Present Equipment

Jim Ford, boys and girls committee chairman of the Hilltop Lions Club, tests the microphone of the complete public address system recently presented by the Lions to the Youth Services Council of the Hilltop Community Council. West High School youth council representatives present at the unpacking of the equipment are, left to right, Jay Derr, junior, finance chairman; Jim Apel, decorations chairman June graduate; Annette Bates, senior publicity chairman; and Dick Ranckovski, June graduate. The equipment was permanently installed this past week-end in the Westgate Park shelter house and will be used at the 24 round and square dances to be held this summer by the youth council.

Two West High Teachers Retire With Combined Record Of 82 Years Service

George Neeb, Counsellor And Friend Of All West High Students For 41 Years, Retires

George F. Neeb, chairman of the counselling department of West High School, marked the close of 46 years as a teacher with his retirement this year. He has been a member of West High faculty for 41 of those years.

The warm, personal satisfaction of nearly half a century of service in his chosen field is tempered with regret. The emergency of illness, just 11 weeks before his retirement, made it impossible for him to finish his last term.

He is recovering now at home, 3330 Colchester-rd, from surgery followed by complications.

Dedication to the ideals of his profession has earned for him the deep respect of his colleagues and the devotion of his students. With the sure instinct of youth, his students have unfailingly recognized his sincere interest in their welfare and responded with a relationship of mutual respect, cooperation and friendliness.

George F. Neeb

As chairman of the guidance department, he offered help in vocational counseling by helping students match abilities and aptitudes with a career choice; planning a program of related subjects of study and advice on individual problems.

Started on an experimental basis, with counseling to senior students only one period each day, the guidance department gradually expanded to include four faculty members, at the time of his retirement, Mr. Neeb was devoting five periods of each day to counseling. During the other two periods, he instructed classes in Problems of Democracy.

United Appeals Allots $21,802 To Groups In '57

Two agencies located on the Hilltop have been allocated $21,802 in United Appeal-Community Chest funds for 1957.

The Hilltop YMCA, 2726 W. Broad-st, which served 4,098 persons during the past year, received $17,802; Friends Rescue Home, 345 N. Powell, served 81, received $4,000.

The announcement was made by the United Appeal in poster form as a part of the "Thanks To You" Week report to givers on the use of gifts to last year's UA drive. Nearly 17,000 poster reports were distributed to all firms for bulletin board use.

It is reported that one out of every three persons living in Franklin County benefit from health, welfare and recreation agencies supported by United Appeal contributions.

In all, $2,710,570 in UA funds have been turned into human services: re-uniting broken families, caring for homeless children, rehabilitating the handicapped, guiding youth into wholesome activity, providing recreation for crowded neighborhoods.

The poster shows that only five cents of every dollar raised is spent for United Appeal administration and campaign costs.

This amounts to 5.4 per cent of the $3,061,816 raised. That is lower than the 7.1 per cent national average for cities of comparable size, according to a United Appeal spokesman.

The UA allocations covers only part of the agency's operating expense. Most also get income from fees, endowments, special gifts, or other private income.

C. S. Kennedy Marks End Of 36 Year Career As Educator To Devote Full Time To Hobbies

Retirement for C. S. Kennedy from 36 years' service in his profession, means the substitution of a teacher's busy life for another one, equally as crowded.

The veteran West High School drafting teacher plans to extend his hobby of hybridizing flowers, continue farming his 12 acres of land, perfect and possibly patent some of his inventions and, maybe, do some serious writing. He and his wife live at 4338 Bright-rd.

His ability as a teacher and the scholastic standards of his classes are reflected in the consistently high standard of work produced by his drafting students. Since the war, West High has claimed state sweepstakes in every annual, statewide competition. Their yearly record of wins has been from 24 to 34 first places in 45 classes. No other school has ever claimed so many prizes.

C. S. Kennedy
—J. Curtis Allen Photo

Drawings entered include such variety as house plans, elevations, pictorial drawings, machine drawings and miscellaneous specialized classes.

West High also participates in a national competition, Industrial Arts Awards, sponsored by Ford Motor Co. West's entrants have claimed money prizes four times, first prizes three times and third place, four times.

Mr. Kennedy invariably answers compliments on his record as a teacher with, "It's the students who are outstanding. It takes a teacher who will try and a student who has the ability and the will to work hard to produce outstanding work. Greatest compensation a teacher receives is a student

cupboards and cleaned cupboards. I think I cleaned a thousand cupboards.

But in spite of the cupboards, car washes and calluses, the girls forgot everything but the charms of New York when their total savings counted $800.

The 16 girls left Thursday afternoon, via a chartered bus, for their teenage holiday. Accompanying the gala group were Judge and Mrs. Robert Draper, and daughter, Debbie, Mr. and Mrs. Floyd S. Jester, Mrs. O. W. Mems, Mrs. L. W. Rohr and Mrs. Paul Leighninger.

Mrs. Draper and Mrs. Jester are leaders of the group. "Fourteen of the girls have been together in this group since second grade," Mrs. Draper said. "After nine years they know each other well enough and have become close enough friends to avoid any friction. So we're confident that we'll all have a wonderful time."

Like all New York visitors, the gals have set up a strenuous schedule of tours, shopping and shows. Their ambitious plans include an evening at the Copacabana, where Tony Martin is playing; attendance at Steve Allen's Sunday night show; a day shopping at Macy's; a trip to Coney Island, a ride on the subway and a glimpse at the famous Statue.

Members of the group are Diana Rohr, Brenda Mems, Janey Leighninger, Bobby Beesman, Nancy Draper, Judy Fox, Judy Gill, Rosemary Headd, Joyce Henry, Marcia Holzapfel, Margaret Jenny, Judy Jester, Nancy Leibensperger, Pat Probst, Marilyn Ruhl, and Harriett Slabaugh.

who will really work."

Thirty-one of his 36 years as a teacher have been spent at West High.

The challenge of his particular field of teaching, "ever changing, ever new," with its rapid advances in methods and materials, is matched by his hobby.

His particular interest in plant hybridizing is with hibiscus, dahlias and higo iris. He works with thousands of plants each year, hoping to develop a new variety.

He was able to produce two years ago a crimson scarlet hibiscus with a white crescent on each of its five petals, but has not been able to repeat the blossom. He has, though, been successful in repeating the strain in three plants, a spectacular hibiscus of light pink stripe against a dark rose petal.

Mr. Kennedy has been crossing hibiscus for ten years, and has grown many thousands of plants. A flower grower who successfully produces a new variety of plant is able to patent his flower and enjoy royalties on the discovery.

Mr. Kennedy describes his feelings about retirement with, "No one could possibly devote the better part of his lifetime to close association with young people, and not be sorry to leave them.

I believe that every man owes to the society of which he's a part, something in return for his existence and I've chosen to make my repayment in teaching.

Butler Named Asst. Coach At West High

John P. Butler, assistant track coach at West High School during the past season, will serve as an assistant football coach at West when school opens in September, Principal Robert F. Darrow announced today.

Butler joined the West faculty last January after Mac Pemberton had resigned as head football coach and had been transferred to a special assignment at Hilltonia Junior High School. In addition to his coaching duties Butler teaches social science at West.

Butler was graduated from Columbus St. Mary's High School in 1950. He is an alumnus of Capital University.

ial subject areas. The school will have access to college facilities in such fields as art and music, and staff members will be teachers with an experimental interest.

An elementary laboratory school has been in operation on the campus for a number of years.

Ideal conditions of the new school include class sizes restricted to 25 students, with a maximum enrollment of 300 students. Students will not be specially selected but will include all living in the normal school district.

A charter member of Hilltop Kiwanis Club, Nash also helped to organize and serve as first secretary of the Hilltop Community Council and while teaching at West was organist and choirmaster of Hilltop Lutheran Church.

proposed Westgate Park recreation center, already recommended by the city recreation commission, be located on the southeast sector of the park grounds rather than on the site of the old open shelterhouse as currently planner.

Cleaning of the lake at Westgate Park was a project that Djetz said would be undertaken in the near future.

Removal, or at least, thinning out of bushes at the Broad-st entrance to Glenwood Park was also suggested by the committee, which cited the bushes as a potential hiding place for molesters.

Officials were complimented on the overall appearance of the parks and the addition of several new facilities for the season. The latter include a new large blacktop area at Glenwood, new concrete walks at Westgate and additional playground devices.

In the approaching campaign, a Washington gossip lore says, party-managers will concentrate their efforts only on promising candidates. What! Is there any other kind?—Boston Herald.

Miss Ganson Enters Retirement With Crammed Schedule Of Fun

Miss Ina Ganson, vice-principal of Starling Junior High for 32 years, is entering retirement like she undoubtedly tackled her first teaching position — with anticipation, enthusiasm and a storehouse of plans.

"However, it will be wonderful not to be tied to a schedule anymore," Miss Ganson said, "and to do just what I please. I've worked very hard during my lifetime and now I'm just going to have fun."

Fun for the retired vice-principal will include an Eastern vacation, swimming, bird study and bird calling, ceramic work, French study and the purchase of her first TV set.

"I also enjoy gipsying — not having to be anywhere and stopping where you want to. I hope to do a great deal of traveling," she continued.

Miss Ganson also expressed a desire to learn the silk-screen process in art and perhaps to make her own Christmas cards. "I have always wanted to make them and just never had the time. You know, I can't imagine people getting bored with time on their hands! There are so many things to do."

Born in western Kansas, Miss Ganson arrived in Columbus in childhood and entered third grade at Franklinton School, where years later she became principal.

A graduate of Ohio State University, she received her first teaching assignment at Ohio Avenue School, where she taught fourth and later seventh grade.

From there she was transferred to the Columbus Normal School staff, then to Roosevelt Junior High, next to the principalship of Franklinton School and finally to the vice-principalship at Starling Junior High.

A member of the Starling teaching staff feels that one of Miss Ganson's most wonderful achievements has been in helping boys and girls to be stabilized. "Sometimes counseling as many as 30 students a day, Miss Ganson has turned many troublemakers into fine citizens" the fellow teacher said.

Miss Ganson also helped to organize one of the first remedial reading programs in Columbus. The program has been highly successful at Starling for the past 20 years.

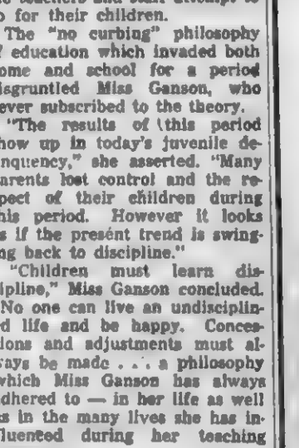
Looking back on her 32 years at Starling, Miss Ganson remarked "I thoroughly enjoy working with Junior High youngsters. They are friendly, cooperative, eager to know how to handle their problems and willing to learn. A truly delightful age!"

She also pointed out the parents in the West Side area as being most appreciative of what the teachers and staff attempt to do for their children.

The "no curbing" philosophy of education which invaded both home and school for a period disgruntled Miss Ganson, who never subscribed to the theory.

"The results of this period show up in today's juvenile delinquency," she asserted. "Many parents lost control and the respect of their children during this period. However it looks as if the present trend is swinging back to discipline."

"Children must learn discipline," Miss Ganson concluded. "No one can live an undisciplined life and be happy. Concessions and adjustments must always be made . . . a philosophy which Miss Ganson has always adhered to — in her life as well as in the many lives she has influenced during her teaching tenure.



One of the last eighth-graders-to-be at Starling Junior High School to receive orientation counseling from vice-principal Ina Ganson, is Frankie Daily, daughter of Mr. and Mrs. Herbert Daily, 904 Sullivant-av. Hundreds of Starling youngsters have profited from Miss Ganson's counseling and guidance efforts during the past 32 years. Miss Ganson announced her retirement in June.

Coughlin Finishes Military Course

Second Lt. John J. Coughlin, 23, son of Mr. and Mrs. William Coughlin, 2957 Fremont-st, recently was graduated from the 12-week military orientation course under the Reserve Forces Act program at the Army Medical Service School, Fort Sam Houston, Tex.

The class was composed of newly commissioned RFA officers and stressed medical service in combat.

Lt. Coughlin is a 1956 graduate of Ohio State University. He is a member of Kappa Psi fraternity.

When a fellow's too much in love with himself, he's not likely to have much competition.

It isn't luck that permits us to celebrate our 10th Anniversary

HAROLD SLYH, Owner
10 years ago . . . during the immediate post-war years, when most desirable products were difficult to obtain . . . the Harold Slyh Roofing and Siding Co. started in business. We were determined to provide the kind of service and quality materials which would reflect credit upon our operations. Because of our refusal to sacrifice quality we were unable to take many of the jobs we could have obtained by using available inferior materials. We believed then we were following the right policy to insure the success of our company in the years ahead. We are positive now. . . on the occasion of our 10th birthday . . . that quality service and products have played a most important role in the continuing success of our firm. We shall continue this policy in the years ahead.

Tellings Find New Life Far From Homeland

A determination to build a better life for his family in a land where opportunities are limited only by abilities, has led Eduard Telling many miles from his native Dutch Indonesia homeland to his new Burgess-av home.

Eduard with his mother, three brothers and two sisters, emigrated to Holland after the war, leaving behind bitter memories of Japanese occupation, and all their possessions. This year he brought his Dutch wife, small son and younger brother, Ferdinand to America.

His mother, sisters and brothers still in Amsterdam, hope to join them here sometime in the future.

St. Aloysius Parish sponsored their entrance into the United States and provided a warm welcome with a house, furniture and jobs for the men.

Eduard, an accredited accountant in Holland, speaks French, German, English, Dutch, Malayan and Javanese. He is now working as a bookkeeper.

Ferdinand, 24, worked with the Fokker airplane industry in Amsterdam, and is now working in the stereo department of Hartley newspapers.

The war years took a heavy toll on the Telling family, in their native Indonesia. They were all interred in Japanese concentration camps, where the father died. Two brothers, fighting with the Dutch Army and the Dutch Marines, were also killed.

Eduard describes four years of life in concentration camps with, "We were given just barely enough food to live, one handful of corn each day. In one ten month period, 400 out of the 500 in my camp died. All had beriberi.

"Finally, when the English came, we were too ill to know that we were free. We did not even understand that we were liberated.

The family was grateful for the friendly hospitality of the Dutch people. However, they found advancement in the small, overcrowded country, difficult to achieve. "Licenses, expensive to buy, and long years of specialized study, were necessary for every type of work."

Most startling difference the family finds between life in the United States and in Holland, is finding luxuries that only the very rich Dutch people could afford, in every home. Television was strictly for the wealthy in Holland, and everyone rides bicycles.

A good job, comfortable home and many friends spell happiness and security in any language, and the Telling family, newly-arrived from Holland and Dutch Indonesia, have found all these. Residents of S. Burgess-av, their arrival in our country was sponsored by members of St. Aloysius Parish. Shown above are, left to right, Mr. and Mrs. Eduard Telling, their small son and Ferdinand Telling.

Laundry Equipment Prices To Go Up

G. E. Laundry equipment prices in 1958 will be approximately 10 per cent higher at retail than 1957 models.

J. W. Tracy, president, Bard, Inc., 1070 W. Third-av, General Electric major appliance distributor, announced the new prices to dealers in this area today. He explained that the increase is due to product improvements and increased labor and material costs. The 1958 General Electric models feature "wash to order" keys which completely eliminate any guesswork on the part of the operator and wash each fabric according to "recipe" The full line of washers will continue to feature "Filter-Flo," G.E.'s exclusive moving filter.

What grows in an urn garden?

Flowering in the urn garden is one of man's treasured possessions —the memorials of those who have been dear to him.

Here rest the departed loved ones, prepared for memorialization through kindly, reverent cremation which merely accelerates the process of Nature, accomplishing in a few hours exactly what Nature alone requires decades to complete. Memorial urns, properly identified, are recessed within the lawns in a setting of natural peace and beauty.

The cremation memorial offers unequalled advantages both sentimental and financial. These are explained in an informative booklet, "The Way of Nature". Write or telephone us for your free copy.

Motorist Killed In Train Crash

ANOTHER VICTIM—Franklin County Coroner Dr. Robert A. Evans checks the safety belt on the auto of Air Force Major Henry Wilson Story, 40, formerly of Grove City, shortly after a speeding eastbound Pennsylvania Railroad train smashed into his 1957 Dodge, killing the driver at the Harper-rd crossing near Valleyview. The safety belt was not around the motorist at the time of the accident, according to Dr. Evans. The impact of the crash hurled the car 160 feet down the right of way. Witnesses say Major Story ignored the blinking signals at the crossing. He was on leave from Hagerstown, Md., where he was stationed as a regional field officer with the National Selective Service Board in Washington, D.C. When the accident occurred, he was enroute to pick up his father who was being released after treatment for pneumonia at Mt. Carmel Hospital.

10th Anniversary Marked By Slyh Roofing and Siding Co.

How does one become a successful business man? This question probably would draw a variety of answers from individuals who have achieved a measure of success, but from Harold Slyh, owner of the Slyh Roofing and Siding Co., comes this very positive reply: "Use quality materials and provide good workmanship."

Harold should know, as his firm, now marking its 10th anniversary, has enjoyed remarkable success since purchasing the building at 2348 Valleyview-dr in 1947, which has served as headquarters for the company.

The firm specializes in roofing, siding, gutters and downspouts, using only nationally known quality materials. Four mechanics of long experience are employed by the company.

Mr. Slyh, who resides at 375 Chestershire-rd, is a native of Columbus, having graduated from North High School. He also attended Ohio University. He was with the Johns-Manville Co. as salesman from 1924 to 1941, leaving that company to go into war work.

He is a member of the Hilltop Business Association, Goodale Masonic Lodge, Scottish Rites, Shrine and Loyal Order Of Moose.

Eye Surgery Performed On Ex-Resident

William G. Moler, formerly of 594 Larcomb-av is recovering at Grant Hospital from a June 3 eye operation.

Owner of the Moler Sunoco Service Station at 726 W. Broad-st. Moler suddenly lost the vision of his right eye on June 2, while working at the station.

Diagnosed as a detachment of the retina of the eye, it is a malady often peculiar to near-sighted persons in middle age. Although the success of the operation cannot yet be determined, doctors say that Moler has more than a 97 per cent chance of regaining 60 per cent of his sight. Bandages will be removed 14 days following the operation.

A supporter of sight-saving activities in Columbus, Moler served as chairman of the Hilltop Lions sight-saving committee last year.

The trouble with self-made men is that they quit the job too early.

A sordid money-grabber is anybody who grabs more money than you can grab.

A small town is where the folks [illegible] the news before the paper comes out, but merely take it to see whether or not the editor got the stories according to the way they heard them.

George Neeb—

(Continued from Page 1)

He also planned such school events as annual career day and conducted all scholarship tests. Gratefully acknowledging help on these projects he says, "Hilltop businessmen, Kiwanians and faculty always cooperated with wonderful response, to these community projects."

The class of 1957 is the first June class since 1916 to graduate without his kindly assistance. Appointed as senior advisor during his first year at West, he has helped each of the succeeding 40 classes through the intricacies of planning senior year activities.

Grateful students responded by dedicating their annual to him in 1954, the first time any teacher had been selected for the honor. This year he was further honored by graduates who dedicated their class project, a display case for the guidance department, to him.

Plans for the future call for complete recuperation from his illness, first, and then time for companionship with his wife and daughter and maybe some of the traveling he loves.

Forty-six years of active association with teen-agers has left Mr. Neeb with the conviction that "I have complete confidence in the youth of today, have always enjoyed my work with them and deeply regret that all teen-agers are judged too often by the very small percentage who go wrong."

A Penny For Your Thoughts

Question: What do you like most about summer?

Mrs. W. I. Briggs, 1662 Harrisburg-pk: "I guess I like summer because I get a vacation. Since I work, I usually spend my vacation cleaning and doing things around the house that I can't get done in the winter. However, I prefer winter to the summer months."

Mrs. Thomas P. Dean, 379 Midland-av: "I like it because of the flowers. I raise roses and mostly hardy annuals. Also it gives the children a chance to get outside and play. I like summer much better than winter."

J. W. English, 1705 N. Hague-av: "The thing I like most about warm weather is the flowers and working in the garden. Flowers are about my biggest hobby and I have roses, a large selection of lilies and just about anything you can think of. Indeed, I like summer better than winter."

Mrs. Donato Grilli, 491 S. Sylvan-av: "I just enjoy sitting on the front porch, looking at the lovely lawns and trees and watching the children play. I also like swimming and am anxious to see how my little boy does in his first swimming lessons this summer."

Sapp Does 'Impossible' Feat Practicing At Driving Range

BULLS-EYE. Joe Sapp (center), son of Harley Sapp who owns Sapp's Market Basket, 2976 W. Broad-st, may never shoot a hole-in-one, but he turned a trick June 1 that is just about as hard to match. While slamming practice drives at George's Driving Range, 5960 W. Broad-st, Sapp broke the glass jar that hangs in the middle of the range, 110-ft. from the tee to win a certificate good for $100 worth of merchandise from Seiler's Department Store. George Katsanos, (left) owner of the driving range, watches as Sapp starts collecting his "winnings" from Jack Merriman, of Seilers. Unafraid of another winner, Katsanos has placed a new jar with the same prize back on the middle of the range.

Speaking of Beauty

By Katherine Florio
Expert Stylist and Hair Colorist
Pinch Hitting for Her Brother Joseph Florio

A BATH may be just necessary routine . . . or a beauty ritual, most relaxing part of your day! For instance, don't miss the fun of a bubble-bath. Such preparations leave you smoother, softer, top to toe. And you feel so fragantly feminine!

-f-

USE a rough washcloth . . . friction's good for your skin! If your back breaks out in occasional bumps or blackheads, use a back-brush. You'll come from the tub feeling tingling-good!

-f-

STEAM is a fine beauty treatment. If your skin seems dry, work in plenty of face-cream . . . then let steam drive it deep into your pores as you bathe . . . and oily skin can benefit too. Use cleansing grains or a stimulating mask as you tub. Rinse well. Pat in an astringent when you're through.

-f-

ONE SMART WOMAN says she keeps elbows and heels satin-smooth by massaging them with a pumice stone while they're soapy. Some lady treats her feet to a lotion-rub after the tub, then powders lightly . . . and you might manicure your fingernails at bath-time too. No better time to remove polish, soak fingertips, rub in cuticle cream.

-f-

Finish off your bath with the biggest, thirstiest towel you can buy. Really rub that skin! This flakes away the "top layer" of skin cuticle, leaves you glowing. Now powder or splash on cologne. Add your favorite deodorant. And there you are . . . so relaxed and sweet-smelling!

-f-

ANOTHER BEAUTY-BATH worth considering: A Colour-bath for your hair! Next time you visit, do let us recommend a lovely colour-rinse. You'll love the deep, rich glints these rinses give your hair. And it's the perfect "first step" to try, before you look into a "permanent" hair fashion colour.

"ALL I HAVE LEFT IS WHAT I HAVE GIVEN AWAY"
"How come," asked an old friend. "Well," related the old man, once of great wealth and standing in the community, "I made money pretty rapidly in the late Twenties and gave freely to charity. In the early Thirties I lost all I had left and then some.
"In solemn reflection I have the satisfaction of knowing I helped many during my lifetime and my only regret is that I hadn't given more. Now in my retiring years I haven't many means, but I have much to be thankful for, and the respect of all the people."
Others, too, made profits in times of prosperity by helping their fellow man through organized charity either by current gifts or by naming their favorite charities in their wills.

Ohio 'Cicada' Bugs Due In 17 Counties

After spending 17 years in the soil, the periodical cicada is scheduled to appear in 19 Southern Ohio counties this year, says D. Lyle Goleman, Ohio State University extension entomologist.

Emergence of the insects is expected in Pickaway, Butler, Hamilton, Warren, Montgomery, Clermont, Greene, Clinton, Highland, Brown, Adams, Fayette, Ross, Pike, Scioto, Jackson, Lawrence, Gallia, and Meigs counties.

Several thousand may emerge from under a single tree, Goleman says. The air is literally filled with the shrill singing of the males (females do not sing). After mating the females deposit eggs in twigs and small branches. A single female may lay 400-600 eggs. Twigs in which eggs have been deposited often break or are killed. Cicadas do not feed on foliage of any kind and therefore do not destroy field crops, according to Goleman. They prefer oak, hickory, apple, pear, peach, and grape for egg-laying.

The eggs which have been deposited in the twigs hatch in 6-7 days. The ant-like young then drop to the ground and enter the soil where they spend the next 17 years.

TEPP is the only effective insecticide for controlling this pest, Goleman explains. TEPP is extremely dangerous to

Hilltop Songwriter Hopes To Have Compositions Published

Self-taught musician and songwriter, Richard Becker, above, will attempt to turn his song-writing hobby into a paying proposition in New York next month.

A well-known Hilltop minstrelman, Richard Becker, will return to his native New York City, famed mecca for budding songwriters, to seek his fortune next month.

Becker, 2624 W. Broad-st and an endman in 22 of the 25 Hilltop Minstrels, has been writing songs for the past ten years. He will take six of his ballads to New York, hoping to find an interested publisher.

A self-taught musician with no formal musical training, he plays the guitar, banjo, saxophone and drums.

Becker, who writes both his words and music, gets a big assist from arranger Adam H. Gilger, 376 S. Roys-av, whose professional background includes eight years with George Cohan, as well as "tin pan alley," New York and in Hollywood.

Becker also entertained troops as a minstrelman in France during World War I. After the war he re-enlisted in the Army and was stationed at Fort Hayes, then known as Columbus Barracks.

While there he met and married a Columbus girl, a member of the Sells family who owned the old Sells Floto Circus. His wife died last August.

His only daughter, Mrs. Miles (Awanda Jane) Hart, lives in Pearl River, N. Y.

Family Relocation Off ice Is Open

The city opened its second Family Relocation Office last Monday, May 27, at 359 S. Sandusky-st. The office was opened for the purpose of assisting the families living in the path of the Sandusky-st leg of the expressway to find other housing.

Dennis Carr, Assistant Family Relocation Officer for the city is supervising office activities. He is being assisted by Roland Sunker. Phone number at the office is CA. 4-2829.

Displaced families are eligible for Section 221 liberal FHA financing for home purchase. Those eligible for public housing will be given priority certification.

The office's list of vacancies for rental and purchase housing will be made available to all families who are to be displaced that contact the Family Relocation Office.

Only a portion of the properties in the path of the Sandusky-st Expressway leg have been purchased, however, the first demolition contract of approximately 20 structures will probably be released Aug. 1, 1957.

Market Basket

By Bertha B. Everhart
County Home Economics Agent
Franklin County

THIS WEEK LOOK FOR:
FRUITS — Homegrown strawberries, lemons, watermelons, frozen orange juice and lemonade, canned applesauce.
VEGETABLES — Greenhouse tomatoes, green beans, asparagus, potatoes, canned tomato juice.
PROTEIN FOODS—Milk, Cheese, ground beef, rib end pork roast.

Fresh Milk

Milk and other dairy products can help you enjoy summer living. In addition to their good eating, they offer nutritional values that are unequaled. Milk contains about 100 different nutrients, including a generous amount of calcium and high quality protein.

Milk sales records show that milk consumption falls off when schools close. Likewise, a Department of Agriculture survey showed that nearly three families in ten have diets too low in calcium, usually because they were low in milk.

Everybody, young and old, needs milk. Diets high in milk are almost sure to contain enough calcium which is needed all during life for healthy bones and teeth. Calcium is also a valuable constituent of body fluids and enables muscles to contract and relax and nerves to carry their messages.

Milk and fresh dairy foods are at a peak in supply during June, and their quality and flavor are often superior.

Milk and dairy foods are still an economical food any time of year. Wages and salaries have risen faster than the price of milk, making a quart of milk cost less work time today than it did ten years ago.

Milk, cottage cheese and other dairy foods help to cut your food preparation time during the summer months. Serve them in some form every meal of the day. A glass of cold, cold milk also makes a refreshing between-meal snack which is tops in nutrition and refreshment. Always keep in mind that milk is not just another drink, but an essential food needed by young and old alike.

Your milk salesman or grocery handles fresh milk in several common forms:

REGULAR—Milk in which the cream comes to the top of the container.

HOMOGENIZED — Milk in which the fat globules have been broken up and evenly dispersed through the milk.

VITAMIN D—Milk to which vitamin D has been added to improve its nutritional level.

SKIM—This milk contains almost no fat or vitamin A. Otherwise, the nutritients are almost identical to those in whole milk. Fortified skim milk has non-fat dry milk solids or minerals and vitamins added. Fortified skim milk sells for about the same price as whole milk; plain skim milk sells for less.

CHOCOLATE - FLAVORED MILK OR MILK DRINK — Vanilla, salt and a stabilizer may be present. It is chocolateflavored milk if whole milk is used; chocolate-flavored milk drink if skim milk is used.

Another milk found at the dairy counter is BUTTERMILK. It was formerly a by-product of buttermaking, but is now made artificially. Many men and women enjoy buttermilk as a refreshing summer drink.

Concentrated Milks

There are several concentrated milks on the market. Among them are:

EVAPORATED — Both whole homogenized and skim milk are available in evaporated milks. Usually vitamin D is added. Over one-half of the water is removed, the remainder sealed in cans, and then sterilized by heat.

CONDENSED—Condensed milk is a concentrated milk with a large amount of sugar added to preserve it.

DRY—Both non-fat or skim milk and whole milk are dried. However, most of it is non-fat. Dry milk has definite advantages price wise and in keeping quality. Use it in cooking to supplement the food value of your meals.

Kids Turn In Books For Swings, Swim Suits, Picnics, Fishing Poles, And Camping Trips

Taking a breather from her water adventures is Sheryl Matlock, 392 N. Burgess-av. Besides swimming, Sheryl's vacation fun will include day camp with the Bluebirds. Like most youngsters, picnics also rate a top position on Sheryl's "summer fun" list.

Camp Willson is where Billy Weeks is going to have a little outdoor fun this summer. Just finished with a cool dip in the pool, Billy listed swimming and fishing as two of his favorite sports. Billy is the son of Mr. and Mrs. William Weeks, Jr., 481 Demorest-rd.

Although she already misses school a little bit, Carol Smythe, 872 Chestershire-rd, still finds summertime "the very best of all." Maybe it's because she can do all her favorite things, like swinging, camping and visiting her uncle's farm.

Summer starts with Bible School for Billy Cash, son of Mr. and Mrs. William P. Cash, 16 N. Warren-av, and hundreds of other children in this area. What's it like? "Oh, like any school," says Billy. "You make things and do things and, oh, lots of things."

Hilltop Record Founder Is Taken By Death

Some people stand out in memories. One such person I'll never forget was Smiley J. Westlake.

Mr. Westlake died this past Thursday at the age of almost 90.

Mr. Westlake is best known in this community as the founder of The Hilltop Record. It started as a four page paper with the pages being made up of three columns of ads and type nine inches by 12 inches.

That was back during World War I and much of the news of that time was about service men, churches and schools. It started out as a grass roots medium and has continued as such over more than 40 years.

Mr. Westlake later sold the Record to Roy D. Hastings who continues to live on the Hilltop. It was in the fall of 1926 when I started to work for Mr. Hastings on the Record while attending OSU that I became acquainted with Mr. Westlake who continued to operate his job printing plant in the same building.

All who have had an opportunity to know Mr. Westlake will attest his honesty and integrity and above all else his interest in less fortunate men.

He was a fine Christian gentleman.

OK $75,000 For 15-Acre Land Tract

Authorization of $75,000 for the purchase of land owned by Harold Cunningham was given at Monday night's session of City Council.

The tract of 15.216 acres which lies west of Hague-av on Valleyview-dr, has been sought by the Park Commission for "park purposes." Condemnation proceedings were initiated by the city and an offer for the land, believed to have been about $41,000, was refused by the owner.

Transit, City Heads Study Vast Bus Plan

Columbus Transit Co. officials and others this week are mulling over a sweeping long-range revision of the city's bus plan which was presented to business and civic leaders last Thursday.

They were shown detailed recommendations and the summary of year-long study by a Philadelphia transit engineering firm.

Recommendations included: rerouting nearly all major bus lines, abandonment of all but one feeder bus route; reducing owl bus service, development of 10 express routes, construction of four 3000 to 6000-car parking lots at four corners of the downtown congested area, operation of high speed shuttles to and through the downtown area; replacing trolleys with motor buses, tighter traffic rules, extension of service into 10 new areas.

Westside areas were not mentioned for extended service lines but an express route was recommended. Both Westgate and Valleyview areas would presumably be served.

Motel Expanding Under New Management

The Manor Motel at 5314 W. Broad-st, in New Rome has recently added several new sleeping units, black topped additional parking space and completely remodeled the kitchen in the restaurant. The addition of a cocktail lounge, entirely apart from the dining area, coupled with the efficient management of Peter Bisou, is reported to have stepped up business to such an extent that these additions and changes were necessary. According to Bisou, their policy will continue to be to serve the finest food obtainable — at popular prices — and give the most efficient service in a friendly atmosphere.

Interested Ladies To Sneak Men's Top 'Jet' Secrets

Baseball isn't necessarily a man's game.

In fact, ladies who are interested in learning more about the national pastime are invited to attend an open house at Jet Stadium scheduled for Thursday from 11 a.m. to 12:30 p.m.

During the open house, the ladies will be taken on a tour of the stadium and will observe a regulation practice with all Jet players taking part. Coffee and rolls will be served by the Columbus Baseball Club.

Jet General Manager Harold M. Cooper will speak shortly on his problems while other talks will be given by Joe Hill, Frank Oceak, Donald V. Labbruzzo and Hank Gowdy.

A senator tells the average American is not tax conscious yet, and this is doubtless so. If he shows signs of coming to, he is struck by another.

Babies, Pre-School Children Most Likely Victims Of Polio

Babies and young children of pre-school age are now the most likely victims of paralytic poliomyelitis, Dr. Ollie M. Goodloe, Columbus health commissioner, reported today, following receipt of latest research results conducted under the direction of Dr. Jonas E. Salk, University of Pittsburgh scientist, who introduced the preventive vaccine.

Owing to widespread inoculations among elementary school youngsters since the vaccine first became available two years ago, Paralytic polio cases among this once susceptible age group have been sharply reduced, Dr. Goodloe explained.

"In 1952, the year before the vaccine was released for general distribution, children from five to nine years of age accounted for 24 per cent of the paralytic cases. Last year this was reduced to 16 per cent. On the other hand, among infants and children under five years of age, the proportion increased from 29 per cent in 1952 to 39 per cent in 1956," he elaborated.

"The highest paralytic case rates last year were reported among babies one and two years old," he added.

With the greatly increased birth rate — 18,561 live babies were born in Franklin County last year—together with the tremendous influx of population and the addition of recently annexed areas, this becomes a subject of vital public health concern in Columbus, the health commissioner said.

"Most schools across the country are now requiring new pupils be immunized against polio as a prerequisite to admission, the same as they have been doing for whooping cough, diphtheria, tetanus and smallpox for many years. But that's not early enough," he said. "Research now indicates the bulk of our polio cases from now on will be among the very young, especially those under two years of age, with second place in susceptibility held by young adults from the age of 15 up to 40."

Parish Hopes To Get Funds For School

Another step toward the construction of a new parochial elementary school for youngsters in Southwest Franklin County will be taken Friday and Saturday, Aug. 2-3, when Our Lady of Perpetual Help Parish in Grove City holds its Summer Festival.

The Grove City parish has sponsored the affair in recent years to finance construction of the school on a 24-acre plot that will eventually contain a new church, parish hall, convent and rectory.

The school, which will help relieve already overtaxed facilities in West Side parochial schools and the mushrooming Southwestern School District, will serve the nearly 600 families of the parish as well as those of surrounding communities.

Andrew Zamarelli, 267 Terry Lane, Grove City, and Mrs. John Hooper, 507 Brookpark Circle, Grove City, have been named co-chairmen for this year's festival. The site again will be the future school grounds just off Routes 62-3 inside Grove City's north corporation limit.

Rev. Fr. Richard Hoch, pastor of Our Lady of Perpetual Help Church, indicated that if the popular festival succeeds as it has in recent years, the funds raised and pledges received may be sufficient to make a start toward constructing the badly-needed school facilities at an early date.

Swimming Fun Set For State School Parties

Swimming and summer fun is ahead for retarded children and patients at the Columbus State School, starting July 1.

The recreation department will take groups of children and adults to Madison Lake during July and August. Groups of 35 will go in the school's bus to the scenic spot in southern Ohio.

Lifeguard Jim Henton, a member of the recreation department, will be on hand to see that the summer fun will be safe as well.

Ellen Feinknops, also a trained lifeguard, will assist Henton. Trips to the lake will be conducted on July 1, 22, 24, 26, 30 and 31; Aug. 1, 6, 7, 8, 13, 14, 15 and 20.

Rabbit Breeders Schedule Second Table Show, Meet

Columbus Rabbit Breeders Association will hold its second table show June 23, at the home of Mr. and Mrs. Hartl Lucks, 305 Cherry Brook Drive, Reynoldsburg.

Judge Sam Jones of Canton will begin judging at 10 a.m. At noon there will be a family pot luck luncheon. After the show the club will hold its regular monthly meeting.

Dublin Jubilee Set Next Week

JUBILEE PLANNERS—Members of the Dublin Business Men's Association who are helping plan the annual community festival in the village gather in front of the boat which will be presented at the affair. From left to right are Harold Shriver, William Hartley and Knute Domini. Date of the event is June 27, 28 and 29.

Once each year, villagers of Dublin roll out the red carpet to visitors from anywhere who wish to attend the town's jubilee.

An annual event sponsored by the Dublin Business Men's Association, the Jubilee is scheduled for June 27, 28 and 29. Proceeds from the affair will be used by the group to finance various civic projects.

Featured at the jubilee will be various rides and concessions with the village's main thoroughfare blocked out for a street fair. There will be a special children's matinee Saturday from 2-5 p.m. with the rides falling to the mercy of the kiddies at reduced prices.

Refreshments will be served on the grounds by various local, civic and fraternal organizations. Besides the businessmen, the event is also being sponsored by the Service Class, PTA, Grange, IOOF and Boy Scouts.

A drawing will be conducted during the Saturday evening session with a 14-ft. Thompson boat and motor being awarded as the top prize. Additional awards include a Westinghouse electric sweeper, a Parmall toy tractor, a boy's or girls' bicycle as well as many other prizes.

Grove City Will Start To Use Columbus Water

Water consumers in Grove City will begin receiving Columbus water in their homes on Thursday, Mayor W. Ernest Hysell said Tuesday.

Work on connecting the village water system with the Columbus lines had been completed, Hysell said, and the lines were to be flushed for two days before use.

Mayor Hysell also stated that Grove City officials will meet with Floyd C. Redick, Columbus Service Director, on Wednesday to see if a sewage contract can be worked out between the two communities.

Parking restrictions were placed on three streets by the village council Monday night. Columbus and E. Park-sts between First-st and Broadway will be restricted to one-hour parking. Parking will be limited to one-hour on the west side of First-st between Columbus and Park-sts while no parking will be permitted on the east side.

Saturday Is Westinghouse Day For Jets

Chances are that not many people will be leaving the stadium before the final out Saturday night when the Jets meet the Buffalo Bisons.

Reason for the keen attendance will probably be that Westinghouse is giving away over $3,000 in appliances during contest. Names of the winners will be announced at the end of each half-inning.

Included in the 26-prize list are a deep door freezer, television set, portable Laundromat, steam iron, clock radio, vacuum cleaners and refrigerator. All prizes will be delivered free to winners within 50 miles of Columbus.

LAKE NAMED AFTER HIM

Local Pioneer, 86, Joins Fishing Brigade Again For Another Try

HARDER LAKE FISHERMAN—Angling for the "big ones" in Westgate Park's Harder Lake is 86-year-old Charles Harder, for whom the lake was dedicated in 1951. An expert caster and an 80-year-old veteran of fishing, Harder has pulled in plenty of "big ones" in his lifetime.

Eighty-six-year-old Charles Harder wasn't born with a silver spoon in his mouth. But he might very well have been born with a casting rod in his hand.

At least, it seems he's been holding one ever since!

Like golfers who practice putt in their backyards, Harder turns his lawn at 2733 Sutton-av into a lake about this time of year for some practice casting.

Harder's lifelong interest in fishing and casting was publically recognized in July of 1951 when Mayor James A. Rhodes dedicated Westgate Park's "Harder Lake" to him.

The dedication also reflected the many hours that Harder has spent at the lake since his retirement, teaching youngsters proper "casting" form.

A five-term former president of Columbus Casting Club and one-time winner of the club's casting contest at the Hilltop Bean dinner, Harder has slowed down a little in the past few years.

"I still enter the contests every year but the younger boys are too good for me," he laughed. "Why, my kids even talked me into selling my car last October. I had driven since 1917 without an accident and I guess they were afraid I'd break my record!"

Harder's family moved to the West Side in 1883 from the mountains of Pennsylvania, where as a young boy, he had already discovered the pleasures of trout-fishing.

Had Early Start

He still recalls his first fishing day at his grandparents' when he was six years old. "I landed a trout only a few minutes after I started fishing. Throwing it on the ground behind me, I kept fishing all day, but with no more luck.

"I was almost in tears," he continued," when I couldn't find that first fish I'd landed. Just when I was about to give up, a few leaves started dancing around. There was my fish, completely covered with dry leaves. That one 'flop' really saved my day!"

Another childhood laugh that Harder recalls happened when he was 12 and the family had just arrived in Columbus.

"I didn't go fishing when we came here and finally Dad asked me why. I told him I was waiting for the Scioto River to clear up. I had never seen muddy water before, only our clear mountain streams."

Harder married, moved to the Hilltop in 1923 and raised three children. A former railroader, he retired in 1939.

Following the death of his wife, he began spending his winters in Leesburg, Fla., where he amazed the fishing experts with his casting marksmanship.

Was Casting Authority

It didn't take long before [illegible] had 'casting classes' going on every evening at the local lakes. He also helped the Florida fishermen organize a casting club, patterned after the Columbus club.

"I surely got a lot of publicity," the casting expert remarked. "The Chamber of Commerce asked me to start the classes. I made radio speeches, used a loud speaker for classes. It was quite a thing. I kept this up from November through May for four years.

"I haven't gone down for the past few years though," he went on. "I'm getting older and now that I've sold my car, I don't travel much."

Selling the car has cut down on fishing trips, too. "I have to depend on friends and my children to cart me around now," he said.

His children include a daughter in Indiana, a son in Arlington, and a daughter, Mrs. LeRoy Hubbard at 3043 Olive-st. He also has a grandson stationed in Germany, and three granddaughters.

Any final words of advice for struggling young fishermen? "I find that I can get more action with at least a six-foot casting rod," he suggested, "and I find that I can get more fish with artificial bait."

"However, nobody but himself can teach a person to fish. Even after 80 years, it's still pretty hard to outsmart a 'smart' fish!"

Contest Set At Glenwood

The West Side Freckle Contest was being held this afternoon at Glenwood Recreation Center. Winners of the playground freckle contests are eligible for the Sectional Freckle Contest. Playgrounds participating are Sullivant Gardens, Sunshine, Haunts, Highland, Glenwood, Westgate, Mound Street and South View. The boy and girl sectional winners will receive certificates. The sectional winners will then compete in the city-wide Freckle Contest at City Hall on June 20 at 2 p.m.

The Freckle Contest is sponsored by the Columbus Recreation Department and co-sponsored by the Columbus Citizen.

For Your Thoughts

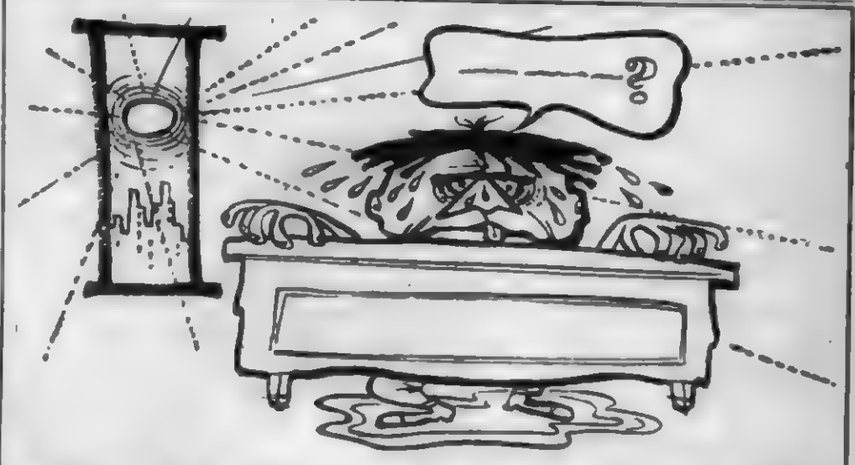
Question: Do you think American servicemen should be judged in a foreign court of law?

Mrs. Merrill V. Jones, 50 N. Terrace-av: "It does depend on the circumstances but I do feel that if the serviceman is on duty he is entitled to an American trial and if he's off duty he should receive a foreign trial. However, I would certainly hate to have to decide the problem."

Mrs. Rosalind Schadewald, 204 S. Central-av: "No, I don't think they should. After all, they're American citizens and I think they should be entitled to an American trial."

Mrs. Hugh Stimson, 651 Wiltshire-rd: "I think in the case of Girard, the army should try him since he was on duty at the time. Actually, I think servicemen should be entitled to an American trial."

Mrs. Claire A. Wiseman, 116 S. Sylvan-av: "No, I don't. Since it's never been done before, I don't think it's fair now. I think our servicemen deserve an American trial."



Mrs. Denver Young, 112 Columbian-av: "It does depend on what they've done but I do think they should have an American trial . . . or perhaps the foreign government could conduct a trial in this country to get both sides of it."

Dr. Newton Miller Oldest Chiropractor On Hilltop

Dr. Newton Miller

Dr.. Newton T. Miller of 2845 W. Broad-st, was the first chiropractor and electrotherapist on the Hilltop.

The kindly doctor started his practice 37 years ago after he graduated from the Palmer School of Chiropractors. Before that, he graduated from premedical school at Ohio State where he received his BA degree.

Later he taught school at Green Springs High School for four years where he served as principal and coach of athletics. He also taught night school at the Dickinson School of Chiropractors in Columbus for one year.

Dr. Miller has noted a "decided improvement of equipment" connected with his specialized treatments in the past five years and that big industries and companies are now hiring their own chiropractors.

Dr. Miller and his wife, Grace who has been a "great help" in his work, raised their two nephews, Don and Paul Rodgers, since they were little boys. "They're our family" smiled the doctor. "Even though they're both married, they still come over and see us often." Don and Paul, who both live on the Hilltop, were outstanding athletes at West High.

Dr. Miller used to be "quite active" in sports and dancing, but now prefers to "just relax and read historical novels." He's also an avid fan of the clinical journals.

His wife Grace "loves flowers, especially petunias." They live in half a double which houses his office on the other side. His office hours are from 9 a.m. to noon; 1-5 p.m.; and 6-9 p.m.

An HBA member, Dr. Miller is a charter member of the American Legion, Camp Chase Post 98, belongs to the YMCA, and is a member of Pi Kappa Alpha fraternity.

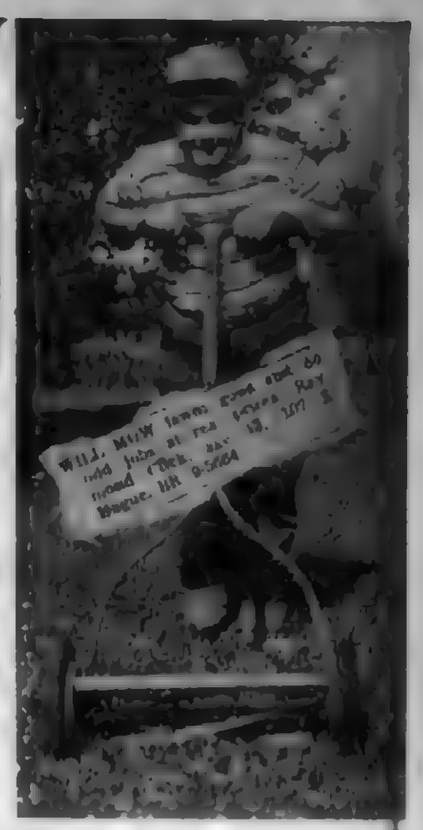
WANT ADS HIT THE MARK

Found--Summer Jobs!



Given an opportunity to place free want ads in this newspaper recently, 60 youngsters advertised everything from Angora kittens to lawn mowing services. Here Cheryl Campbell, 731 S. Ogden-av (right), sells a 20-inch girl's bike to six-year-old Karen Sue Gilmore, 3131 Mary-av. Cheryl is the daughter of Mr. and Mrs. C. R. Campbell and Karen belongs to Mr. and Mrs. Don Gilmore.

Baby-sitting stood out among the gals' "want ads." One lucky "sitter" was Naida Ryan, 697 S. Ogden-av, shown here with four of her five charges. Clockwise, they are: Linda, Frances, Harold and Mike Stone, children of Mr. and Mrs. Harold Stone, 1725 Laurel-av. Mike's twin, Tom, was in bed at the time.

YARD WORK AND LAWN-MOWING were the most popular offers among the boys. One successful advertiser was 11-year-old Pat Somers, 117 N. Wheatland-av (left) who was hired to dig up weeds and clean up a lady's yard. Raymond Click, 12, of 287 S. Hague-av, earned $1.20 mowing a lawn and 15 cents an errand for his neighbors. Between mowings, Raymond works as a paper boy for The Hilltop Record. Pat is the son of Mr. and Mrs. M. J. Somers, and Raymond's parents are Mr. and Mrs. Orville Click.

Speaking of Beauty

By Katherine Florio

Expert Stylist and Hair Colorist

NOTE — Again this week Katherine Florio is pinch hitting for her brother Joseph Florio.

"FINE HAIR needs special care." Today this old phrase may be revised. There are many new tricks that make fine hair easier to handle . . . . Take the problem of permanents, for instance. New professional waves, specially formulated, give fine hair extra body without frizzing. (We usually recommend a soft permanent for hair like yours; regardless of what you may have been told, fine hair does not require a strong permanent in order to curl!)

-f-

PROFESSIONAL WRAPPING is half the secrets, really. You'll note we take special pains with your baby-fine hair. This is because it usually lacks elasticity. We wrap it on the curling rods extra-gently. Then we time it carefully, check it constantly. the PROFESSIONAL way!

-f-

WE USE a truly mild shampoo for your hair, so it won't strip tresses of needed oils. (Some of the detergent "home" shampoos may leave fine hair bone-dry!) And we are careful to keep your dryer lukewarm. We'll design a hairstyle that's easy for you to manage—fine hair needs treatment between salon visits sometimes, even though we set it with new professional lotions that give the best foundation any wave ever had.

-f-

TO GIVE your hair the extra body it requires, put in a few well-placed pincurls occasionally. (We'll show you how . . . just ask!) After your hair is up, and before it's dry, spray it lightly. (We'll recommend the right hair spray, too.) Brush your hair often, and brush it well. To keep that pretty gleam, cover your brush with soft gauze. This absorbs extra oil and soil . . . and ah, how it polishes the hair! And each time you comb it, finish with a flick of hair spray to prevent that "wispy" fine-hair look.

-f-

LAST WORD: Fine hair "handles" better when it's quite short . . . never resort to that old pinned-back pony-tail look! You need the youthful softness of waves and curls near your face.
